FISCAL ANALYSIS

ASSUMPTION

HJR - Provisions relating to reproductive health care

Officials from **Office of the Secretary of State** assume, each year, a number of joint resolutions that would refer to a vote of the people a constitutional amendment and bills that would refer to a vote of the people the statutory issue in the legislation may be considered by the General Assembly.

Unless a special election is called for the purpose, Joint Resolutions proposing a constitutional amendment are submitted to a vote of the people at the next general election. Article XII section 2(b) of the Missouri Constitution authorizes the governor to order a special election for constitutional amendments referred to the people. If a special election is called to submit a Joint Resolution to a vote of the people, section 115.063.2 RSMo requires the state to pay the costs. The cost of the special election has been estimated to be \$8 million based on the cost of the 2022 primary and general election reimbursements.

The Secretary of State's office is required to pay for publishing in local newspapers the full text of each statewide ballot measure as directed by Article XII, Section 2(b) of the Missouri Constitution and Section 116.230-116.290, RSMo. Funding for this item is adjusted each year depending upon the election cycle. A new decision item is requested in odd numbered fiscal years and the amount requested is dependent upon the estimated number of ballot measures that will be approved by the General Assembly and the initiative petitions certified for the ballot. In FY 2014, the General Assembly changed the appropriation so that it was no longer an estimated appropriation.

For the FY26 petitions cycle, the SOS estimates publication costs at \$60,000 per page. This amount is subject to change based on number of petitions received, length of those petitions and rates charged by newspaper publishers.

The Secretary of State's office will continue to assume, for the purposes of this fiscal note, that it should have the full appropriation authority it needs to meet the publishing requirements. Because these requirements are mandatory, the SOS reserves the right to request funding to meet the cost of the publishing requirements if the Governor and the General Assembly again change the amount or continue to not designate it as an estimated appropriation.

Oversight has reflected, in this fiscal note, the state potentially reimbursing local political subdivisions the cost of having this joint resolution voted on during a special election in fiscal year 2026. This reflects the decision made by the Joint Committee on Legislative Research that the cost of the elections should be shown in the fiscal note. The next scheduled statewide general

election is in November 2026 (FY 2027). It is assumed the subject within this proposal could be on this ballot; however, it could also be on a special election called for by the Governor (a different date). Therefore, Oversight will reflect a potential election cost reimbursement to local political subdivisions in FY 2026.

Officials from the **Office of State Courts Administrator (OSCA)** state there may be some impact but there is no way to quantify that currently. Any significant changes will be reflected in future budget requests.

Oversight notes OSCA assumes this proposal may have some impact on their organization although it can't be quantified at this time. As OSCA is unable to provide additional information regarding the potential impact, Oversight assumes the proposed legislation will have a \$0 to (Unknown) cost to the General Revenue Fund. For fiscal note purposes, Oversight also assumes the impact will be under \$250,000 annually. If this assumption is incorrect, this would alter the fiscal impact as presented in this fiscal note. If additional information is received, Oversight will review it to determine if an updated fiscal note should be prepared and seek approval to publish a new fiscal note.

In response to a previous version, officials from the **Office of Attorney General (AGO)** assumed any potential litigation costs arising from this proposal can be absorbed with existing resources. However, the AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **St. Louis City Board of Elections** state there will be no fiscal impact unless a special election is called. The cost of a city-wide election is approximately \$500,000.

Oversight notes that officials from the SOS have included reimbursement costs to local election boards in their estimate of total costs for a special election. Therefore, Oversight will not reflect a separate special election cost for the St. Louis City Board of Elections.

Officials from the **Department of Commerce and Insurance**, the **Department of Health and Senior Services**, the **Department of Public Safety - Missouri Highway Patrol**, the **Department of Social Services**, the **Missouri Department of Conservation**, the **Missouri Department of Transportation**, the **Missouri Consolidated Health Care Plan**, the **Office of Administration - Administrative Hearing Commission**, the **Office of the Governor**, the **Platte County Board of Elections** and the **St. Louis County Board of Elections**, each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

In response to a previous version, officials from the **Jackson County Board of Election Commissioners**, and the **Kansas City Election Board**, each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other local election authorities and hospitals were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

Rule Promulgation

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL DESCRIPTION

Upon voter approval, this constitutional amendment prohibits in this state to provide reproductive health care, or any other health care relating thereto, to a minor child without the prior notification and informed consent of the child's parent or guardian, except in the case of medical emergency.

“Reproductive health care” shall mean health care relating to a woman's potential or actual pregnancy, which shall consist of prenatal care, childbirth, perinatal and postpartum care, contraception, abortion, care for miscarriages and ectopic pregnancies, and respectful birthing conditions.

Laws regulating the provision of reproductive health care, shall be valid and enforceable in all cases and shall be unenforceable only if an aggrieved plaintiff proves that the law is not rationally related to a legitimate governmental interest. In enacting or enforcing such laws, the government shall not be required to equally address all potential subjects or classifications of individuals or conduct so long as the government's decision has a rational basis.

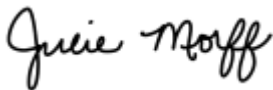

The courts of this state shall be no less open to claims by women against reproductive health care providers for such misconduct than to those receiving other types of health care.

Nothing in this Constitution shall be interpreted to require public or private funding of any matter relating to reproductive health care.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
