

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-SEVENTH DAY, WEDNESDAY, APRIL 2, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicky, Chaplain.

I will say of the Lord, He is my refuge and my fortress: my God; in Him will I trust. (Psalm 91:2)

Eternal God, so high above us that we cannot comprehend You and yet so deep within us that we cannot escape You, hear us as we pray today. For this moment may we enter the secret place of the Most High and continue to learn to live under the shadow of Your wings like an eagle.

You are the source of all our being. You are the fountain of every noble aspiration. You are the everything that lifts and liberates our souls. Therefore, we pray that You will lead us from the unreality we find about us to the reality in our hearts. May our faith in You be real. May our love toward our fellow Missourians be real. May the spirit of good will forever be real with us.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Lyla Overcast.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Lyla Overcast, Scout the eagle, and Carley Decker.

The Journal of the forty-sixth day was approved as printed by the following vote:

AMEND House Committee Substitute for House Bill No. 507, Page 1, Section A, Line 4, by inserting after all of said section and line the following:

"115.105. 1. The chair of the county committee of each political party named on the ballot shall have the right to designate a challenger for each polling place, who may be present ~~until all~~ **while** ballots are cast on ~~the day of~~ **election day, or in first class counties and charter counties, during the absentee voting period**, and a challenger for each location at which absentee ballots are counted, who may be present while the ballots are being prepared for counting and counted. No later than four business days before ~~the election~~ **a challenger may enter a polling location**, the chair of each county committee of each political party named on the ballot shall provide signed official designation forms with the names of the designated challengers and substitutes to the local election authority for confirmation of eligibility to serve as a challenger. The local election authority, after verifying the eligibility of each designated and substitute challenger, shall sign off on the official designation forms, unless the challenger is found not to have the qualifications established by subsection 4 of this section. If the election authority determines that a challenger does not meet the qualifications of subsection 4 of this section, the designating party chair may designate a replacement challenger and provide the local election authority with the name of the replacement challenger before 5:00 p.m. of the Monday preceding the election. The designating chair may substitute challengers at his or her discretion during such hours.

2. Challenges may only be made when the challenger believes the election laws of this state have been or will be violated, and each challenger shall report any such belief to the election judges, or to the election authority if not satisfied with the decision of the election judges.

3. Prior to the close of the polls, challengers may list and give out the names of those who have voted. The listing and giving out of names of those who have voted by a challenger shall not be considered giving information tending to show the state of the count.

4. All persons selected as challengers shall have the same qualifications required by section 115.085 for election judges, except that such challenger shall be a registered voter in the jurisdiction of the election authority for which the challenger is designated as a challenger.

5. Any challenge by a challenger to a voter's identification for validity shall be made only to the election judges or other election authority. If the poll challenger is not satisfied with the decision of the election judges, then he or she may report his or her belief that the election laws of this state have been or will be violated to the election authority as allowed under this section.

115.107. 1. At every election, the chairman of the county committee of each political party named on the ballot shall have the right to designate a watcher for each place votes are counted. **No later than four business days before a watcher may enter a polling or counting location, the chair of each county committee of each political party named on the ballot shall provide signed official designation forms with the names of the designated watchers and substitutes to the local election authority for confirmation of eligibility to serve as a watcher. The local election authority, after verifying the eligibility of each designated and substitute watcher, shall sign off on the official designation forms, unless the watcher is found not to have the qualifications established by subsection 5 of this section. If the election authority determines that a watcher does not meet the qualifications of subsection 5 of this section, the designating party chair may designate a replacement watcher and provide the local election authority with the name of the replacement watcher before 5:00 p.m. of the Monday preceding the election. The designating chair may substitute watchers at his or her discretion during such hours.**

2. Watchers are to observe the counting of the votes and present any complaint of irregularity or law violation to the election judges, or to the election authority if not satisfied with the decision of the election judges. No watcher may be substituted for another on election day.

3. No watcher shall report to anyone the name of any person who has or has not voted.

4. A watcher may remain present until all closing certification forms are completed, all equipment is closed and taken down, the transportation case for the ballots is sealed, election materials are returned to the election authority or to the designated collection place for a polling place, and any other duties or procedures required under sections 115.447 to 115.491 are completed. A watcher may also remain present at each **in-person absentee voting location in first class counties and charter counties** at which absentee ballots are counted **or prepared for counting** and may remain present while such ballots are being prepared for counting and counted.

5. All persons selected as watchers shall have the same qualifications required by section 115.085 for election judges, except that such watcher shall be a registered voter in the jurisdiction of the election authority for which the watcher is designated as a watcher."; and

This section shall not apply unless:

- (2) The certificate was issued pursuant to a manufacturer's statement of origin.

3. If the vehicle is any motor vehicle other than a motor vehicle primarily for business use, a recreational motor vehicle, motorcycle, motortricycle, autocycle, bus, or any commercial motor vehicle licensed for over twelve thousand pounds and if such motor vehicle is ~~[ten years of age or less]~~ **model year 2012 or newer** and has less than one hundred fifty thousand miles on the odometer, the director of revenue shall retain the odometer information provided in the vehicle inspection report, and provide for prompt access to such information, together with the vehicle identification number for the motor vehicle to which such information pertains, for a period of ten years after the receipt of such information. The owner shall make an application for a new certificate of ownership, pay the required title fee, and obtain the vehicle examination certificate required pursuant to subsection 9 of section 301.190. If an insurance company pays a claim on a salvage vehicle as defined in section 301.010 and the owner retains the vehicle, as prior salvage, the vehicle shall only be required to meet the examination requirements under subsection 10 of section 301.190. Notarized bills of sale along with a copy of the front and back of the certificate of ownership for all major component parts installed on the vehicle and invoices for all essential parts which are not defined as major component parts shall accompany the application for a new certificate of ownership. If the vehicle is a specially constructed motor vehicle, as defined in section 301.010, two pictures of the vehicle shall be submitted with the application. If the vehicle is a kit vehicle, the applicant shall submit the invoice and the manufacturer's statement of origin on the kit. The director of revenue shall appropriately designate "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Non-USA-Std Motor Vehicle", or "Specially Constructed Motor Vehicle" on the current and all subsequent issues of the certificate of ownership of such vehicle.

5. Every insurance company that pays a claim for repair of a motor vehicle which as the result of such repairs becomes a reconstructed motor vehicle as defined in section 301.010 or that pays a claim on a salvage vehicle as defined in section 301.010 and the owner is retaining the vehicle shall in writing notify the owner of the vehicle, and in a first party claim, the lienholder if a lien is in effect, that he is required to surrender the certificate of ownership, and the documents and fees required pursuant to subsection 4 of this section to obtain a prior salvage motor vehicle certificate of ownership or documents and fees as otherwise required by law to obtain a salvage certificate of ownership, from the director of revenue. The insurance company shall within thirty days of the payment of such claims report to the director of revenue the name and address of such owner, the year, make, model, vehicle identification number, and license plate number of the vehicle, and the date of loss and payment.

6. Anyone who fails to comply with the requirements of this section shall be guilty of a class B misdemeanor.

7. An applicant for registration may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 209.015. Moneys in the blindness education, screening and treatment program fund shall be used solely for the purposes established in section 209.015; except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by

the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

8. An applicant for registration may make a donation of an amount not less than one dollar to promote an organ donor program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the organ donor program fund as established in sections 194.297 to 194.304. Moneys in the organ donor fund shall be used solely for the purposes established in sections 194.297 to 194.304, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making a contribution not less than one dollar as prescribed in this subsection.

9. An applicant for registration may make a donation of one dollar to the Missouri medal of honor recipients fund. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the Missouri medal of honor recipients fund as established in section 226.925. Moneys in the medal of honor recipients fund shall be used solely for the purposes established in section 226.925, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for

the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. **A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.**

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

- (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;
- (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;
- (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and

(4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch, [the United States Coast Guard or reserve,]** the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. **Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.**

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5-] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

(1) Motor vehicles having less than one hundred fifty thousand miles [~~for the ten-year period following their model year of manufacture~~] **and of model year 2012 or newer**, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

(4) Vehicles registered in excess of twenty-four thousand pounds for a period of less than twelve months;

The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2. At the seller's expense every used motor vehicle of the type required to be inspected by section 307.350 shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained **no more than sixty days prior to the date of sale, except that such inspection shall not be required for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture when:**

- (1) Sold by a private seller; or

The seller of a motor vehicle required to be inspected under this subsection shall present the certificate of inspection and approval to the buyer at the point of sale and the buyer shall be required to submit the certificate of inspection when applying for registration of the vehicle.

~~[2-]~~ 3. AMEND House Bill No. 969, Page 1, Section A, Line 2, by inserting after said section and line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer

fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue,

and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. Notwithstanding any provision of law to the contrary, a person may be stopped or inspected by law enforcement, based on reasonable suspicion that a temporary permit violation has occurred, in order to determine whether a temporary permit is current or valid. Upon a determination by law enforcement that a temporary permit is expired by at least seventy days, or that a temporary permit has been altered, the law enforcement officer conducting the stop shall issue a citation and such person shall be fined in the amount of two hundred fifty dollars. If the person properly registers the vehicle within thirty days of the issuance of a citation, the prosecutor shall nolle prosequi the citation, court costs shall be waived, and the offense shall not be registered as a violation on the person's driving record. If the vehicle is stopped a second time for a temporary permit violation after such thirty-day time period has lapsed, the vehicle shall be impounded until such time as the vehicle is properly registered. It shall be the responsibility of the owner of the vehicle to work with the impound lot owner if there is an issue with the vehicle's safety inspection.

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

~~[14-]~~ 12. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact."; and

twenty-five dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

2. The annual registration fee for motorcycles, motortricycles, and autocycles is ten dollars, which shall include the railroad crossing safety fee prescribed in section 389.612.

~~[2-]~~ 3. Notwithstanding any other provision of law, the registration of any autocycle registered as a motorcycle or motortricycle prior to August 28, 2018, shall remain in effect until the expiration of the registration period for such vehicle at which time the owner shall be required to renew the motor vehicle's registration under the autocycle classification and pay the appropriate registration fee.

301.070. 1. ~~[In determining fees based on the horsepower of vehicles propelled by internal combustion engines, the horsepower shall be computed and recorded upon the following formula established by the National Automobile Chamber of Commerce: Square the bore of the cylinder in inches multiplied by the number of cylinders, divided by two and one half.~~

~~2. The horsepower of all motor vehicles propelled by steam may be accepted as rated by the manufacturers thereof, or may be determined in accordance with regulations promulgated by the director.~~

~~4-]~~ Fees of commercial motor vehicles, other than passenger-carrying commercial motor vehicles, shall be based on the gross weight of the vehicle or any combination of vehicles and the maximum load to be carried at any one time during the license period, except the fee for a wrecker, tow truck, rollback or car carrier used in a towing service shall be based on the empty weight of such vehicle fully equipped for the recovery or towing of vehicles.

~~[5-]~~ 2. The decision of the director as to the type of motor vehicles and their classification for the purpose of registration and the computation of fees therefor shall be final and conclusive.

301.110. 1. Whenever the director shall determine from an increase or decrease in the number of registrations of all types of motor vehicles in any given month that the volume of clerical work of registration of all types of motor vehicles in such month has become so disproportionate to the volume of work in the remaining registration periods as to render the system burdensome or inefficient, he is authorized and empowered to change the registration period of any number of motor vehicles, other than commercial motor vehicles, as may be necessary to increase or reduce the volume of registration in one or more periods by advancing the renewal date and shortening the registration period of such motor vehicles.

2. The shifting of registration periods shall be accomplished by notifying the registrants of the change, and giving them credit for that portion of the registration period not yet elapsed. In such instances the director shall order the registrant to surrender the license plates and registration certificate held by him and shall assign and issue, without cost to the owner, new plates and a registration certificate designating the new registration expiration date.

3. Notwithstanding subsection 6 of section 142.869 or any other provision of law to the contrary, the director may stagger the collection of alternative fuel decal fees and issuance of alternative fuel decals so that issuance of alternative fuel decals occurs at the time of vehicle registration and the decal or decals are valid for the duration of the vehicle's registration period. In lieu of an alternative fuel decal, the director may issue a receipt showing payment of the alternative fuel decal fee, which shall be kept with the vehicle and valid in place of an alternative fuel decal displayed in accordance with section 142.869.

301.130. 1. The director of revenue, upon receipt of a proper application for registration, required fees and any other information which may be required by law, shall issue to the applicant a certificate of registration in such manner and form as the director of revenue may prescribe and a set of license plates, or other evidence of registration, as provided by this section. Each set of license plates shall bear the name or abbreviated name of this state, the words "SHOW-ME STATE", the month and year in which the registration shall expire, and an arrangement of numbers or letters, or both, as shall be assigned from year to year by the director of revenue. The plates shall also contain fully reflective material with a common color scheme and design for each type of license plate issued pursuant to this chapter. The plates shall be clearly visible at night, and shall be aesthetically attractive. Special plates for qualified disabled veterans will have the "DISABLED VETERAN" wording on the license plates in preference to the words "SHOW-ME STATE" and special plates for members of the National Guard will have the "NATIONAL GUARD" wording in preference to the words "SHOW-ME STATE".

2. The arrangement of letters and numbers of license plates shall be uniform throughout each classification of registration. The director may provide for the arrangement of the numbers in groups or otherwise, and for other distinguishing marks on the plates.

3. All property-carrying commercial motor vehicles to be registered at a gross weight in excess of twelve thousand pounds, all passenger-carrying commercial motor vehicles, local transit buses, school buses, trailers, semitrailers, motorcycles, motortricycles, autocycles, motorscooters, and driveaway vehicles shall be registered with the director of revenue as provided for in subsection 3 of section 301.030, or with the state highways and transportation commission as otherwise provided in this chapter, but only one license plate shall be issued for each such vehicle, except as provided in this subsection. The applicant for registration of any property-carrying commercial vehicle registered at a gross weight in excess of twelve thousand pounds may request and be issued two license plates for such vehicle, and if such plates are issued, the director of revenue shall provide for distinguishing marks on the plates indicating one plate is for the front and the other is for the rear of such vehicle. The director may assess and collect an additional charge from the applicant in an amount not to exceed the fee prescribed for personalized license plates in subsection 1 of section 301.144.

4. The plates issued to manufacturers and dealers shall bear the letters and numbers as prescribed by section 301.560, and the director may place upon the plates other letters or marks to distinguish commercial motor vehicles and trailers and other types of motor vehicles.

5. No motor vehicle or trailer shall be operated on any highway of this state unless it shall have displayed thereon the license plate or set of license plates issued by the director of revenue or the state highways and transportation commission and authorized by section 301.140. Each such plate shall be securely fastened to the motor vehicle or trailer in a manner so that all parts thereof shall be plainly visible and reasonably clean so that the reflective qualities thereof are not impaired. Each such plate may be encased in a transparent, **nontinted** cover so long as the plate is plainly visible and ~~the~~ **the plate's** reflective qualities are not impaired. **Additionally, license plate frames shall not cover or obscure any information that is necessary for law enforcement purposes.**

License plates shall be fastened to all motor vehicles except trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds on the front and rear of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up. The license plates on trailers, motorcycles, motortricycles, autocycles, and motorscooters shall be displayed on the rear of such vehicles either horizontally or vertically, with the letters and numbers plainly visible. The license plate on buses, other than school buses, and on trucks, tractors, truck tractors or truck-tractors licensed in excess of twelve thousand pounds shall be displayed on the front of such vehicles not less than eight nor more than forty-eight inches above the ground, with the letters and numbers thereon right side up or if two plates are issued for the vehicle pursuant to subsection 3 of this section, displayed in the same manner on the front and rear of such vehicles. The license plate or plates

authorized by section 301.140, when properly attached, shall be prima facie evidence that the required fees have been paid.

6. (1) The director of revenue shall issue annually or biennially a tab or set of tabs as provided by law as evidence of the annual payment of registration fees and the current registration of a vehicle in lieu of the set of plates. Beginning January 1, 2010, the director may prescribe any additional information recorded on the tab or tabs to ensure that the tab or tabs positively correlate with the license plate or plates issued by the department of revenue for such vehicle. Such tabs shall be produced in each license bureau office.

(2) The vehicle owner to whom a tab or set of tabs is issued shall affix and display such tab or tabs in the designated area of the license plate, no more than one per plate.

(3) A tab or set of tabs issued by the director of revenue when attached to a vehicle in the prescribed manner shall be prima facie evidence that the registration fee for such vehicle has been paid.

(4) Except as otherwise provided in this section, the director of revenue shall issue plates for a period of at least six years.

(5) For those commercial motor vehicles and trailers registered pursuant to section 301.041, the plate issued by the highways and transportation commission shall be a permanent nonexpiring license plate for which no tabs shall be issued. Nothing in this section shall relieve the owner of any vehicle permanently registered pursuant to this section from the obligation to pay the annual registration fee due for the vehicle. The permanent nonexpiring license plate shall be returned to the highways and transportation commission upon the sale or disposal of the vehicle by the owner to whom the permanent nonexpiring license plate is issued, or the plate may be transferred to a replacement commercial motor vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement commercial motor vehicle. Upon payment of the annual registration fee, the highways and transportation commission shall issue a certificate of registration or other suitable evidence of payment of the annual fee, and such evidence of payment shall be carried at all times in the vehicle for which it is issued.

(6) Upon the sale or disposal of any vehicle permanently registered under this section, or upon the termination of a lease of any such vehicle, the permanent nonexpiring plate issued for such vehicle shall be returned to the highways and transportation commission and shall not be valid for operation of such vehicle, or the plate may be transferred to a replacement vehicle when the owner files a supplemental application with the Missouri highways and transportation commission for the registration of such replacement vehicle. If a vehicle which is permanently registered under this section is sold, wrecked or otherwise disposed of, or the lease terminated, the registrant shall be given credit for any unused portion of the annual registration fee when the vehicle is replaced by the purchase or lease of another vehicle during the registration year.

7. The director of revenue and the highways and transportation commission may prescribe rules and regulations for the effective administration of this section. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of section 536.024.

8. Notwithstanding the provisions of any other law to the contrary, owners of motor vehicles other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight may apply for special personalized license plates. Vehicles licensed for twenty-four thousand pounds that display special personalized license plates shall be subject to the provisions of subsections 1 and 2 of section 301.030. On and after August 28, 2016, owners of motor vehicles, other than apportioned motor vehicles or commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight, may apply for any preexisting or hereafter statutorily created special personalized license plates.

9. No later than January 1, 2019, the director of revenue shall commence the reissuance of new license plates of such design as approved by the advisory committee under section 301.125 consistent with the terms, conditions, and provisions of section 301.125 and this chapter. Except as otherwise provided in this section, in addition to all other fees required by law, applicants for registration of vehicles with license plates that expire during the period of reissuance, applicants for registration of trailers or semitrailers with license plates that expire during the period of reissuance and applicants for registration of vehicles that are to be issued new license plates during the period of reissuance shall pay the cost of the plates required by this subsection. The additional cost prescribed in this subsection shall not be charged to persons receiving special license plates issued under section 301.073 or 301.443. Historic motor vehicle license plates registered pursuant to section 301.131 and specialized license plates are exempt from the provisions of this subsection. Except for new, replacement, and transfer applications, permanent nonexpiring license plates issued to commercial motor vehicles and trailers registered under section 301.041 are exempt from the provisions of this subsection.

301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~[-]~~ not in excess of that originally registered. When such motor vehicle is of greater ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less ~~[horsepower,]~~ gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity~~[-]~~ not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less ~~[horsepower,]~~ gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, ~~[or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213,]~~ or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon **satisfaction of all applicable taxes under chapter 144, upon** proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of

revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

2. Other authorized health care practitioners may furnish to a **physically** disabled or temporarily disabled person a physician's statement for only those physical health care conditions for which such health care practitioner is legally authorized to diagnose and treat.
3. A physician's statement shall:
- (1) Be on a form prescribed by the director of revenue;

 - (3) Include the physician's or other authorized health care practitioner's license number; and

4. If it is the professional opinion of the physician or other authorized health care practitioner issuing the statement that the physical disability of the applicant, user, or member of the applicant's household is permanent, it shall be noted on the statement. Otherwise, the physician or other authorized health care practitioner shall note on the statement the anticipated length of the disability, which shall determine the expiration date for the temporary windshield placard, and which period shall not exceed one hundred eighty days. If the physician or health care practitioner fails to record an expiration date on the physician's statement, the director shall issue a temporary windshield placard for a period of thirty days.

5. A physician or other authorized health care practitioner who issues or signs a physician's statement so that disabled plates or a disabled windshield placard may be obtained shall maintain in such disabled person's medical chart documentation that such a certificate has been issued, the date the statement was signed, the diagnosis or condition which existed that qualified the person as disabled pursuant to this section and shall contain sufficient documentation so as to objectively confirm that such condition exists.

6. The medical or other records of the physician or other authorized health care practitioner who issued a physician's statement shall be open to inspection and review by such practitioner's licensing board, in order to verify compliance with this section. Information contained within such records shall be confidential unless required for prosecution, disciplinary purposes, or otherwise required to be disclosed by law.

7. Owners of motor vehicles who are residents of the state of Missouri, and who are physically disabled, owners of motor vehicles operated at least fifty percent of the time by a physically disabled person, or owners of motor vehicles used to primarily transport physically disabled members of the owner's household may obtain disabled person license plates. Such owners, upon application to the director accompanied by the documents and fees provided for in this section, a current physician's statement which has been issued within ninety days preceding the date the application is made, and proof of compliance with the state motor vehicle laws relating to registration and licensing of motor vehicles, shall be issued motor vehicle license plates for vehicles, other than commercial vehicles with a gross weight in excess of twenty-four thousand pounds, upon which shall be inscribed the international wheelchair accessibility symbol and the word "DISABLED" in addition to a combination of letters and numbers. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. If at any time an individual who obtained disabled license plates issued under this subsection no longer occupies a residence with a physically disabled person, or no longer owns a vehicle that is operated at least fifty percent of the time by a physically disabled person, such individual shall surrender the disabled license plates to the department within thirty days of becoming ineligible for their use.

8. The director shall further issue, upon request, to such applicant one, and for good cause shown, as the director may define by rule and regulations, not more than two, removable disabled windshield hanging placards for use when the disabled person is occupying a vehicle or when a vehicle not bearing the permanent handicap plate is being used to pick up, deliver, or collect the physically disabled person issued the disabled motor vehicle license plate or disabled windshield hanging placard.

9. No additional fee shall be paid to the director for the issuance of the special license plates provided in this section, except for special personalized license plates and other license plates described in this subsection. Priority for any specific set of special license plates shall be given to the applicant who received the number in the immediately preceding license period subject to the applicant's compliance with the provisions of this section and any applicable rules or regulations issued by the director. If determined feasible by the advisory committee established in section 301.129, any special license plate issued pursuant to this section may be adapted to also include the international wheelchair accessibility symbol and the word "DISABLED" as prescribed in this section and such plate may be issued to any applicant who meets the requirements of this section and the other appropriate provision of this chapter, subject to the requirements and fees of the appropriate provision of this chapter.

10. Any physically disabled person, or the parent or guardian of any such person, or any not-for-profit group, organization, or other entity which transports more than one physically disabled person, may apply to the director of revenue for a removable windshield placard. The placard may be used in motor vehicles which do not bear the permanent handicap symbol on the license plate. Such placards must be hung from the front, middle rearview mirror of a parked motor vehicle and may not be hung from the mirror during operation. These placards may only be used during the period of time when the vehicle is being used by a disabled person, or when the vehicle is being used to pick up, deliver, or collect a disabled person, and shall be surrendered to the department, within thirty days, if a group, organization, or entity that obtained the removable windshield placard due to the transportation of more than one physically disabled person no longer transports more than one disabled person. When there is no rearview mirror, the placard shall be displayed on the dashboard on the driver's side.

11. The removable windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The removable windshield placard shall be renewed every ~~four~~ **eight** years. **The department shall have the authority to automatically renew current valid disabled placards for a duration of eight years, or for the duration that correlates with the person's current physician's statement expiration date, until all permanent disabled placards are on an eight-year renewal cycle.** The director may stagger the expiration dates to equalize workload. Only one removable placard may be issued to an applicant who has been issued disabled person license plates. Upon request, one additional windshield placard may be issued to an applicant who has not been issued disabled person license plates.

12. A temporary windshield placard shall be issued to any physically disabled person, or the parent or guardian of any such person who otherwise qualifies except that the physical disability, in the opinion of the physician, is not expected to exceed a period of one hundred eighty days. The temporary windshield placard shall conform to the specifications, in respect to size, color, and content, as set forth in federal regulations published by the Department of Transportation. The fee for the temporary windshield placard shall be two dollars. Upon request, and for good cause shown, one additional temporary windshield placard may be issued to an applicant. Temporary windshield placards shall be issued upon presentation of the physician's statement provided by this section and shall be displayed in the same manner as removable windshield placards. A person or entity shall be qualified to possess and display a temporary removable windshield placard for six months and the placard may be renewed once for an additional six months if a physician's statement pursuant to this section is supplied to the director of revenue at the time of renewal.

13. A windshield placard shall be renewable only by the person or entity to which the placard was originally issued. Any placard issued pursuant to this section shall only be used when the physically disabled occupant for whom the disabled plate or placard was issued is in the motor vehicle at the time of parking or when a physically disabled person is being delivered or collected. A disabled license plate and/or a removable windshield hanging placard are not transferable and may not be used by any other person whether disabled or not.

14. At the time the disabled plates or windshield hanging placards are issued, the director shall issue a registration certificate which shall include the applicant's name, address, and other identifying information as prescribed by the director, or if issued to an agency, such agency's name and address. This certificate shall further contain the disabled license plate number or, for windshield hanging placards, the registration or identifying number stamped on the placard. The validated registration receipt given to the applicant shall serve as the registration certificate.

15. The director shall, upon issuing any disabled registration certificate for license plates and/or windshield hanging placards, provide information which explains that such plates or windshield hanging placards are nontransferable, and the restrictions explaining who and when a person or vehicle which bears or has the disabled plates or windshield hanging placards may be used or be parked in a disabled reserved parking space, and the penalties prescribed for violations of the provisions of this act.

16. (1) Except as otherwise provided in this subsection, every applicant for issuance of a disabled license plate or placard shall be required to present a new physician's statement dated no more than ninety days prior to such application, and for renewal applications a physician's statement dated no more than ninety days prior to such application shall be required every eighth year.

(2) Notwithstanding any provision of law to the contrary, if the applicant has presented proof of disability in the form of a statement from the United States Department of Veterans Affairs verifying that the person is permanently disabled, the applicant shall not be required to provide a physician's statement for the purpose of issuance or renewal of disabled person license plates or windshield placards.

(3) Notwithstanding the provisions of paragraph (f) of subdivision (4) of subsection 1 of this section, any person seventy-five years of age or older who provided a physician's statement with the original application shall not be required to provide a physician's statement for the purpose of renewal of disabled person license plates or windshield placards.

17. The director of revenue upon receiving a physician's statement pursuant to this subsection shall check with the state board of registration for the healing arts created in section 334.120, or the Missouri state board of nursing established in section 335.021, with respect to physician's statements signed by advanced practice registered nurses, or the Missouri state board of chiropractic examiners established in section 331.090, with respect to physician's statements signed by licensed chiropractors, or with the board of optometry established in section 336.130, with respect to physician's statements signed by licensed optometrists, or the state board of podiatric

medicine created in section 330.100, with respect to physician's statements signed by physicians of the foot or podiatrists, **or the Missouri board of occupational therapy established in section 324.063, with respect to physician's statements signed by licensed occupational therapists**, to determine whether the physician is duly licensed and registered pursuant to law.

18. The boards shall cooperate with the director and shall supply information requested pursuant to this subsection. The director shall, in cooperation with the boards which shall assist the director, establish a list of all Missouri physicians and other authorized health care practitioners and of any other information necessary to administer this section.

19. Where the owner's application is based on the fact that the vehicle is used at least fifty percent of the time by a physically disabled person, the applicant shall submit a statement stating this fact, in addition to the physician's statement. The statement shall be signed by both the owner of the vehicle and the physically disabled person. The applicant shall be required to submit this statement with each application for license plates. No person shall willingly or knowingly submit a false statement and any such false statement shall be considered perjury and may be punishable pursuant to section 301.420.

20. The director of revenue shall retain all physicians' statements and all other documents received in connection with a person's application for disabled license plates and/or disabled windshield placards.

21. The director of revenue shall enter into reciprocity agreements with other states or the federal government for the purpose of recognizing disabled person license plates or windshield placards issued to physically disabled persons.

22. When a person to whom disabled person license plates or a removable or temporary windshield placard or both have been issued dies, the personal representative of the decedent or such other person who may come into or otherwise take possession of the disabled license plates or disabled windshield placard shall return the same to the director of revenue under penalty of law. Failure to return such plates or placards shall constitute a class B misdemeanor.

23. The director of revenue may order any person issued disabled person license plates or windshield placards to submit to an examination by a chiropractor, osteopath, or physician, or to such other investigation as will determine whether such person qualifies for the special plates or placards.

24. If such person refuses to submit or is found to no longer qualify for special plates or placards provided for in this section, the director of revenue shall collect the special plates or placards, and shall furnish license plates to replace the ones collected as provided by this chapter.

25. In the event a removable or temporary windshield placard is lost, stolen, or mutilated, the lawful holder thereof shall, within five days, file with the director of revenue an application and an affidavit stating such fact, in order to purchase a new placard. The fee for the replacement windshield placard shall be four dollars.

26. Fraudulent application, renewal, issuance, procurement or use of disabled person license plates or windshield placards shall be a class A misdemeanor. It is a class B misdemeanor for a physician, chiropractor, podiatrist ~~or~~, optometrist, **or occupational therapist** to certify that an individual or family member is qualified for a license plate or windshield placard based on a disability, the diagnosis of which is outside their scope of practice or if there is no basis for the diagnosis.

301.147. 1. Notwithstanding the provisions of section 301.020 to the contrary, beginning July 1, 2000, the director of revenue may provide owners of motor vehicles, other than commercial motor vehicles licensed in excess of fifty-four thousand pounds gross weight, the option of biennially registering motor vehicles. ~~[Any vehicle manufactured as an even-numbered model-year vehicle shall be renewed each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model-year vehicle shall be renewed each odd-numbered calendar year, subject to the following requirements:~~

~~(1)]~~ The fee collected at the time of biennial registration shall include the annual registration fee plus a pro rata amount for the additional ~~[twelve]~~ months of the biennial registration~~];~~

~~(2) Presentation of].~~ **The applicant shall present** all documentation otherwise required by law for vehicle registration including, but not limited to, a personal property tax receipt or certified statement for the preceding year that no such taxes were due as set forth in section 301.025, proof of a motor vehicle safety inspection and any applicable emission inspection conducted within sixty days prior to the date of application, and proof of insurance as required by section 303.026.

2. The director of revenue may prescribe rules and regulations for the effective administration of this section. The director is authorized to adopt those rules that are reasonable and necessary to accomplish the limited duties specifically delegated within this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. This section and chapter 536 are nonseverable and if

any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after July 1, 2000, shall be invalid and void.

3. The director of revenue shall have the authority to stagger the registration period of motor vehicles other than commercial motor vehicles licensed in excess of twelve thousand pounds gross weight **to equalize workload or for the convenience of registration applicants.** Once the owner of a motor vehicle chooses the option of biennial registration, such registration must be maintained for the full twenty-four month period.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard,** or in the reserves **for any such branch,** ~~[the United States Coast Guard or reserve,]~~ the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. **Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.**

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

[5-] 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void.

301.558. 1. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer if the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers **or trailer dealers** shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers **and trailer dealers**, and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to ~~one~~ **three and one-half** percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, **trailers**, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used **motor** vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year.

5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge.

6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law, then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020.

301.560. 1. In addition to the application forms prescribed by the department, each applicant shall submit the following to the department:

(1) Every application other than a renewal application for a **new** motor vehicle franchise dealer shall include a certification that the applicant has a bona fide established place of business. Such application shall include an annual certification that the applicant has a bona fide established place of business for the first three years and only for every other year thereafter. The certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located; except that in counties of the first classification, certification may be performed by an officer of a metropolitan police department when the applicant's established place of business of distributing or selling motor vehicles or trailers is in the metropolitan area where the certifying metropolitan police officer is employed. When the application is being made for licensure as a boat manufacturer or boat dealer, certification shall be performed by a uniformed member of the Missouri state highway patrol or authorized or designated employee stationed in the troop area in which the applicant's place of business is located or, if the applicant's place of business is located within the jurisdiction of a metropolitan police department in a first class county, by an officer of such metropolitan police department. A bona fide established place of business for any new motor vehicle franchise dealer, used motor vehicle dealer, boat dealer, powersport dealer, wholesale motor vehicle dealer, trailer dealer, or wholesale or public auction shall be a permanent enclosed building or structure, either owned in fee or leased and actually occupied as a place of business by the applicant for the selling, bartering, trading, servicing, or exchanging of motor vehicles, boats, personal watercraft, or trailers and wherein the public may contact the owner or operator at any reasonable time, and wherein shall be kept and maintained the books, records, files and other matters required and necessary to conduct the business. The applicant shall maintain a working telephone number during the entire registration year which will allow the public, the department, and law enforcement to contact the applicant during regular business hours. The applicant shall also maintain an email address during the entire registration year which may be used for official correspondence with the department. In order to qualify as a bona fide established place of business for all applicants licensed pursuant to this section there shall be an exterior sign displayed carrying the name of the business set forth in letters at least six inches in height and clearly visible to the public and there shall be an area or lot which shall not be a public street on which multiple vehicles, boats, personal watercraft, or trailers may be displayed. The sign shall contain the name of the dealership by which it is known to the public through advertising or otherwise, which need not be identical to the name appearing on the dealership's license so long as such name is registered as a fictitious name with the secretary of state, has been approved by its line-make manufacturer in writing in the case of a new motor vehicle franchise dealer and a copy of such fictitious name registration has been provided to the department. Dealers who sell only emergency vehicles as defined in section 301.550 are exempt from maintaining a bona fide place of business, including the related law enforcement certification requirements, and from meeting the minimum yearly sales;

(2) The initial application for licensure shall include a photograph, not to exceed eight inches by ten inches but no less than five inches by seven inches, showing the business building, lot, and sign. The bond shall be executed in the name of the state of Missouri for the benefit of all aggrieved parties or the irrevocable letter of credit shall name the state of Missouri as the beneficiary; except, that the aggregate liability of the surety or financial institution to the aggrieved parties shall, in no event, exceed the amount of the bond or irrevocable letter of credit. In addition, prior to directing release and payment of the proceeds of a bond or irrevocable letter of credit, the department shall ensure that there is satisfactory evidence to establish that the vehicle which is subject to the written agreement has been returned by the buyer to the dealer or that the buyer has represented to the department that the buyer will surrender possession of the vehicle to the dealer upon payment of the proceeds of the bond or letter of credit directed by the department. Excepting ordinary wear and tear or mechanical failures not caused by the buyer, the amount of proceeds to be paid to the buyer under the bond or irrevocable letter of credit shall be reduced by an amount equivalent to any damage, abuse, or destruction incurred by the vehicle while the vehicle was in the buyer's possession as agreed between the buyer and the dealer. The dealer may apply to a court of competent jurisdiction to contest the claim on the bond or letter of credit, including the amount of the claim and the amount of any adjustment for any damage, abuse, or destruction, by filing a petition with the court within thirty days of the notification by the buyer or lienholder. Re: House Ethics Complaint 25-01

Dear Representative Sparks:

The Committee on Ethics diligently investigated the complaint filed in this matter and found no support for the claims made in the complaint. However, by a unanimous vote on April 2, 2025, the Committee determined that you took one to three votes with an apparent conflict of interest. Specifically, the conduct that the Committee based its decision on includes the following:

You supported and voted for during the Fiscal Year 2024 and 2025 appropriations process funds for a grant to support the start-up costs of a childcare facility in St. Louis County. This grant was contained in Section 2.355 of House Bill 2 (2023), Section 2.380 of House Bill 2002 (2024), and Section 14.093 of House Bill 14 (2025).

The National Law Enforcement Foundation (NLEF) applied for the grant in September 2023 and was ultimately awarded the funding for the childcare facility. Furthermore, you were employed by the NLEF from November 2023 to March 2025 as a Regional Representative. Your work for the NLEF involved assisting with the startup and licensing process of the childcare facility, which was and continues to be funded by the state grant.

The Committee notes that you did disclose your employment with the NLEF in 2023 and 2024 on your personal financial disclosures filed with the Missouri Ethics Commission. However, you did not file a written report of a substantial personal or private interest in the appropriation bills with the Chief Clerk of the House of Representatives before voting on such legislation. Filing such a written report, as provided for in Section 105.461, RSMo., would have helped prevent the appearance of a conflict of interest and furthered public transparency of the appropriations process.

With the issuance of this letter and public reproof of your conduct, this matter is concluded.
