GOVERNOR  
STATE OF MISSOURI

June 30, 2025

TO THE SECRETARY OF STATE  
OF THE STATE OF MISSOURI  
103rd GENERAL ASSEMBLY  
FIRST REGULAR SESSION

Herewith I return to you Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 7 entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Economic Development, Department of Commerce and Insurance, Department of Labor and Industrial Relations and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2025, and ending June 30, 2026.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

RECEIVED  
JUN 30 2025  
CHIEF CLERK
