This bill creates a process for voters to provide missing information on an absentee ballot envelope. I support no-excuse absentee voting either by mail or in person, advance voting and measures that facilitate participation in the election process. Currently, if an absentee ballot has a clerical error, it is rejected. As a volunteer for the Election Protection Hotline each year over the last several years, I understand the importance of the ability to cure a ballot. We should want more access to voting, and allowing the curing of absentee ballots is a good way to do this.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

To the Honorable Rodger Reedy and Members of the Elections Committee:I have served Christian County as an election judge for the past nine years. I have come to appreciate how the act of voting creates a direct link to a strong government by increasing citizen participation and interest. Please VOTE IN SUPPORT of HB1055. Hardworking county clerks across Missouri would be assisted by passage of this bill as it allows absentee ballots to be tabulated when they are received, instead of waiting, for no real reason. The current five day limitation creates hardships for the small staffs in our counties. In addition, if an absentee ballot has a clerical error, allow it to be corrected. VOTING YES seems to make common sense.Please pass HB1055 in order to allow more citizens participate in our governmental processes.

I am in Support of this Bill. The intension of this Legislation is to give every opportunity to the Voter to Comply with the Promulgated Rules and Regulations of the State Election Law, Chapter 115 after submitting a "Absentee Ballot" to the County Election Authority. The County Election Authority Staff MUST make every means possible to contact the Voter, Notify them of the missing information and allow the Voter to make the necessary corrections to the submitted Ballot Envelop, so that the Ballot can be counted and processed accordingly.

This bill will provide additional safety and security to the absentee voting process. Currently if an absentee ballot has a clerical error, it is rejected. The opportunity to correct and "cure" the ballot is a positive change. Additionally, allowing the election officials to start the ballot review and preparation process upon receipt of the ballot is critical to improving the election process.

Innocent errors should not prevent a Missourian's vote from being counted. This bill would allow those mistakes to be cured and the vote counted, as is our constitutional right. It also allows election officials to prepare the ballots upon receipt, making our elections more efficient and probably more accurate. Please vote YES on HB1055. Thank you.

I support all measures that facilitate access to voting. The state of Missouri should allow people to correct information on their ballot and make all attempts to have each person's vote counted. There may be many reasons why someone may have missing or incorrect information. If we value people's right to vote, we should give them the benefit of the doubt and design a policy that makes that happen.

This bill will allow the correction of innocent mistakes on absentee ballot envelopes. Anyone can make a clerical error, and they should be given a chance to fix it. It also allows county clerks to prepare absentee ballots for counting as they come in, which will ease the workload on election day and make the vote-counting smoother and more efficient.

The League supports no-excuse absentee voting either by mail or in person, advance voting and measures that facilitate participation in the election process and expand all forms of early voting and work to reduce election administration stress. This bill allows absentee ballots to be "cured" if a voter makes a mistake on the ballot envelope. This is a very positive effort to ensure that every vote be counted. The League states its support for this bill and thanks Rep. Hovis for submitting it.

Chair Reedy and Members of the Committee -On behalf of Health Forward Foundation (Health Forward), I submit this written testimony in support of HB 1055. Health Forward works to support and build inclusive, powerful, and healthy communities. We support this legislation as it allows people who have cast an absentee ballot a chance to correct any incorrect or missing information on their ballot, rather than having it rejected outright. HB 1055 would give a chance for voters using mail-in absentee ballots to correct for any potential mistakes once they've been contacted by their local election authority. According to Fordham Law School, voting absentee by mail is a secure and effective method to vote for people to cast their ballot, with many studies and audits supporting this with evidence (<https://fordhamdemocracyproject.com/2023/07/24/a-republican-legacy-no-excuse-absentee-voting-as-an-efficient-user-friendly-government-service-2/>). Additionally, this can help many voters ensure their vote counts by making it more accessible. For example, voters with disabilities have lower turnout than those without disabilities (<https://www.ncsl.org/elections-and-campaigns/voters-with-disabilities>) and this legislation will help ensure these voters cast a ballot that is ultimately counted, even if a small mistake would've otherwise lead to it being discarded. A thriving participatory democracy helps to improve people's health by making it easier for them to weigh in at the ballot box. The National Medical Association and the American Medical Association have both deemed voting access and rights as a determinant of a person's ability to lead a healthy life. Additionally, it also can help improve health outcomes - from increasing access to health insurance to reduced risk of chronic illnesses like cancer (<https://www.theguardian.com/us-news/2022/jul/14/voting-healthus-medical-association>). Adding more options to vote safely and securely, as this legislation does, will encourage more people to turn out to vote. Health Forward asks legislators on this committee to vote yes on HB 1055. This bill takes a meaningful step forward in increasing the convenience and flexibility for voting options for Missourians. Please feel free to reach out to me if you have any questions or would like additional resources at [nmadden@healthforward.org](mailto:nmadden@healthforward.org) Respectfully, Nathan J. Madden, Ph.D. Impact Strategist - Policy Health Forward Foundation

My name is Patricia O’Roark and I am writing to support HB 1055 for the following reasons:My Aunt Martha is 102 years old. She lives in a small community in Hickory County. Her body is feeble, but her mind is not. She is blind and she can barely walk. Nevertheless, she still lives in her apartment of 12 years. She always votes, but, of course, in recent years she has been unable to vote in person and so votes with an absentee ballot. Because she cannot read the ballot anymore, I usually help her. But sometimes someone in the apartment complex in which she lives helps her. I have in the past found her ballot waiting to be mailed and have noticed errors on the outside of the ballot. Of course, I helped her correct them, but if I hadn’t happened along her ballot would have been rejected because of errors that we could have easily corrected. There are many voters who are like my Auntie. Their votes should not be voided by minor errors that are easily curable. I urge the committee to pass HB 1055.

**Dear Members of the House Elections Committee, I ask you to support HB 1055, regarding absentee ballots. This bill provides an important opportunity for Missourians to fully participate in the election process by giving them an opportunity to cure absentee ballots that have been rejected. This bill would also reduce administrative stress by repealing the five day limitation for election authorities to prepare absentee ballots for tabulation; instead, allowing them to prepare absentee ballots for tabulation upon receipt. Thank you, Rachel Webb**

In the changing climate of our Country I have been worried about the ability of people to vote easily and effectively, is such a way that feels like it would deny people their right to vote with petty procedures. So hearing that my legislators are working to help people exercise the right to vote is hearting and greatly appreciated. Thank you for this bill and what is could do to help insure voters have their voice heard even when they misspeak.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

I am submitting my testimony in **SUPPORT** of this bill which creates a process for voters to provide missing information on an absentee ballot envelope. Currently if an absentee ballot has a clerical error, it is rejected. This bill allows the ballot to be cured so it can be counted. It repeals the five-day limitation for election authorities to prepare absentee ballots for tabulation upon receipt. Many voters, including U.S. military members stationed overseas, rely upon absentee ballots in order to cast their votes in elections. Not allowing corrections for minor clerical errors effectively disenfranchises voters. Giving them only five days to make necessary corrections is simply not enough time to ensure that those votes will be counted properly. I urge the Missouri House to do the right thing for the voting public and pass this bill in order to protect Missouri voters and their rights under the U.S. Constitution. Thank you.

The Freedom Principle MO has been one of the strongest grassroots organizations fighting to protect election integrity and we are opposed to this bill because this creates a ballot-curing process for mail-in absentee ballots. This bill does not define what is described as "Missing Information" opening a door to potential mail-in ballot fraud.

There are currently laws **AGAINST** ballot curing. This would change that while not showing a need for the curing of ballots. This option allows too much possibility for favoritism and corruption in the Clerk's office, while not showing a great need for the consideration.

I'm a former county clerk. "Curing" an absentee ballot statement may already be occurring, and it may be selectively done, in one or more counties. Will this affect a practice that may already be occurring? I believe we should demand serious deliberation on ballot races and issues by the voters; nothing less is required when voters are asked to decide on the constitutionality of abortions, whether or not adults may partake of recreational marijuana, whether or not a gas tax increase should be passed for the state's consumers. The ballot issues in the November 2022 general election required a 70 x 42 inch poster, six columns, to show the statutory language behind the six ballot issues. It is ludicrous to think that voters cannot be expected to read and comply with instructions on an absentee ballot statement, when they are presented with 38 pages of language that ultimately ends up in the state constitution, as was the case with recreational marijuana. Furthermore, there may be unequal energy spent on calling back voters to complete their ballot envelope statement; should the phone ring once, or 10 times? One theoretical danger would be a voter returning to complete a statement on a sealed envelope that did NOT contain the ballot they submitted. This is a moral hazard! What about in-precinct, election day voters? Should they have their vote negated by an opposite vote of someone who cannot read instructions on an absentee ballot? Please note I've been a Missouri resident since August 1980 and a Phelps County resident since 1989. I am not an interloper from somewhere else. Pamela K. Grow, M.D. Phelps County Clerk 2015-2022

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

The bill as written is unclear as to the legal obligation of the absentee voter. I believe the language in HB1055 should state that the voter's resubmitted statement shall be complete and shall be in substantially the form as prescribed under RSMo 115.283. I believe the opportunity to resubmit the statement should be restricted to one verified successful contact with the voter.
