FISCAL ANALYSIS

ASSUMPTION

§64.231 – County Planning Board Hearing Notices

Oversight assumes this proposal modifies the section requiring notices of county planning board hearings be posted on the county’s website and repeals the notices to be posted at least 15 days in advance of the hearing in at least two places in each township. Oversight assumes this modification to the section will have no fiscal impact.

§251.034 – Regional Planning Commissions

Officials from the **Office of Administration - Budget and Planning (B&P)** assume the following regarding this proposal:

This legislation increases the amount of state funds Missouri regional planning commissions can receive under §251.034. Under this legislation, the annual funding cap for the East-West Gateway Coordinating Council and Mid-America Regional Council Regional Planning Commissions is raised from \$65,000 to \$130,000, while the remaining seventeen regional planning commission's annual funding caps are each increased from \$25,000 to \$50,000.

Regional planning commissions’ funding is subject to appropriation, so B&P assumes state costs could rise anywhere from \$0 - \$555,000 in fiscal year 2026. Further, the legislation mandates annual funding caps be adjusted with the consumer price index beginning in July, 2026, and each year after, so state costs could rise anywhere from \$0 - \$577,200 in fiscal year 2027 and from \$0 - \$599,844 in fiscal year 2028, assuming an inflation rate of 2% each year.

B&P assumes increased state distributions to regional planning commissions will be funded through the General Revenue Fund, as these grants are currently funded through General Revenue in §5.310 of HB 2005 (2025).

Oversight notes the regional planning commissions receive funds from the Office of Administration and are required to be matched with local funds. This proposal doubles those limits and also provides for adjustments with the consumer price index beginning July 1, 2026. Oversight will reflect amounts “Up to” the proposed new amounts as these are caps, not actual appropriations. Oversight will use an inflation rate of 2% to calculate the amounts for FY 2027 and beyond.

Regional Planning Commission	Current Cap on Funding	Proposed Cap on Funding
East-West	\$65,000	\$130,000
Mid-American Regional Council	\$65,000	\$130,000
South Central Ozark	\$25,000	\$50,000

FY 2022	\$388,000
FY 2023	\$543,200
FY 2024	\$543,200

Responses regarding the proposed legislation as a whole

Officials from the **Department of Economic Development**, the **Missouri Department of Transportation**, the **Southeast Missouri Regional Planning and Economic Development Commission** and the **State Tax Commission** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other counties, county recorders, county collectors, county treasurers and regional planning commissions were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

This act modifies provisions relating to planning boards.

COUNTY PLANNING BOARDS

Current law requires a county planning board to publish a notice of public hearing in at least two conspicuous places in each township prior to adopting a master plan. This act repeals such requirement and instead requires the notice of hearing to be posted on the county's website. (Section 64.231)

REGIONAL PLANNING COMMISSIONS

Under current law, state funds for the East-West Gateway Coordinating Council and for the Mid-America Regional Council are not to exceed \$65,000 and state funds for other regional planning commissions shall not exceed \$25,000. This act changes the sums to \$130,000 and \$50,000, respectively.

Additionally, this act removes the regional planning commissions of Show-Me, Missouri Valley, Ozark Gateway, ABCD, and Lakes County and adds Harry S. Truman, MO-Kan, Pioneer Trails, and Southwest Mo.

Finally, this act provides that beginning July 1, 2026, the maximum grant amount for each regional planning commission shall be adjusted with the consumer price index. (Section 251.034)

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
