FISCAL ANALYSIS

ASSUMPTION

§§ 383.200, 383.206, 538.205, and 538.210 – Tort actions based on improper health care

Officials from the **University of Missouri Health Care (MUHC)** have reviewed the proposed legislation and determined that as written it should not create expenses in excess of \$100,000 annually.

Oversight assumes the costs incurred by the MUHC related to this proposal can be absorbed within current resource levels.

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. However, the AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Department of Commerce and Insurance**, the **Department of Health and Senior Services**, the **Department of Labor and Industrial Relations**, the **Department of Public Safety**, **Missouri Veterans Commission**, the **Department of Social Services**, the **Office of Administration**, the **Office of the State Courts Administrator** and the **Missouri Office of Prosecution Services** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, hospitals and nursing homes were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – State Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028

<u>FISCAL IMPACT – Local Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028

FISCAL IMPACT – Small Business

Small business long-term care facilities could be impacted by this proposal.

FISCAL DESCRIPTION

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
