FISCAL ANALYSIS

ASSUMPTION

§ 191.600 to § 191.615 - Missouri State Loan Repayment Program (MOSLRP)

Officials from **Department of Health and Senior Services (DHSS)** state the proposed legislative changes to 191.600-191.615 would update the list of eligible profession types to include all professions allowable under the federal Health Resources and Services Administration (HRSA) state loan repayment program (SLRP) grant, expanding the eligible professions that Missouri can offer loan repayment to under the SLRP grant.

The expansion of the eligible health professions in the proposed legislation would allow the Department of Health and Senior Services (DHSS), Office of Rural Health and Primary Care (ORHPC) to request additional federal funds for the SLRP program. The maximum award under the federal SLRP grant is \$1,000,000. Because the grant requires a 1:1 state match, ORHPC has historically only been able to apply for a maximum of \$425,000 in SLRP funds under the match requirement, utilizing donated funds to meet the match requirement.

Under the proposed legislation, health professions eligible under the state SLRP statutes would align with HRSA eligible health professions, allowing state funding received for the HPLRP program to be used to meet the HRSA SLRP match requirement. ORPHC could then receive up to an additional \$575,000 in federal funding to award loans to health professionals under the SLRP program, increasing the number of health professionals providing services in underserved areas. The HPLRP eligible professions are chosen by the Director of DHSS in consultation with the Office of Workforce Development in the Department of Higher Education and Workforce Development and the Department of Mental Health.

In further discussions with DHSS, officials from the **DHSS** state they can absorb the state match requirement for this federal program due to existing funding that can be used as match.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the DHSS will be able to absorb the funding requirements of this proposal with current resources and will reflect no fiscal impact to the DHSS for fiscal note purposes.

Officials from the **Department of Commerce and Insurance**, the **Department of Higher Education and Workforce Development** and the **Office of the State Treasurer** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.
