FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Budget and Planning (B&P)** note B&P's estimated cost for HB 202 / SB 138 was based on the definition of beginning farmer. B&P was unable then (and now) to separate sales by owner type. Therefore, the estimated costs reflected in the TAFP fiscal notes included all potential owners. This proposal will not impact TSR or the calculation under Article X, Section 18(e) beyond what was already estimated during the 2023 session.

Officials from the **Department of Revenue (DOR)** assume the language in the bill is clarifying language and will not have any additional impact.

Oversight assumes this proposal adds clarifying language for implementation measures for the individual income tax subtraction established in SB 138 (2023).

Oversight notes that the above mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, an individual owner of farmland who sells all or a portion of such farmland to a "beginning farmer" can subtract from his or her Missouri adjusted gross income certain amounts when calculating the individuals' tax obligation. This bill broadens the scope of those taxpayers

who can subtract certain amounts from their Missouri adjusted gross income calculations by including any of the following: (1) Individuals; (2) Firms; (3) Partners in a firm; (4) Corporations; (5) Partnerships; (6) Shareholders in an S Corporation; or (7) Members of a Limited Liability Company.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
