Tax the rich. If you're wealthy enough to inherit anything of value, you need to pay taxes on it.

I am a mother of 3 young girls, a wife, and a registered nurse. The fact that myself or my children could be tracked in a database due to the medical condition of pregnancy is appalling. I am not in favor of abortions, but that does not give the state a right to play "big brother" and watch our every move. This is a violation of HIPAA and human rights, as everyone deserves the right to privacy. I do not want myself, my children, or any of my patients to be tracked like animals. This is NOT the 'work around' for the publics passing/legalization to the right to abortion. All mothers should be outraged that this idea even exists.
