

HB 76 -- BIOLOGICAL DEFINITIONS OF MALE AND FEMALE

SPONSOR: Loy

This bill establishes the "Defining SEX Act", and provides statutory definitions of the terms "female", "male", and "sex".

This bill also specifies that "gender", when used alone and to refer to males, females, or the natural differences between the two, shall be considered a synonym for "sex", and must not be considered a synonym or shorthand expression for "gender identity", "experienced gender", "gender expression", or "gender role". "Gender identity", if the term is used in State law, administrative rules, or guidelines, must not be considered a synonym or substitute for "sex" or "gender".

This bill is similar to HB 2309 (2024).
