

HB 1069 -- MOTOR VEHICLE SAFETY INSPECTIONS

SPONSOR: Farnan

This bill repeals the inspection requirement for non-commercial motor vehicles which is currently required in order to renew a motor vehicle license. The air quality and emission inspection requirements for St. Louis and some specified areas, which are mandated by Federal law, are not modified. Inspection stations can still perform school bus safety inspections, odometer reading inspections, and services for transferring vehicle ownership.

This bill is similar to HB 334 (2025).
