24 that tend to show a consistent pattern, the department shall not provide incentives or
25 assistance to the business unless the department finds either that the violations did not
26 seriously affect public health, public safety, or the environment, or if such violations did
27 seriously affect public health, public safety, or the environment, that mitigating
28 circumstances were present;

29 (c) Information showing the total costs and funding sources of the housing

32 amount of the qualifying new investment; and

33 (d) Any other information deemed necessary by the department to evaluate the
34 eligibility and financial need of the housing project under the program.

35

36 In addition to complying with the applicable requirements under this subdivision, a
37 housing business applying for disaster recovery housing project tax incentives shall also
38 submit a certification that the applicant's housing project meets the definition of a
39 disaster recovery housing project, if applicable. The housing business shall also submit
40 documentation that provides evidence that the qualified disaster recovery housing
41 project is needed due to the impact of the disaster that is the subject of the major
42 disaster declaration.

43 2. (1) All completed applications shall be reviewed and scored on a competitive
44 basis by the department under rules adopted by the department.

45 (2) Upon review and scoring of all applications received during an application
46 period, the department may make a tax incentive award to a housing project, which tax
47 incentive award shall represent the maximum amount of tax incentives the housing
48 project may qualify for under the program. In determining a tax incentive award, the
49 department shall not use an amount of housing project costs that exceeds the amount
50 included in the application of the housing business. Tax incentive awards shall be
51 approved by the director of the department.

52 (3) After making a tax incentive award, the department shall notify the housing
53 business of its tax incentive award. The notification shall include the amount of tax
54 incentives awarded under section 620.2028 and a statement that the housing business
55 has no right to receive a tax incentive certificate or claim a tax incentive until all
56 requirements of the program, including all requirements imposed by the agreement
57 entered into under subsection 3 of this section, are satisfied. The amount of tax credits

58 included on a tax credit certificate issued under this section, or a claim for refund of
59 sales and use taxes, shall be contingent upon completion of the requirements under
60 subsection 3 of this section.

61 (4) An applicant that does not receive a tax incentive award during an
62 application period may make additional applications during subsequent application
63 periods. Such applicant shall be required to submit a new application, which shall be
64 competitively reviewed and scored in the same manner as other applications in that
65 application period.

66 3. (1) Upon receipt of a tax incentive award for the housing project, the housing
67 business shall enter into an agreement with the department for the successful
68 completion of all requirements of the program. The agreement shall identify the tax
69 incentive award amount, the tax incentive award date, the housing project completion
70 deadline, and the total costs of the housing project.

71 (2) The following compliance cost fees shall apply to all agreements entered into
72 under this program and shall be collected in a manner determined by the department:

73 (a) The imposition of a one-time compliance cost fee of five hundred dollars to be
74 collected by the authority prior to the issuance of a tax incentive certificate or the
75 disbursement of financial assistance; and

76 (b) The imposition of a compliance cost fee equal to one-half of one percent of
77 the value of tax incentives claimed under an agreement that has an aggregate tax
78 incentive value of one hundred thousand dollars or greater. The department shall
79 collect the fee from the business after the tax incentive is claimed by the business from
80 the department of revenue.

81 (3) (a) Except as provided in paragraph (b) of this subdivision, a housing
82 business shall complete its housing project within three years from the date the housing
83 project is registered by the department.

84 (b) The department may, for good cause within its discretion, extend a housing
85 project's completion deadline by up to twelve months upon application by the housing
86 business. Such application shall be made prior to the expiration of the three-year
87 completion deadline in paragraph (a) of this subdivision. The department may approve
88 a second extension of up to twelve months if prior to the expiration of the first twelve-
89 month extension the housing business applies and substantiates to the satisfaction of the
90 department that the second extension is warranted due to extenuating circumstances
91 outside the control of the housing business. The department may determine what
92 qualifies as "good cause" and establish by rule the extenuating circumstances that will
93 qualify for approval and any additional information that the department may require

94 for approval of such extension. Applications by a housing business shall be made in the
95 manner and form prescribed by the department by rule.

96 (4) Upon completion of a housing project, a housing business shall submit the
97 following to the department:

98 (a) An examination of the housing project in accordance with the American
99 Institute of Certified Public Accountants' Statements on Standards for Attestation
100 Engagements, completed by a certified public accountant authorized to practice in this
101 state;

102 (b) A statement of the final amount of the qualifying new investment for the
103 housing project; and

104 (c) Any information the department deems necessary to ensure compliance with
105 the agreement signed by the housing business under paragraph (a), the requirements of
106 this program, and rules the department and the department of revenue adopt under
107 subsection 4 of section 620.2028.

108 (5) (a) Upon review of the examination, verification of the amount of the
109 qualifying new investment, and review of any other information submitted under
110 paragraph (c) of subdivision (4) of this subsection, the department shall notify the
111 housing business of the amount that the housing business may claim as a refund of the
112 sales and use tax under subsection 2 of section 620.2028 and shall issue a tax credit
113 certificate to the housing business stating the amount of workforce housing investment
114 tax credits under subsection 3 of section 620.2028 the eligible housing business may
115 claim. The sum of the amount that the housing business may claim as a refund of the
116 sales and use tax and the amount of the tax credit certificate shall not exceed the total
117 amount of the tax incentive award.

118 (b) If upon review of the examination in paragraph (a) of subdivision (4) of this
119 subsection the department determines that a housing project has incurred project costs
120 in excess of the amount submitted in the application made under subsection 1 of this
121 section and identified in the agreement, the department shall do one of the following:

122 a. If the housing project costs do not cause the housing project's average
123 dwelling unit cost to exceed the applicable maximum amount authorized under
124 subdivision (3) of subsection 1 of section 620.2024, the department shall consider the
125 agreement fulfilled and shall issue a tax credit certificate;

126 b. If the housing project costs cause the housing project's average dwelling unit
127 cost to exceed the applicable maximum amount authorized under subdivision (3) of
128 subsection 1 of section 620.2024 but do not cause the average dwelling unit cost to
129 exceed one hundred fifty percent of such applicable maximum amount, the department
130 shall consider the agreement fulfilled and shall issue a tax credit certificate. In such

case, the department shall reduce the tax incentive award and the corresponding amount of tax incentives the eligible housing project shall claim under subsections 2 and 3 of section 620.2028 by the same percentage that the housing project's average dwelling unit cost exceeds the applicable maximum amount under subdivision (3) of subsection 1 of section 620.2024, and such tax incentive reduction shall be reflected on the tax credit certificate. If the department issues a certificate under this subparagraph, the department of revenue shall accept the certificate notwithstanding that the housing project's average dwelling unit costs exceed the maximum amount specified in subdivision (3) of subsection 1 of section 620.2024; or

c. If the housing project costs cause the housing project's average dwelling unit cost to exceed one hundred fifty percent of the applicable maximum amount authorized under subdivision (3) of subsection 1 of section 620.2024, the department shall determine the eligible housing business to be in default under the agreement, shall revoke the tax incentive award, and shall not issue a tax credit certificate. The housing business shall not be allowed a refund of sales and use tax under subsection 2 of section 620.2028.

(6) The maximum aggregate amount of tax incentives that may be awarded and issued under section 620.2028 to a housing business for a housing project shall not exceed one million dollars.

(7) If a housing business qualifies for a higher amount of tax incentives under section 620.2028 than is allowed by the limitation imposed under subdivision (4) of subsection 3 of this section, the department and the housing business may negotiate an apportionment of the reduction in tax incentives between the sales tax refund provided in subsection 2 of section 620.2028 and the workforce housing investment tax credits provided in subsection 3 of section 620.2028, provided the total aggregate amount of tax incentives after the apportioned reduction does not exceed the amount under subdivision (4) of subsection 3 of this section.

(8) The department shall issue tax incentives under the program on a first-come, first-served basis until the maximum amount of tax incentives allocated under subdivision (4) of subsection 5 of this section is reached. The department shall maintain a list of housing projects registered prior to January 1, 2026, and of housing projects awarded tax incentives on or after January 1, 2026, so that if the maximum aggregate amount of tax incentives is reached in a given fiscal year, such registered housing projects that were completed but for which tax incentives were not issued, and such housing projects that were completed and are awarded tax incentives but for which tax incentives have not been issued, shall be placed on a waitlist in the order the housing

167 projects were registered or awarded tax incentives and shall be given priority for
168 receiving tax incentives in succeeding fiscal years.

169 4. (1) The failure by a housing business in completing a housing project to
170 comply with any requirement of this program or any of the terms and obligations of an
171 agreement entered into under this section may result in the revocation, reduction,
172 termination, or rescission of the tax incentive award or the approved tax incentives and
173 may subject the housing business to the repayment or recapture of tax incentives
174 claimed under section 620.2028.

175 (2) The repayment or recapture of tax incentives under this section shall be
176 accomplished by the business if the business does not meet any of the requirements of
177 this part or the resulting agreement. The repayment of incentives under this subsection
178 shall be considered a tax payment due and payable to the department of revenue by any
179 taxpayer who has claimed such incentives, and the failure to make such a repayment
180 may be treated by the department of revenue in the same manner as a failure to pay the
181 tax shown due or required to be shown due with the filing of a return or deposit form.
182 In addition, the community shall have the authority to take action to recover the value
183 of property taxes not collected as a result of the exemption provided to the business
184 under this program.

185 5. (1) Notwithstanding subsection 1 of this section, the department may establish
186 a disaster recovery housing project application period following the declaration of a
187 major disaster for a disaster area in Missouri.

188 (2) Upon review and scoring of all applications received during a disaster
189 recovery application period, the department may make a tax incentive award to a
190 disaster recovery housing project. The tax incentive award shall represent the
191 maximum amount of tax incentives that the disaster recovery housing project may
192 qualify for under the program. In determining a tax incentive award, the department
193 shall not use an amount of housing project costs that exceeds the amount included in the
194 application of the housing business. Tax incentive awards shall be approved by the
195 director of the department.

196 (3) The department shall issue tax incentives under the program for disaster
197 recovery housing projects on a first-come, first-served basis until the maximum amount
198 of tax incentives is allocated. The aggregate cap for all tax incentives issued for disaster
199 recovery housing projects under this program shall be thirty-five million dollars. Of the
200 moneys allocated to disaster recovery housing projects, seventeen million five hundred
201 thousand dollars shall be reserved for allocation to qualified housing projects in small
202 cities.

203 **(4) All other housing projects under this program that are not disaster recovery**
204 **housing projects shall be subject to a thirty-five million dollar cap.**

620.2028. 1. A housing business that has entered into an agreement under
2 **section 620.2026 is eligible to receive the tax incentives described in subsections 2 and 3**
3 **of this section.**

4 **2. (1) A housing business may claim a refund of the sales and use taxes paid**
5 **under chapter 144 prior to the completion of the housing project that are directly**
6 **related to a housing project and specified in the agreement.**

7 **(2) To receive a refund, a claim shall be filed by the housing business with the**
8 **department of revenue as follows:**

9 **(a) The contractor or subcontractor shall state under oath, on forms provided by**
10 **the department of revenue, the amount of sales and use taxes paid under chapter 144**
11 **prior to the completion of the housing project that are directly related to a housing**
12 **project and specified in the agreement;**

13 **(b) The contractor or subcontractor shall file the forms with the housing**
14 **business before final settlement is made; and**

15 **(c) a. The housing business shall, after the agreement completion date, apply to**
