FISCAL ANALYSIS

ASSUMPTION

§ 191.227 – Provisions relating to health care records

Officials from the **Department of Health and Senior Services (DHSS)** state this proposal modifies provisions relating to health care records. Section 191.227.8 allows for the written request of health care records related to a patient's health history and treatment created by an emergency care provider or a telecommunicator first responder. Any complaints received by the Section for Health Standards and Licensure (HSL) and/or the Bureau of Emergency Medical Services (BEMS) as a result of the proposed legislation would be conducted within the normal ebb and flow of work scope.

It is assumed that the Department can absorb the costs of this bill with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

Officials from the **University of Missouri Health Care (MUHC)** have reviewed the proposed legislation and determined that as written it should not create expenses in excess of \$100,000 annually.

Oversight assumes the costs incurred by the MUHC related to this proposal can be absorbed within current resource levels.

Officials from the **Department of Commerce and Insurance, the Department of Mental Health, the Department of Public Safety (Office of the Director, Capitol Police, Division of Fire Safety, State Emergency Management Agency and Missouri Veterans Commission), the Department of Social Services, the Missouri Department of Transportation, the Missouri National Guard, the Newton County Health Department, the Phelps County Sheriff's Department, the Kansas City Police Department and the St. Louis County Police Department**, each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Officials from the **Department of Public Safety - Missouri Highway Patrol** defer to the Missouri Department of Transportation for the potential fiscal impact of this proposal.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other local public health agencies, sheriffs, police departments, fire protection districts, ambulance districts and hospitals were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
