## **FISCAL ANALYSIS**

### **ASSUMPTION**

#### **§338.165 – Pharmacy services in hospitals**

Officials from the **Department of Health and Senior Services (DHSS)** state §338.165.3 requires the DHSS to have sole authority to promulgate rules governing inpatient pharmacy services in hospitals by a pharmacist at or within a hospital but may promulgate rules in conjunction with the Board of Pharmacy.

Currently, the Division of Regulation and Licensure (DRL) is responsible for the promulgation of rules in conjunction with the Board of Pharmacy governing medication distribution and the provision of medication therapy services by a pharmacist at or within a hospital. Rule revisions to include inpatient pharmacy services in hospitals would require minimal time and expense for DRL.

The Department anticipates being able to absorb the costs of this bill with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

**Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for the DHSS.

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note.

#### **Rule Promulgation**

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State** notes many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The Secretary of State's office is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to Secretary of State's office for Administrative Rules is less than \$5,000. The Secretary of State's office recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, they also recognize that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what their office can sustain within their core budget. Therefore, they reserve the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, hospitals were requested to respond to this proposed legislation but did not. A general listing of political subdivisions included in our database is available upon request.

<u>FISCAL IMPACT – State Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT – Local Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

#### FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

#### FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
