 38 practical knowledge of funeral directing, funeral home licensing, preneed funeral contracts and the  
 39 care, custody, shelter, disposition and transportation of dead human bodies. Upon acceptance of the

1 application and fees by the board, an applicant shall have twenty-four months to successfully  
 2 complete the requirements for licensure found in this section or the application for licensure shall be  
 3 cancelled.

 18 requirements for licensure as a funeral director pursuant to subsection 1 of section 333.041 and  
 19 subsection 1 of this section; however, the individual is exempt from the twelve-month  
 20 apprenticeship required by subsection 1 of this section.] Except as otherwise provided in this  
 21 section, an applicant for a funeral director license not entitled to a license under section 333.051 or

 29 Funeral Service Education, any successor organization, or other accrediting entity as approved by  
 30 the board and received passing scores on the National Board Examination-Arts and the Missouri law

 32 Arts, a passing score on an administration of the Missouri arts examination that occurred before the  
 33 International Conference of Funeral Service Examining Boards ended all administrations of the  
 34 Missouri arts examination on January 1, 2023; or

35 (b) Made application for a funeral director provisional license and successfully either:

36 a. Within twenty-four months of receipt of the provisional license:

37 (i) Completed a twelve-month qualifying funeral director apprentice program as determined  
 38 by the board during which the applicant arranged and conducted ten funeral services. Such program  
 39 shall be under the personal supervision of a funeral director licensed under this chapter and in a

Missouri funeral establishment licensed for the care and preparation for burial and transportation of the human dead in this state; and

(ii) Received passing scores on the National Board Examination-Arts and the Missouri law examination. The board may accept, in lieu of a passing score on the National Board Examination-Arts, a passing score on an administration of the Missouri arts examination that occurred before the International Conference of Funeral Service Examining Boards ended all administrations of the Missouri arts examination on January 1, 2023; or

b. Within thirty-six months of receipt of the provisional license:

A person holding a limited funeral director license may perform duties related to cremation. To qualify for a limited funeral director license, an applicant shall be eighteen years of age or older and shall make application with the board, pay applicable fees, and successfully complete the Missouri law examination. Completion of a qualifying funeral director apprentice program shall not be required to obtain a limited funeral director license.

5. The board shall, at its discretion and upon written request, waive individual funeral director licensure requirements for up to six months if there is an absence of a funeral director in charge due to the death or disability of the licensed funeral director and there is no other licensed funeral director available to discharge the director's duties. A waiver under this subsection shall allow the spouse, next of kin, personal representative, or conservator of the absent director to conduct business until a licensed funeral director can be obtained or business arrangements are made to close or sell the establishment. The waiver shall not allow for any services to be provided for which formal funeral service education is required.

6. As used in this section, the following terms mean:

4 hour requirements for funeral directing tasks as set by the board and in which the supervising  
5 funeral director has attested that the apprentice has obtained the minimal required skills to practice
