ASSUMPTION

§247.220 – Decree of Dissolution to Dissolve a Public Water Supply

Officials from the **Department of Natural Resources**, the **Office of the Secretary of State**, the **Jackson County Board of Elections**, the **Platte County Board of Elections**, the **St. Louis City Board of Elections**, the **St. Louis County Board of Elections**, the **Metropolitan St. Louis Sewer District**, the **Morgan County PWS #2** and the **South River Drainage District** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to similar legislation from 2022, HB 2838, officials from the **Office of the State Courts Administrator** assumed the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Oversight assumes this proposal changes the majority requirements to dissolve a public water supply from 2/3s of the voters of the voting district to 4/7s and will show no direct fiscal impact for this proposal.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other counties and utility districts were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.
