33 fees required pursuant to subsection 4 of this section to obtain a prior salvage motor vehicle  
34 certificate of ownership or documents and fees as otherwise required by law to obtain a salvage

36 days of the payment of such claims report to the director of revenue the name and address of such  
37 owner, the year, make, model, vehicle identification number, and license plate number of the  
38 vehicle, and the date of loss and payment.

2 class B misdemeanor.

3           7. An applicant for registration may make a donation of one dollar to promote a blindness  
4 education, screening and treatment program. The director of revenue shall collect the donations and  
5 deposit all such donations in the state treasury to the credit of the blindness education, screening and  
6 treatment program fund established in section 209.015. Moneys in the blindness education,  
7 screening and treatment program fund shall be used solely for the purposes established in section  
8 209.015; except that the department of revenue shall retain no more than one percent for its  
9 administrative costs. The donation prescribed in this subsection is voluntary and may be refused by  
10 the applicant for registration at the time of issuance or renewal. The director shall inquire of each  
11 applicant at the time the applicant presents the completed application to the director whether the  
12 applicant is interested in making the one dollar donation prescribed in this subsection.

13           8. An applicant for registration may make a donation of an amount not less than one dollar  
14 to promote an organ donor program. The director of revenue shall collect the donations and deposit  
15 all such donations in the state treasury to the credit of the organ donor program fund as established  
16 in sections 194.297 to 194.304. Moneys in the organ donor fund shall be used solely for the  
17 purposes established in sections 194.297 to 194.304, except that the department of revenue shall  
18 retain no more than one percent for its administrative costs. The donation prescribed in this  
19 subsection is voluntary and may be refused by the applicant for registration at the time of issuance  
20 or renewal. The director shall inquire of each applicant at the time the applicant presents the  
21 completed application to the director whether the applicant is interested in making a contribution not  
22 less than one dollar as prescribed in this subsection.

23           9. An applicant for registration may make a donation of one dollar to the Missouri medal of  
24 honor recipients fund. The director of revenue shall collect the donations and deposit all such  
25 donations in the state treasury to the credit of the Missouri medal of honor recipients fund as  
26 established in section 226.925. Moneys in the medal of honor recipients fund shall be used solely  
27 for the purposes established in section 226.925, except that the department of revenue shall retain no  
28 more than one percent for its administrative costs. The donation prescribed in this subsection is  
29 voluntary and may be refused by the applicant for registration at the time of issuance or renewal.  
30 The director shall inquire of each applicant at the time the applicant presents the completed  
31 application to the director whether the applicant is interested in making the one dollar donation  
32 prescribed in this subsection.

33           301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate  
34 therefor, shall be issued by the director of revenue unless the applicant therefor shall make  
35 application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall  
36 present satisfactory evidence that such certificate has been previously issued to the applicant for  
37 such motor vehicle or trailer. Application shall be made within thirty days after the applicant  
38 acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or  
39 subsection 5 of section 301.210 in which case the applicant shall make application within thirty days

1 after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall  
2 contain the applicant's identification number, a full description of the motor vehicle or trailer, the  
3 vehicle identification number, and the mileage registered on the odometer at the time of transfer of  
4 ownership, as required by section 407.536, together with a statement of the applicant's source of title  
5 and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause  
6 shown the director of revenue may extend the period of time for making such application. When an  
7 owner wants to add or delete a name or names on an application for certificate of ownership of a  
8 motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the  
9 notice of lien, the owner shall provide the director with documentation evidencing the lienholder's  
10 authorization to add or delete a name or names on an application for certificate of ownership.

11 2. The director of revenue shall use reasonable diligence in ascertaining whether the facts  
12 stated in such application are true and shall, to the extent possible without substantially delaying  
13 processing of the application, review any odometer information pertaining to such motor vehicle  
14 that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of  
15 such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the  
16 director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of  
17 his office, procured and used for such purpose. The certificate shall contain on its face a complete  
18 description, vehicle identification number, and other evidence of identification of the motor vehicle  
19 or trailer, as the director of revenue may deem necessary, together with the odometer information  
20 required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens  
21 or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has  
22 been transferred, the name of the state issuing the transferor's title and whether the transferor's  
23 odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is  
24 materially different from the number of miles shown on the odometer, or is unknown.

25 3. The director of revenue shall appropriately designate on the current and all subsequent  
26 issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle",  
27 "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section  
28 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor  
29 vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face  
30 thereof the following designation: "Annual odometer updates may be available from the department  
31 of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof  
32 the most recent of either:

33 (1) The mileage information included on the face of the immediately prior certificate and  
34 the date of purchase or issuance of the immediately prior certificate; or

35 (2) Any other mileage information provided to the director of revenue, and the date the  
36 director obtained or recorded that information.

37 4. The certificate of ownership issued by the director of revenue shall be manufactured in a  
38 manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such  
39 certificate without ready detection. In order to carry out the requirements of this subsection, the

1 director of revenue may contract with a nonprofit scientific or educational institution specializing in  
2 the analysis of secure documents to determine the most effective methods of rendering Missouri  
3 certificates of ownership nonalterable or noncounterfeitable.

4 5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in  
5 addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is  
6 not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle  
7 was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to  
8 make application within thirty days after receiving title from the dealer, a delinquency penalty fee of  
9 twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty  
10 days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be  
11 waived by the director for a good cause shown. If the director of revenue learns that any person has  
12 failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the  
13 motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the  
14 applicant fails to make application within thirty days after receiving title from the dealer, or has sold  
15 a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in  
16 the name of the person, either as sole owner or as a co-owner, and shall notify the person that the  
17 cancellation will remain in force until the person pays the delinquency penalty fee provided in this  
18 section, together with all fees, charges and payments which the person should have paid in  
19 connection with the certificate of ownership and registration of the vehicle. The certificate shall be  
20 good for the life of the motor vehicle or trailer so long as the same is owned or held by the original  
21 holder of the certificate and shall not have to be renewed annually.

22 6. Any applicant for a certificate of ownership requesting the department of revenue to  
23 process an application for a certificate of ownership in an expeditious manner requiring special  
24 handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

25 7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to  
26 be registered under the provisions of the law unless a certificate of ownership has been applied for  
27 as provided in this section.

28 8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle  
29 and a verification of vehicle identification numbers shall be made by the Missouri state highway  
30 patrol on vehicles for which there is a current title issued by another state if a Missouri salvage  
31 certificate of title has been issued for the same vehicle but no prior inspection and verification has  
32 been made in this state, except that if such vehicle has been inspected in another state by a law  
33 enforcement officer in a manner comparable to the inspection process in this state and the vehicle  
34 identification numbers have been so verified, the applicant shall not be liable for the twenty-five  
35 dollar inspection fee if such applicant submits proof of inspection and vehicle identification number  
36 verification to the director of revenue at the time of the application. The applicant, who has such a  
37 title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of  
38 twenty-five dollars for such verification and inspection, payable to the director of revenue at the

1 time of the request for the application, which shall be deposited in the state treasury to the credit of  
2 the state highways and transportation department fund.

3 9. Each application for an original Missouri certificate of ownership for a vehicle which is  
4 classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor  
5 change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue  
6 shall be accompanied by a vehicle examination certificate issued by the Missouri state highway  
7 patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle  
8 examination shall include a verification of vehicle identification numbers and a determination of the  
9 classification of the vehicle. The owner of a vehicle which requires a vehicle examination  
10 certificate shall present the vehicle for examination and obtain a completed vehicle examination  
11 certificate prior to submitting an application for a certificate of ownership to the director of revenue.  
12 Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle  
13 which has been issued a salvage title and which is ten years of age or older to a vehicle examination  
14 described in this subsection in order to obtain a certificate of ownership with the designation prior  
15 salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance  
16 in order to pass or complete the vehicle examination. The fee for the vehicle examination  
17 application shall be twenty-five dollars and shall be collected by the director of revenue at the time  
18 of the request for the application and shall be deposited in the state treasury to the credit of the state  
19 highways and transportation department fund. If the vehicle is also to be registered in Missouri, the  
20 safety inspection required in chapter 307 and the emissions inspection required under chapter 643  
21 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to  
22 the owner.

23 10. When an application is made for an original Missouri certificate of ownership for a  
24 motor vehicle previously registered or titled in a state other than Missouri or as required by section  
25 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official  
26 inspection station as described in chapter 307, except that such inspection may be completed by an  
27 employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who  
28 lives outside of this state and intends to register the vehicle outside of this state or for a motor  
29 vehicle having less than thirty thousand miles for the three-year period following the model year of  
30 manufacture. The completed form shall certify that the manufacturer's identification number for the  
31 vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading  
32 shown on the odometer at the time of inspection. The inspection station or, in the case of a motor  
33 vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of  
34 this state or a motor vehicle having less than thirty thousand miles for the three-year period  
35 following the model year of manufacture, the licensed new or used motor vehicle dealer shall collect  
36 the same fee as authorized in section 307.365 for making the inspection, and the fee shall be  
37 deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered  
38 in Missouri, the safety inspection required in chapter 307 and the emissions inspection required  
39 under chapter 643 shall be completed and only the fees required by section 307.365 and section

643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

(1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;

(2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;

(3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch, [the United States Coast Guard or reserve,] the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued

1 under the provisions of this section shall not be transferable to any other person, except that any  
2 registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the  
3 duration of the year licensed, in the event of the death of the qualified applicant.

4 307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is  
5 required to be registered in this state, except:

6 (1) Motor vehicles having less than one hundred fifty thousand miles~~[, for the ten-year~~  
7 ~~period following their model year of manufacture]~~ and of model year 2012 or newer, excluding prior  
8 salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions  
9 of section 307.380;

10 (2) Those motor vehicles which are engaged in interstate commerce and are proportionately  
11 registered in this state with the Missouri highway reciprocity commission, although the owner may  
12 request that such vehicle be inspected by an official inspection station, and a peace officer may stop  
13 and inspect such vehicles to determine whether the mechanical condition is in compliance with the  
14 safety regulations established by the United States Department of Transportation; and

15 (3) Historic motor vehicles registered pursuant to section 301.131;

16 (4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than  
17 twelve months;

18  
19 shall submit such vehicles to a biennial inspection of their mechanism and equipment in accordance  
20 with the provisions of sections 307.350 to 307.390 and obtain a certificate of inspection and  
21 approval and a sticker, seal, or other device from a duly authorized official inspection station. The  
22 inspection, except the inspection of school buses which shall be made at the time provided in section  
23 307.375, shall be made at the time prescribed in the rules and regulations issued by the  
24 superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be  
25 made more than sixty days prior to the date of application for registration or within sixty days of  
26 when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor  
27 vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new  
28 owner shall be able to utilize an inspection performed within ninety days prior to the application for  
29 registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be  
30 inspected and approved pursuant to the safety inspection program established pursuant to sections  
31 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an  
32 odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to  
33 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker,  
34 seal, or other device or combination thereof, as the superintendent of the Missouri state highway  
35 patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed  
36 by the regulations established by him. The replacement of certificates of inspection and approval  
37 which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol  
38 under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2.
