## **FISCAL ANALYSIS**

### **ASSUMPTION**

#### **§304.032 – Department of Transportation Contracts**

Officials from the **Missouri Department of Transportation (MODOT)** assume the following regarding this proposal:

This bill could lead to a negative fiscal impact for the Department. Requiring specification modifications to undergo the formal rule-making process would massively delay the implementation of needed changes. Currently, the Department's Chief Engineer has the statutory authority (§226.040) to change specifications. This process can quickly adopt new technology, new products, and new standards as they become available, ensuring that projects on the state highway system are of the highest standard and quality.

A delay in changing specifications would lead to projects being delivered at old standards, lowering quality. It would then increase both maintenance costs and the likelihood of more work being needed later to bring an asset to the acceptable, new standard.

**Oversight** assumes MoDOT will not incur any direct costs due to this proposal; therefore, Oversight will not reflect a fiscal impact.

#### **Rule Promulgation**

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – State Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT – Local Government</u>	FY 2026 (10 Mo.)	FY 2027	FY 2028
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT – Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

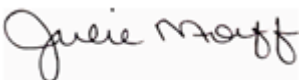

FISCAL DESCRIPTION

This proposal modifies provisions relating to certain contracts involving the Department of Transportation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
