GOVERNOR
STATE OF MISSOURI

June 30, 2025

TO THE SECRETARY OF STATE
OF THE STATE OF MISSOURI
103rd GENERAL ASSEMBLY
FIRST REGULAR SESSION

Herewith I return to you Conference Committee Substitute for Senate Substitute for Senate Committee Substitute for House Committee Substitute for House Bill No. 8 entitled:

AN ACT

To appropriate money for the expenses, grants, refunds, and distributions of the Department of Public Safety and Department of National Guard and the several divisions and programs thereof, to be expended only as provided in Article IV, Section 28 of the Constitution of Missouri, and to transfer money among certain funds for the period beginning July 1, 2025, and ending June 30, 2026.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward. While these may be worthwhile projects, due to the aforementioned reasons, we must control new spending and cannot prudently justify the following expenditures at this time.

This budget includes historic funding for public education, totaling over \$4 billion, including half a billion dollars in new funding over the prior fiscal year and a nearly \$377 million increase over the next largest annual increase for this iteration of the formula.

RECEIVED

CHIEF CLERK

Section 8.005

I hereby veto \$1 Crime Victims' Compensation Fund for a commercial, real-time automated victim notification system. I also hereby veto the words "commercial," "Missouri Sheriffs, and Missouri Department of Corrections", "a single time", and "; the contracted commercial entity shall house and maintain information necessary to provide automated victim notifications and provide a 24/7 call center for victim support." This language is overly restrictive and may conflict with subsection 650.310.3, RSMo. The Department of Public Safety will continue to coordinate with Missouri Sheriffs and the Missouri Department of Corrections to provide crime victim notifications.

For the purpose of providing funding to procure a victim notification system.

In the FY 2026 budget approved by the General Assembly, nearly \$775 million, including \$297 million for the foundation formula, in new general revenue spending was added above what was included in our FY 2026 budget recommendation. Additionally, according to fiscal forecasts, the current trajectory of state-level spending and revenues projects a budget shortfall starting in FY 2027. A course correction in State finances is not only warranted but will be constitutionally required to achieve a balanced budget in future years and safeguard Missouri's financial security and AAA bond rating moving forward.
