## FISCAL ANALYSIS

### ASSUMPTION

§§474.540, 474.542, 474.544, 474.546, 474.548, 474.550, 474.552, 474.554, 474.556, 474.558, 474.560, 474.562 & 474.564 – Electronic Estate Planning

Officials from the **Office of the State Courts Administrator**, the **Department of Commerce and Insurance**, the **Department of Economic Development** and the **Department of Health and Senior Services** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** notes that according to <https://trustandwill.com/learn/e-will>, electronic wills are only accepted in a few states currently. Some states have updated their statutes to allow e-wills. Electronic wills are now legal in Nevada, Florida, Indiana, and Arizona. Utah and Colorado have also recently adopted the Uniform Electronic Wills Act, which is a model law created by the Uniform Laws Commission. In other instances, some state courts have accepted e-wills on a case-by-case basis. COVID-19 also caused some courts to temporarily allow remote witnessing as an emergency measure.
