

HB 1324 -- MISSOURI EMPOWERMENT SCHOLARSHIP ACCOUNTS

SPONSOR: Fogle

The bill modifies the current definition for "qualified school" for the Missouri Empowerment Scholarship Program to include in the definition that a qualified school cannot discriminate based on religion, sexual orientation or gender identity or expression. The bill also prohibits otherwise qualified schools that have discriminatory creeds, practices, admission policies, or curriculum from participating in the Program.

This bill is similar to HB 2893 (2024).
