## FISCAL ANALYSIS

### ASSUMPTION

#### § 188.035 – Born-Alive Abortion Survivors Protection Act

In response to a previous version, officials from the **Department of Health and Senior Services (DHSS)** stated this proposal creates the Born-Alive Abortion Survivors Protection Act. The proposed legislation gives “a child born alive during or after an abortion the same rights, privileges, and immunities available to other persons, citizens, and residents of this state, including any other liveborn child.” The bill further adds requirements for care of the child and violation reporting, as well as allows for criminal, administrative, and civil liability for any person found in violation.

The Division of Regulation and Licensure’s (DRL) Section for Health Standards and Licensure (HSL) will be responsible for facility licensing, inspection, and complaints.

It is assumed that the Department can absorb the costs of this bill with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the DHSS will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the DHSS for fiscal note purposes.

In response to a previous version, officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. However, the AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

In response to a previous version, officials from the **Department of Corrections (DOC)** state although the bill repeals the potential to charge someone with murder in the second degree, which is a class A felony, department records do not allow for the identification of individuals whose convictions are based on actions outlined in the proposed legislation. Therefore, the DOC assumes no fiscal impact.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect no fiscal impact for this agency.

Officials from the **Department of Social Services** and the **Department of Public Safety - Missouri Highway Patrol** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

In response to a previous version, officials from the **Department of Commerce and Insurance**, the **Office of the State Public Defender**, the **Office of the State Courts Administrator** and the **Missouri Office of Prosecution Services** each assumed the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

House Amendment 1 - § 188.035

**Oversight** assumes House Amendment 1 will have no further fiscal impact than the impact mentioned above.

House Amendment 2 - § 188.035

**Oversight** assumes House Amendment 2 will have no further fiscal impact than the impact mentioned above.

House Amendment 1 to House Amendment 2 - § 188.035

**Oversight** assumes House Amendment 1 to House Amendment 2 will have no further fiscal impact than the impact mentioned above.
