**FISCAL ANALYSIS**

**ASSUMPTION**

**Section 168.133 Criminal Background Checks**

Officials from the **Department of Elementary and Secondary Education, Department of Mental Health, Department of Revenue, Department of Public Safety – Director’s Office, Missouri Highway Patrol, Office of the State Courts Administrator, and Department of Social Services** each assume the proposal will have no fiscal impact on their respective organizations.

**Oversight** notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

**Oversight** received no responses from school districts related to the fiscal impact of this proposal. Oversight has presented this fiscal note on the best current information available. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek approval to publish a new fiscal note. Oversight only reflects the responses received from state agencies and political subdivisions; however, school districts were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

**Oversight** notes this proposal adds charter schools to provisions of state law requiring background checks to be conducted on school personnel. The proposal requires background checks to be conducted not only on school bus drivers, but also on the drivers of other vehicles owned by school districts and charter schools. For drivers employed or contracted by a pupil transportation company that is under contract with a school district or charter school, the pupil transportation company shall conduct the criminal background check.

**Oversight** assumes a minimal amount of additional revenue will be collected into the Criminal Records Fund from additional background checks as a result of this proposal and will not reflect it in the fiscal note.

#### Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
