4. As used in this section, "first responder" means any person trained and authorized by law or rule to render emergency medical assistance or treatment. Such persons may include, but shall not be limited to, emergency first responders, police officers, sheriffs, deputy sheriffs, firefighters, or emergency medical technicians.

192.2510. 1. All persons providing protective services to eligible adults, as such terms are defined in section 192.2400, and who have direct contact with such adults, shall be required to complete at least three hours of training within the first sixty days of employment. The training shall include the following:

(1) Requirements to report animal abuse or neglect and the penalties associated with failure to report under section 273.410;

(2) How to identify animal abuse or neglect;

(3) How to make a report of animal abuse or neglect; and

(4) The relationship between eligible adult abuse or neglect and animal abuse or neglect.

2. The department of health and senior services, in consultation with animal welfare associations, shall develop or adapt and use available training materials for the training required under this section. Persons required to complete training under this section shall be provided with opportunities to do so during regular working hours.

3. As used in this section, the following terms shall mean:

(1) "Animal", the same meaning as in section 578.029, except the term "animal" shall exclude livestock as that term is defined in section 265.300;

(2) "Animal welfare association", a nonprofit organization that is established to promote animal welfare, is recognized by the Internal Revenue Service as tax exempt under the provisions of the Internal Revenue Code Section 501(c)(3) or 501(c)(4), or the corresponding section of any future tax code, and is registered with the secretary of state under chapter 355.

210.115. 1. When any physician, medical examiner, coroner, dentist, chiropractor, optometrist, podiatrist, resident, intern, nurse, hospital or clinic personnel that are engaged in the examination, care, treatment or research of persons, and any other health practitioner, psychologist, mental health professional, social worker, day care center worker or other child-care worker, juvenile officer, probation or parole officer, jail or detention center personnel, teacher, principal or other school official, minister as provided by section 352.400, peace officer or law enforcement official, animal control officer, animal humane investigator as defined in section 273.415, volunteer or personnel of a community service program that offers support services for families in crisis to assist in the delegation of any powers regarding the care and custody of a child by a properly executed power of attorney pursuant to sections 475.600 to 475.604, or other person with responsibility for the care of children has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or observes a child being subjected to conditions or circumstances which would reasonably result in abuse or neglect, that person shall immediately report to the division in accordance with the provisions of sections 210.109 to 210.183. No internal investigation shall be initiated until such a report has been made. As used in this section, the term "abuse" is not

1 limited to abuse inflicted by a person responsible for the child's care, custody and control as  
2 specified in section 210.110, but shall also include abuse inflicted by any other person.

3 2. If two or more members of a medical institution who are required to report jointly have  
4 knowledge of a known or suspected instance of child abuse or neglect, a single report may be made  
5 by a designated member of that medical team. Any member who has knowledge that the member  
6 designated to report has failed to do so shall thereafter immediately make the report. Nothing in this  
7 section, however, is meant to preclude any person from reporting abuse or neglect.

8 3. The reporting requirements under this section are individual, and no supervisor or  
9 administrator may impede or inhibit any reporting under this section. No person making a report  
10 under this section shall be subject to any sanction, including any adverse employment action, for  
11 making such report. Every employer shall ensure that any employee required to report pursuant to  
12 subsection 1 of this section has immediate and unrestricted access to communications technology  
13 necessary to make an immediate report and is temporarily relieved of other work duties for such  
14 time as is required to make any report required under subsection 1 of this section.

15 4. Notwithstanding any other provision of sections 210.109 to 210.183, any child who does  
16 not receive specified medical treatment by reason of the legitimate practice of the religious belief of  
17 the child's parents, guardian, or others legally responsible for the child, for that reason alone, shall  
18 not be found to be an abused or neglected child, and such parents, guardian or other persons legally  
19 responsible for the child shall not be entered into the central registry. However, the division may  
20 accept reports concerning such a child and may subsequently investigate or conduct a family  
21 assessment as a result of that report. Such an exception shall not limit the administrative or judicial  
22 authority of the state to ensure that medical services are provided to the child when the child's health  
23 requires it.

24 5. In addition to those persons and officials required to report actual or suspected abuse or  
25 neglect, any other person may report in accordance with sections 210.109 to 210.183 if such person  
26 has reasonable cause to suspect that a child has been or may be subjected to abuse or neglect or  
27 observes a child being subjected to conditions or circumstances which would reasonably result in  
28 abuse or neglect.

29 6. Any person or official required to report pursuant to this section, including employees of  
30 the division, who has probable cause to suspect that a child who is or may be under the age of  
31 eighteen, who is eligible to receive a certificate of live birth, has died shall report that fact to the  
32 appropriate medical examiner or coroner. If, upon review of the circumstances and medical  
33 information, the medical examiner or coroner determines that the child died of natural causes while  
34 under medical care for an established natural disease, the coroner, medical examiner or physician  
35 shall notify the division of the child's death and that the child's attending physician shall be signing  
36 the death certificate. In all other cases, the medical examiner or coroner shall accept the report for  
37 investigation, shall immediately notify the division of the child's death as required in section 58.452  
38 and shall report the findings to the child fatality review panel established pursuant to section  
39 210.192.

1           7. Any person or individual required to report may also report the suspicion of abuse or  
2 neglect to any law enforcement agency or juvenile office. Such report shall not, however, take the  
3 place of reporting to the division.

4           8. If an individual required to report suspected instances of abuse or neglect pursuant to this  
5 section has reason to believe that the victim of such abuse or neglect is a resident of another state or  
6 was injured as a result of an act which occurred in another state, the person required to report such  
7 abuse or neglect may, in lieu of reporting to the Missouri children's division, make such a report to  
8 the child protection agency of the other state with the authority to receive such reports pursuant to  
9 the laws of such other state. If such agency accepts the report, no report is required to be made, but  
10 may be made, to the children's division.

11           9. For the purposes of providing supportive services or verifying the status of a youth as  
12 unaccompanied or homeless for the purposes of accessing supportive services, the fact that a child is  
13 an unaccompanied youth as defined in 42 U.S.C. Section 11434a(6) is not, in and of itself, a  
14 sufficient basis for reporting child abuse or neglect, unless the child is under sixteen years of age or  
15 is an incapacitated person, as defined in section 475.010. Nothing in this subsection shall limit a  
16 mandated reporter from making a report under this section if the mandated reporter knows or has  
17 reasonable cause to suspect that an unaccompanied youth has been or may be a victim of abuse or  
18 neglect.

19           210.191. 1. All children's division employees, and contractors for children's services, who  
20 have direct contact with children through the state's child protection and welfare system shall be  
21 required to complete at least three hours of training within the first sixty days of employment or  
22 contract. The training shall include the following:

23           (1) Requirements to report animal abuse or neglect and the penalties associated with failure  
24 to report under section 273.410;

25           (2) How to identify animal abuse or neglect;

26           (3) How to make a report of animal abuse or neglect; and

27           (4) The relationship between child abuse or neglect and animal abuse or neglect.

28           2. The division, in consultation with animal welfare associations, shall develop or adapt and  
29 use available training materials for the training required under this section. Persons required to  
30 complete training under this section shall be provided with opportunities to do so during regular  
31 working hours.

32           3. As used in this section, the following terms shall mean:

33           (1) "Animal", the same meaning as in section 578.029, except the term "animal" shall  
34 exclude livestock as that term is defined in section 265.300;

35           (2) "Animal welfare association", the same meaning as in section 192.2510."; and  
36
