FISCAL ANALYSIS

ASSUMPTION

§§650.900 & 560.910 – Missouri Task Force on Nonprofit Safety and Security

Officials from the **Department of Public Safety (DPS) – Director’s Office (DO)** state one (1) FTE (Grants Officer, \$54,008 annually) is needed for the administration and management of grant related activities and one (1) FTE (Lead Admin Support Asst., \$35,500) is needed to assist the taskforce and writing the annual report.

DPS estimates a total fiscal impact to the General Revenue Fund of \$138,184 for FY 2026; \$159,327 for FY 2027 and \$161,913 for FY 2028.

Oversight notes the provisions of §650.900 establish the Missouri Task Force on Nonprofit Safety and Security. Oversight assumes the nine members of the task force may incur some expenses if meetings are held quarterly, either in-person or by phone and/or video conference. Oversight further assumes DPS is provided with core funding to handle a certain amount of activity each year and, therefore, assumes the expenses related to assisting the task force and writing the report could be absorbed by the DPS.

Oversight also notes the provisions of §650.910.1 establishes the Supplemental Nonprofit Safety and Security Fund. This fund is to consist of moneys collected under this section and §650.900. §650.910.3 provides that nonprofit organizations whose applications for funding through the Federal Emergency Management Agency’s (FEMA) nonprofit security grant program have been approved by the DPS Office of Homeland Security are eligible for grants from the fund. No additional application is required for grants from the fund and an application for a grant from the federal program is also an application for funding from the fund. An eligible organization may receive a grant for up to five percent (5%) of the funds available in the grant pool for that distribution. In addition, no more than five percent (5%) of the available funds available annually shall be used for administrative expenses associated with the fund. Oversight assumes the DPS would need 1 FTE Grants Officer to track and administer the grant program.

Oversight will reflect the possibility that the General Assembly could appropriate moneys to this new fund from the General Revenue Fund. Oversight assumes all appropriated moneys, if any, will be expended in the same year.

Officials from the **Department of Public Safety - Missouri Highway Patrol** and the **Office of the State Treasurer** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

For informational purposes, **Oversight** notes on the Missouri DPS website (FY 2024 NSGP application workshop), availability for the FY 2024 Nonprofit Security Grant Program of up to \$150,000 per site location for up to three sites (maximum award of \$450,000 per applicant) states:

"The Missouri Department of Public Safety, Office of Homeland Security announces the funding opportunity for the FY 2024 Nonprofit Security Grant Program – Urban Area (NSGP-UA; St. Louis and Kansas City) and the State (MSGP-S). The federal notice of funding has estimated funding levels for the FY 2024 NSGP-S for Missouri at \$2,137,500; the federal notice does not specify a funding level for the FY 2024 NSGP-UA for Missouri.

Houses of worship, educational facilities, medical facilities, senior centers/care facilities and event venues are among those eligible to apply for the competitive grants.

Oversight also notes according to FEMA's website, the 2024 federal funding available for the Nonprofit Security Grant Program (NSGP) is \$454.5 million

- Nonprofit Security Grant Program – Urban Areas (UA) - \$227.25 million;
- Nonprofit Security Grant Program – State - \$227.25 million

Oversight notes the provisions of this proposal have an emergency clause.
