FISCAL ANALYSIS

ASSUMPTION

§§217.362, 302.309, and 559.115 – Limited driving privileges

Officials from the **Department of Revenue (DOR)** state this legislation will likely lead to an increase in limited driving privilege court orders received by the department. There is no data to assist in determining the volume of orders the department will receive but anticipates it will not cause additional FTE. If the increase is more significant than anticipated and unable to be absorbed by existing staff, additional FTE may be requested through the routine appropriations process.

Oversight does not have any information contrary to that provided by DOR. Therefore, Oversight will reflect DOR's no impact for fiscal note purposes. However, if multiple bills pass which require additional staffing and duties, the DOR may request funding through the appropriation process.

Officials from the **Department of Corrections**, the **Department of Public Safety - Missouri Highway Patrol**, and the **Office of the State Courts Administrator** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Oversight only reflects the responses received from state agencies and political subdivisions; however, other circuit clerks were requested to respond to this proposed legislation but did not. A listing of political subdivisions included in the Missouri Legislative Information System (MOLIS) database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
