

HB 849 -- SELLING OF RAW MILK OR CREAM

SPONSOR: Wolfin

This bill allows for the sale of grade A retail raw milk or cream produced in Missouri at grocery stores, restaurants, soda fountains, or similar establishments.

The bill also specifies that no bottler or distributor of grade A retail raw milk can sell, transport, or deliver the milk unless it has been inspected by the State Milk Board at least annually. Also, any dairy farm producing grade A retail raw milk must have its herd accredited or certified by the U.S. Department of Agriculture as tuberculosis-free and brucellosis-free.

This bill is the similar to HB 1977 (2022).
