FISCAL ANALYSIS

ASSUMPTION

§483.083 – Compensation of circuit clerks

Officials from the **Office of the State Courts Administrator (OSCA)** provide the following information:

- 1) In counties of the first classification each circuit clerk shall annually receive compensation in the amount of \$94,330;
- 2) In counties of the second or fourth classification each circuit clerk shall annually receive compensation in the amount of \$90,573;
- 3) In counties of the third classification each circuit clerk shall annually receive compensation in the amount of \$85,565.

The fiscal impact for circuit clerks would be a cost of \$1,455,972 annually to the General Revenue Fund.

Oversight notes the provisions of §483.083.3 are removed. In this provision, each person who was ordered by the judge to make child support payments through the clerk's office in Marion County was to be charged \$10 annually on/before February 1st with the fee to be paid to the state. Oversight has no way to determine the potential loss of this fee, but assumes it is less than \$250,000 annually. Therefore, for fiscal note purposes, Oversight will present the costs provided by OSCA, adjusted 2% annually and show an (Unknown) loss for the fees that were to be collected from persons making child support payments through the clerk's office.

Oversight only reflects the responses received from state agencies and political subdivisions; however, cities and various county officials were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL DESCRIPTION

This bill amends the base salary structure for circuit clerks by increasing the base salaries, depending on classification of county, starting September 1, 2025. The bill also repeals a provision related to child support payments ordered by a judge in Marion County to be paid through the circuit clerk. (§483.083)

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
