36 this subsection shall be submitted with any applicable taxes which may be due on the purchase of

38 Vehicle", "Motor Change Vehicle", "Non-USA-Std Motor Vehicle", or "Specially Constructed

1 Motor Vehicle" on the current and all subsequent issues of the certificate of ownership of such  
2 vehicle.

3 5. Every insurance company that pays a claim for repair of a motor vehicle which as the  
4 result of such repairs becomes a reconstructed motor vehicle as defined in section 301.010 or that  
5 pays a claim on a salvage vehicle as defined in section 301.010 and the owner is retaining the  
6 vehicle shall in writing notify the owner of the vehicle, and in a first party claim, the lienholder if a  
7 lien is in effect, that he is required to surrender the certificate of ownership, and the documents and  
8 fees required pursuant to subsection 4 of this section to obtain a prior salvage motor vehicle  
9 certificate of ownership or documents and fees as otherwise required by law to obtain a salvage  
10 certificate of ownership, from the director of revenue. The insurance company shall within thirty  
11 days of the payment of such claims report to the director of revenue the name and address of such  
12 owner, the year, make, model, vehicle identification number, and license plate number of the  
13 vehicle, and the date of loss and payment.

14 6. Anyone who fails to comply with the requirements of this section shall be guilty of a  
15 class B misdemeanor.

16 7. An applicant for registration may make a donation of one dollar to promote a blindness  
17 education, screening and treatment program. The director of revenue shall collect the donations and  
18 deposit all such donations in the state treasury to the credit of the blindness education, screening and  
19 treatment program fund established in section 209.015. Moneys in the blindness education,  
20 screening and treatment program fund shall be used solely for the purposes established in section  
21 209.015; except that the department of revenue shall retain no more than one percent for its  
22 administrative costs. The donation prescribed in this subsection is voluntary and may be refused by  
23 the applicant for registration at the time of issuance or renewal. The director shall inquire of each  
24 applicant at the time the applicant presents the completed application to the director whether the  
25 applicant is interested in making the one dollar donation prescribed in this subsection.

26 8. An applicant for registration may make a donation of an amount not less than one dollar  
27 to promote an organ donor program. The director of revenue shall collect the donations and deposit  
28 all such donations in the state treasury to the credit of the organ donor program fund as established  
29 in sections 194.297 to 194.304. Moneys in the organ donor fund shall be used solely for the  
30 purposes established in sections 194.297 to 194.304, except that the department of revenue shall  
31 retain no more than one percent for its administrative costs. The donation prescribed in this  
32 subsection is voluntary and may be refused by the applicant for registration at the time of issuance  
33 or renewal. The director shall inquire of each applicant at the time the applicant presents the  
34 completed application to the director whether the applicant is interested in making a contribution not  
35 less than one dollar as prescribed in this subsection.

36 9. An applicant for registration may make a donation of one dollar to the Missouri medal of  
37 honor recipients fund. The director of revenue shall collect the donations and deposit all such  
38 donations in the state treasury to the credit of the Missouri medal of honor recipients fund as  
39 established in section 226.925. Moneys in the medal of honor recipients fund shall be used solely

1 for the purposes established in section 226.925, except that the department of revenue shall retain no  
2 more than one percent for its administrative costs. The donation prescribed in this subsection is  
3 voluntary and may be refused by the applicant for registration at the time of issuance or renewal.  
4 The director shall inquire of each applicant at the time the applicant presents the completed  
5 application to the director whether the applicant is interested in making the one dollar donation  
6 prescribed in this subsection.

7       301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate  
8 therefor, shall be issued by the director of revenue unless the applicant therefor shall make  
9 application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall  
10 present satisfactory evidence that such certificate has been previously issued to the applicant for  
11 such motor vehicle or trailer. Application shall be made within thirty days after the applicant  
12 acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or  
13 subsection 5 of section 301.210 in which case the applicant shall make application within thirty days  
14 after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall  
15 contain the applicant's identification number, a full description of the motor vehicle or trailer, the  
16 vehicle identification number, and the mileage registered on the odometer at the time of transfer of  
17 ownership, as required by section 407.536, together with a statement of the applicant's source of title  
18 and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause  
19 shown the director of revenue may extend the period of time for making such application. When an  
20 owner wants to add or delete a name or names on an application for certificate of ownership of a  
21 motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the  
22 notice of lien, the owner shall provide the director with documentation evidencing the lienholder's  
23 authorization to add or delete a name or names on an application for certificate of ownership.

24       2. The director of revenue shall use reasonable diligence in ascertaining whether the facts  
25 stated in such application are true and shall, to the extent possible without substantially delaying  
26 processing of the application, review any odometer information pertaining to such motor vehicle  
27 that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of  
28 such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the  
29 director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of  
30 his office, procured and used for such purpose. The certificate shall contain on its face a complete  
31 description, vehicle identification number, and other evidence of identification of the motor vehicle  
32 or trailer, as the director of revenue may deem necessary, together with the odometer information  
33 required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens  
34 or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has  
35 been transferred, the name of the state issuing the transferor's title and whether the transferor's  
36 odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is  
37 materially different from the number of miles shown on the odometer, or is unknown.

38       3. The director of revenue shall appropriately designate on the current and all subsequent  
39 issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle",

1 "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section  
2 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor  
3 vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face  
4 thereof the following designation: "Annual odometer updates may be available from the department  
5 of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof  
6 the most recent of either:

7 (1) The mileage information included on the face of the immediately prior certificate and  
8 the date of purchase or issuance of the immediately prior certificate; or

9 (2) Any other mileage information provided to the director of revenue, and the date the  
10 director obtained or recorded that information.

11 4. The certificate of ownership issued by the director of revenue shall be manufactured in a  
12 manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such  
13 certificate without ready detection. In order to carry out the requirements of this subsection, the  
14 director of revenue may contract with a nonprofit scientific or educational institution specializing in  
15 the analysis of secure documents to determine the most effective methods of rendering Missouri  
16 certificates of ownership nonalterable or noncounterfeitable.

17 5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in  
18 addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is  
19 not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle  
20 was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to  
21 make application within thirty days after receiving title from the dealer, a delinquency penalty fee of  
22 twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty  
23 days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be  
24 waived by the director for a good cause shown. If the director of revenue learns that any person has  
25 failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the  
26 motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the  
27 applicant fails to make application within thirty days after receiving title from the dealer, or has sold  
28 a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in  
29 the name of the person, either as sole owner or as a co-owner, and shall notify the person that the  
30 cancellation will remain in force until the person pays the delinquency penalty fee provided in this  
31 section, together with all fees, charges and payments which the person should have paid in  
32 connection with the certificate of ownership and registration of the vehicle. The certificate shall be  
33 good for the life of the motor vehicle or trailer so long as the same is owned or held by the original  
34 holder of the certificate and shall not have to be renewed annually.

35 6. Any applicant for a certificate of ownership requesting the department of revenue to  
36 process an application for a certificate of ownership in an expeditious manner requiring special  
37 handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

1           7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to  
2 be registered under the provisions of the law unless a certificate of ownership has been applied for  
3 as provided in this section.

4           8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle  
5 and a verification of vehicle identification numbers shall be made by the Missouri state highway  
6 patrol on vehicles for which there is a current title issued by another state if a Missouri salvage  
7 certificate of title has been issued for the same vehicle but no prior inspection and verification has  
8 been made in this state, except that if such vehicle has been inspected in another state by a law  
9 enforcement officer in a manner comparable to the inspection process in this state and the vehicle  
10 identification numbers have been so verified, the applicant shall not be liable for the twenty-five  
11 dollar inspection fee if such applicant submits proof of inspection and vehicle identification number  
12 verification to the director of revenue at the time of the application. The applicant, who has such a  
13 title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of  
14 twenty-five dollars for such verification and inspection, payable to the director of revenue at the  
15 time of the request for the application, which shall be deposited in the state treasury to the credit of  
16 the state highways and transportation department fund.

17           9. Each application for an original Missouri certificate of ownership for a vehicle which is  
18 classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor  
19 change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue  
20 shall be accompanied by a vehicle examination certificate issued by the Missouri state highway  
21 patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle  
22 examination shall include a verification of vehicle identification numbers and a determination of the  
23 classification of the vehicle. The owner of a vehicle which requires a vehicle examination  
24 certificate shall present the vehicle for examination and obtain a completed vehicle examination  
25 certificate prior to submitting an application for a certificate of ownership to the director of revenue.  
26 Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle  
27 which has been issued a salvage title and which is ten years of age or older to a vehicle examination  
28 described in this subsection in order to obtain a certificate of ownership with the designation prior  
29 salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance  
30 in order to pass or complete the vehicle examination. The fee for the vehicle examination  
31 application shall be twenty-five dollars and shall be collected by the director of revenue at the time  
32 of the request for the application and shall be deposited in the state treasury to the credit of the state  
33 highways and transportation department fund. If the vehicle is also to be registered in Missouri, the  
34 safety inspection required in chapter 307 and the emissions inspection required under chapter 643  
35 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to  
36 the owner.

37           10. When an application is made for an original Missouri certificate of ownership for a  
38 motor vehicle previously registered or titled in a state other than Missouri or as required by section  
39 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official

inspection station as described in chapter 307, except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture. The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch, [the United States Coast Guard or reserve,] the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former

1 member of any such branch of service as the director may require. Upon presentation of the proof  
2 of eligibility and annual payment of the fee required for personalized license plates in section  
3 301.144, and other fees and documents which may be required by law, the department shall issue  
4 personalized license plates which shall bear the seal, logo or emblem, along with a word or words  
5 designating the branch or subdivision of such service for which the person applies. All seals, logos,  
6 emblems or special symbols shall become an integral part of the license plate; however, no plate  
7 shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall  
8 be approved by the advisory committee established in section 301.129 and by the branch or  
9 subdivision of such service or the Marine Corps League prior to issuing such plates. The plates  
10 shall have a white background with a blue and red configuration at the discretion of the advisory  
11 committee established in section 301.129. The plates shall be clearly visible at night and shall be  
12 aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a  
13 vendor for the material to manufacture the license plates authorized by this section shall consider the  
14 aesthetic appearance of the plate. The director of revenue shall make necessary rules and  
15 regulations for the enforcement of this section, and shall design all necessary forms. All license  
16 plates issued under this provision must be renewed in accordance with law. License plates issued  
17 under the provisions of this section shall not be transferable to any other person, except that any  
18 registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the  
19 duration of the year licensed, in the event of the death of the qualified applicant.

20         301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for  
21 any motor vehicle such person owns, either solely or jointly, other than an apportioned motor  
22 vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross  
23 weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation  
24 heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed  
25 on multiyear license plates as provided in this section. Any vehicle owner may annually apply for  
26 the use of the emblems.

27         2. Upon annual application and payment of a twenty-five dollar emblem-use authorization  
28 fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner,  
29 without further charge, an emblem-use authorization statement, which shall be presented to the  
30 director of the department of revenue at the time of registration of a motor vehicle.

31         3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to  
32 the regular registration fees and documents which may be required by law, the director of the  
33 department of revenue shall issue a license plate, which shall bear an emblem of the Missouri  
34 conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such  
35 license plates shall be made with fully reflective material with a common color scheme and design,  
36 shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section  
37 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for  
38 the personalization of license plates pursuant to this section.

1           4. Application for the emblem-use authorization and payment of the twenty-five-dollar  
 2 contribution may also be made at the time of registration to the director of the department of  
 3 revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage  
 4 foundation.

5           5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage  
 6 foundation emblem authorized by this section but who does not provide an emblem-use  
 7 authorization statement at a subsequent time of registration, shall be issued a new plate which does  
 8 not bear the foundation emblem, as otherwise provided by law.

9           [5:] 6. The director of the department of revenue may promulgate rules and regulations for  
 10 the administration of this section. Any rule or portion of a rule, as that term is defined in section  
 11 536.010, that is promulgated under the authority delegated in this section shall become effective  
 12 only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority  
 13 delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall  
 14 be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if
