I support this bill as a resident of MO who conceal carries a gun every day for years. I wish to have the means to protect my family at church or on public transportation. I am forced to leave my gun in the car when we go to church which leaves it vulnerable to theft. It is much safer to keep my gun on me than to leave in the car because some arbitrary law says I have to. I have never used public transportation as it's a felony while carrying and I would never trust my gun left un-attended in the city. I would sure like to be able to try the trolly they installed running from the river market down Main Street in KCMO without being discriminated against b/c I'm armed. This bill would allow me to do that.

Current law prevents law abiding citizens from exercising their 2A rights at any time during their day if their activities include riding on a public conveyance. This is especially dangerous late at night when passengers are waiting to board or immediately after they disembark. Without their ability to defend themselves they are easy prey for would be attackers. CCW permit holders are not the problem. They have been photographed, fingerprinted, investigated, and vetted. They must demonstrate competence with a firearm. Police officers are six times more likely to commit misdemeanors or felonies than CCW permit holders. It has been claimed that the presence of CCW permit holders would unduly alarm many passengers and they would abandon public transportation although it was not explained how passengers would be aware that a CONCEALED weapon was present. It is curious to me that these same passengers are not alarmed to the point of abandonment by the possibility of criminal elements carrying illegal firearms.

I write in strong opposition to the proposed gun laws, HB328, HB434 and HB459. My husband and I are both gun owners. I come from a long line of hunters and military. I support common sense methods to prevent gun violence. I do NOT support these measures which will further endanger the people of Missouri. Please vote NO. I was prepping for my religious school kindergarten class the morning of October 27th, 2018. I received a news alert on my phone that there had been a shooting at a synagogue in Pittsburgh. I remember the horror and sadness I felt for those congregants and the worry because in less than an hour I had 5 and 6-year-olds coming into the classroom in our synagogue. Would I be able to hide these precious kids in time if someone came into our synagogue with a gun and a mission to kill Jewish people? I always have to keep an escape plan in the back of my mind because I teach at my synagogue and antisemitism isn't going anywhere. Families of all faiths should not have to fear gun violence at their place of worship and allowing anyone to bring a gun into a place of worship would do just that. I am urging representatives to vote against HB 328.

As a teacher every year I have to participate in active shooter drills that tell my students they aren't safe at school. They should not have to worry about guns being carried into their churches or busses too. Even when the west was wild we told people not to take their guns to town. Common sense gun reform needs to happen in Missouri.

Emotional control and impulse regulation continue to develop into the mid-20s. Young people are responsible for a disproportionate amount of gun homicides and school shootings. Furthermore, research shows that states with relaxed concealed carry permit restrictions have higher rates of firearm assaults and violent crime. HB 328 puts women at increased risk of being harmed by gun violence in public spaces, as well as the general population. I oppose HB 328.

I ask that the committee and Rep. Taylor reconsiders the lowering of the age for concealed carry. Schools service students over the age of 18, but a small number of students compared to the amount that can be at the age of 18. This will help reduce the increased potential of risk and legal procedures school staff must navigate to not violate the law, while trying to ensure school safety. Keeping the age at 19 would be an overall beneficial aspect for all parties involved. Thank you for considering this request to keep the minimum age at 19.

The proposals impacted houses of worship are dangerous and undermine the religious liberty rights of faith groups. Houses of worship should not have less say over what happens in their buildings than liquor stores, river boat gambling operations, and amusement parks. Quit targeting houses of worship. The Second Amendment does not trump the First Amendment.

I oppose HB 328 because I believe it puts public safety at risk. Expanding concealed carry without proper training could lead to more accidents and dangerous situations, especially in crowded areas. Law enforcement officers have already raised concerns about how this could make their jobs harder and put more people in harm's way. This bill also takes away local control, preventing communities from making decisions that fit their needs. I urge you to vote against HB 328 and keep common-sense safety measures in place.

Being a CCL license holder doesn't mean that you are trained to the level of law enforcement, nor does it insure that the CCL holder is any type of marksman, that would put innocent bystanders lives in danger. Churches should be allowed to decide if they feel they need security and designate those allowed to carry firearms into their places of worship.

All of these proposed bills greatly endanger the citizens of Missouri by negligently increasing the volume of weapons on the streets. There is no telling how many lives are at risk in both acts of violence and suicide for those who would have been protected by Red Flag Laws. These are crucial to responsible gun ownership.

This bill will cause further harm to Missourians by allowing guns on public transit & in houses of worship. It would vastly expand the places where firearms are legally allowed in Missouri & increase public places where families would fear the threat of gun violence. This bill undermines public safety & will weaken MO's already lax gun laws.

It has been shown time and time again that states with fewer restrictions on firearms suffer from more gun violence. HB328 would vastly expand the places where firearms are allowed and multiply the public places where families would fear the threat of gun violence. Guns on transit and guns in houses of worship are bad ideas.

I am firmly opposed to this bill which would egregiously put the community at risk and negates the rights of citizens to exist, travel, and worship in what SHOULD be safe environments. In addition, protecting children and victims of abuse SHOULD be a main priority for those elected to legislative office. How hypocritical and unethical, after removing this bill following the KC Chiefs Super Bowl Parade shooting, to reintroduce it now.

This bill has been brought up for consideration at least two times before, and it has failed for good reason. Allowing people to carry gun on public transportation (buses, etc.), in churches and other houses of worship, and other public places will only increase the risk of more shootings and gun deaths in Missouri. If passed, HB 328 would undermine public safety.

I am very against this bill. I have small children and would not feel comfortable having people carry firearms on public transit we use nor in our churches and houses of worship. I would not see this as a protection only a danger. I do not want guns brought out into the open near my family and especially my small children. I do not support this bill. Please consider the implications this will have on our communities.

Please do not pass HB 328, the guns everywhere law. MO has had a 59% increase in gun deaths from 2013-2021. The numbers tell us more guns do not make us more safe, they make us less safe. Reducing the age to carry and allowing guns in more spaces only makes us less safe in more places. Please give us more safe spaces, not less! Thank you.

I strongly oppose allowing guns on public transit and houses of worship, often sites of gun violence by radical terrorists or people having a mental health crisis. Innocent people going about their daily business or those practicing their religion should not have to be afraid to travel or worship safely.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

I am a resident of Missouri in St Louis County. The HB328 would legally expand the number of public places where children and families can be harmed by firearms and be in fear of the threat of gun violence. There is no need for people to bring guns into our houses of worship - it should be a place of peace, Lowering the age limit of CCW makes no sense. This brings increased risks of young adults having poor or impulsive judgment and using firearms when angry. I strongly urge the House to vote No on HB 328.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

I am opposing HB 328 for several reasons: 1. Increased Risk Among Young Adults Lowering the minimum age for concealed carry permits to 18 may lead to higher risks of firearm-related incidents among young adults. Research indicates that individuals in this age group are more prone to impulsive behaviors and may lack the maturity required for responsible firearm handling. 2. Campus Safety Concerns Repealing the prohibition on carrying concealed firearms in higher education institutions could compromise campus safety. The presence of firearms in academic settings may increase the likelihood of accidental discharges, escalate conflicts, and pose challenges for campus law enforcement. 3. Potential Impact on Educational Environment Allowing concealed firearms on college campuses may create an atmosphere of fear and anxiety among students and faculty, potentially hindering open discussions and the free exchange of ideas that are fundamental to higher education. 4. Opposition from Educational Institutions Many colleges and universities, as well as educational associations, have expressed opposition to allowing concealed carry on campuses, citing concerns over safety and the potential negative impact on the learning environment. In conclusion, opposing Missouri House Bill 328 is crucial to maintain public safety, protect the integrity of educational environments, and address the concerns of educational institutions and the broader community.

This bill would vastly expand the places where firearms are legally allowed in Missouri and multiply the public places where families would fear the threat of gun violence, would undermine public safety, and would continue to weaken Missouri's already lax gun laws. These attempts--year after year, to weaken Missouri's gun laws are a slap in the face of your constituents who reject your greedy and harmful efforts!

Missouri's percentage and numbers of deaths by firearms are rising instead of falling. As an anti-violence volunteer who works with bereaved families, I see the effects weekly. We have freedom of religion in our Missouri Constitution. With all due respect, the House ought not to tell individual pastors or congregations what their policies will be regarding guns or anything else. I believe this sets a precedent that Missourians would rather not exist. Thank you.

I oppose HB 328 which would allow firearms in more sensitive places. I am a Christian and according to Christ's teachings guns do not belong in a place of worship. There are other, less risky, ways to ensure the safety of worshippers. Allowing guns on transportation is a bad idea because there can be no real time vetting of whether a rider is a legal gun owner and has a CCW. Essentially, anyone could carry a gun thus exposing Missourians to increased risk. This law may make gun owners feel safer but does nothing but increase the risk for the majority of Missourians who do not choose to carry a gun. Over and over, studies show that more guns in more places do not make us safer. If that were so, MO would have a very low gun death rate already but has one of the highest.

We do not need more of a "Wild West" MO. The gun laws already are too lax. Allowing guns in a place of worship is scary and very unsafe. If I go to church on a Sunday and see a man carrying a gun I'm taking my family and leaving because I will feel threatened and unsafe. NO NO NO on HB328

this bill is absolutely disgusting, there's no reason why a gun should be allowed on a public bus. You were just encouraging more gun violence with bills like this. This is frankly unconstitutional as you're praising vigilante justice, because there is literally no other excuse for this bill. Regardless none of your constituents are in favor of this bill, they want better living conditions and you're worried about giving more people guns. You're a disgrace to your government.

I think there is so much tragedy with people who use guns to injure and kill people. Often people who have guns do not have compassion for others, while others who carry guns do not use safety locks or keep them away from children. Having guns on public transit and in places of worship or schools is dangerous to our public safety.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

As a mother of two young children, one of my greatest concerns is the safety of my children. Due to the recent history of increasing gun violence and mass shootings in our country, I already have increased daily anxiety and fear for my kids' safety when sending them to school, or visiting grocery stores, parades, or movie theatres with them. I am acutely aware of all exits everywhere I go and have nightmares about how to prioritize both children in worst case scenarios. These fears are not unfounded: Missouri's rate of gun deaths has increased 59% from 2012 to 2021, compared to a 33% increase nationwide. This means that in 2021 there were 532 more gun deaths than in 2012. I strongly oppose guns on transit and guns in houses of worship. This bill would vastly expand the places where firearms are legally allowed in Missouri and multiply the public places where families would fear the threat of gun violence, would undermine public safety, and would continue to weaken Missouri's already lax gun laws.

Lowering the age of concealed carry and allowing people to conceal carry on public transportation and in churches does not make any of us more safe. It increases the risk for all that we will be shot by someone who does not have the training or experience necessary to handle a firearm, since Missouri does not adequately regulate concealed carry permits.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

HB 328 jeopardizes public safety by permitting concealed firearms on public transportation and in places of worship, among other concerning changes. Public buses and terminals are high-traffic areas where stress and conflicts can arise quickly. Introducing firearms into these spaces increases the likelihood of accidental shootings, heated confrontations turning deadly, and even mass shootings. For instance, in 2023, a heated argument on a Chicago bus led to a fatal shooting, leaving passengers traumatized. Allowing guns in these environments puts everyone at risk, particularly vulnerable groups like children, seniors, and individuals with disabilities. Public transportation should remain a secure space, free from the added danger of firearms. Additionally, the bill lowers the age requirement for concealed carry permits from 19 to 18, despite evidence that younger individuals are more likely to act impulsively. Research from the National Institutes of Health confirms that the brain's decision-making abilities are not fully developed until the mid-20s. Allowing 18-year-olds to carry concealed weapons in public ignores this reality and increases the chances of firearm-related accidents or violence. For example, in 2021, a 19-year-old in Texas mishandled a firearm in a crowded park, accidentally shooting a bystander. Lowering the age requirement will only lead to more preventable tragedies, endangering communities across the state. Worse yet, the bill removes essential protections by allowing individuals with violent misdemeanor convictions to obtain concealed carry permits. This undermines the intent of background checks, which are designed to prevent dangerous individuals from carrying firearms. For instance, someone convicted of assault or stalking could now legally carry a concealed weapon, putting their victims and the public at greater risk. Furthermore, allowing firearms in places of worship disregards the sanctity of these spaces, which should be sanctuaries of peace, not places where congregants feel unsafe. This bill prioritizes gun access over the safety and well-being of the public, and it must be opposed.

As a lifelong Missourian, I strongly oppose this bill. As a mental health professional who has worked in prisons, I can tell you there is absolutely no way that we should be considering making it easier for people with criminal records to legally carry firearms. On top of that, lowering the age for concealed weapons is reckless. Humans have a poorly developed pre-frontal cortex until the age of 25. Basically, we don't use sound judgment until that age because it takes that long for the brain to be capable of it. Until then we can make incredibly impulsive, emotional and rash decisions. We should be raising the age, not lowering it. It's all we need is more hothead teens walking around with guns. It's absolutely insane we are focusing on deregulating guns here when so many of us are struggling to live financially. What are you all doing about that?

My name is Lenette Johnson and I am a Missouri citizen. I am also a regular church goer at St Mary's Episcopal Church . I am in opposition to this bill HB 328. Churches should be one of the places where parishioners can attend without concern about concerned carry. This law could be dangerous for Missouri citizens-both adult and children. I was a schoolteacher for 34 years in Missouri and I have made it a priority since retirement to promote gun safety.

My name is Leslie Anne Washington and I am in opposition to HB328. This bill is not viable and safe for those who use public transportation as well as enter into houses of worship. This bill if passed would vastly impact this as well as expand the places where firearms are legally allowed in Missouri and multiply the public places where families would fear the threat of gun violence occurring and would undermine public safety and also continue to weaken Missouri's already lax gun laws. I implore you do the right thing and not push this bill any further.

I oppose HB 328 and the attempt to force more guns into our communities. Churches are sacred spaces and each congregation should have the right to determine whether they want lethal weapons within their walls, not the government! I have many minister friends and they all oppose this infringement on their beliefs. A version of this bill is put forward every year and every year, communities that actually have public transportation come out in opposition to allowing deadly weapons on their buses. Please listen to them.

I oppose this act because gun violence the rate of gun deaths has increased 40% from 2014 to 2023 in Missouri, compared to a 34% increase nationwide. This means that in 2023 there were 381 more gun deaths than in 2014. In Missouri, the rate of gun suicide increased 26% and gun homicide increased 59% from 2014 to 2023, compared to a 21% increase and 57% increase nationwide, respectively. If there's a law that allows guns in more public places, such as transit or houses of worship, that will give more opportunity for gun violence to occur in those places. Thank you for your time and consideration, Maria Lindbergh

I strongly object to HB328 expanding the sensitive locations in which guns may be carried. I am a regular rider of the Metro in St. Louis. The very LAST thing that people need to be worrying about on their way to work is if the person next to them is going to pull out a gun and start shooting. The same thing goes for people in church and families enjoying a trip to the zoo or the botanical garden. The myth that a "good guy with a gun" will stop a killer is dangerous to police, who have no idea if the person they see with the gun is the initial threat or the "good guy." Additionally, the average gun owner is not trained in emergency response and is as likely to shoot an innocent bystander as a mass shooter. This law will just add unnecessary fear and stress to Missourians just trying to live their lives.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

HB 328 poses a significant threat to public safety by allowing concealed carry permit holders to bring firearms onto public transportation and into places of worship, among other concerning provisions. Public transportation, such as buses and terminals, are crowded spaces where tensions can run high, and introducing firearms into these environments increases the risk of accidental discharges, escalations of conflicts, and mass shootings. For example, in 2021, a dispute on a New York City subway escalated into a shooting, injuring innocent bystanders. Allowing firearms on buses and in terminals would only exacerbate such risks, putting passengers—especially vulnerable populations like children, the elderly, and those with disabilities—in harm’s way. Public transportation should remain a safe space for all, free from the added danger of firearms. Furthermore, the bill dangerously lowers the age requirement for concealed carry permits from 19 to 18 years old, despite overwhelming evidence that younger individuals are more prone to impulsive behavior and poor decision-making. According to the American Psychological Association, the prefrontal cortex, which governs impulse control and judgment, is not fully developed until the mid-20s. Allowing 18-year-olds to carry concealed weapons in public spaces ignores this scientific reality and increases the likelihood of firearm-related accidents or violence. For instance, in 2022, an 18-year-old in Ohio accidentally discharged a firearm in a crowded mall, injuring two people. Lowering the age requirement for concealed carry permits would only make such incidents more common, endangering communities across Missouri. Finally, HB 328 removes critical safeguards by allowing individuals with prior convictions for violent misdemeanors to obtain concealed carry permits. This provision undermines the purpose of background checks and permits, which are designed to ensure that only responsible, law-abiding citizens carry firearms in public. For example, someone convicted of domestic violence or assault within the past five years could now legally carry a concealed weapon, increasing the risk of harm to their victims or others. Additionally, the bill’s expansion of concealed carry into places of worship disregards the sanctity and safety of these spaces. Churches and other religious institutions are meant to be places of peace and refuge, not environments where congregants must worry about the presence of firearms. HB 328 prioritizes the interests of gun owners over the safety and well-being of the general public, and for these reasons, it must be opposed.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

Missouri Public Transit Association Testimony in Opposition to HB328 House General Laws Committee, January 28, 2025 Bills introduced this session in the MO House and Senate would allow individuals with conceal/carry permits to carry firearms on public transit buses, vans, trains and other spaces owned or operated by a public transit provider. While intended to improve safety and protect Second Amendment rights, it's crucial Missourians understand the unimaginable risks and why the Missouri Public Transit Association and all transit providers statewide adamantly oppose it. Just like on airplanes and Amtrak — where guns are not allowed — public transit vehicles are enclosed, moving environments that pose imminent danger for passengers and operators should an accidental discharge or planned attack occur. We know safety is paramount. The largest Missouri transit providers provide tens of millions of rides each year and have publicly expressed opposition to conceal and carry on transit. That's why transit officials in both rural and urban areas are working to enhance safety programs including working directly with law enforcement agencies to increase police presence on systems. Real-time camera centers and systems are serving as force multipliers; a \$52 million, state-of-the-art security plan is being implemented in St. Louis; and partnerships have been established to connect riders in need of mental health assistance with providers at several agencies. OATS is in the process of implementing a real time camera system on its vehicles. Transit safety is being addressed each day. Finally, the ATU which represents thousands of transit operators in the state is adamantly opposed to these bills as they inherently place their members at risk. These operators are essential to ensuring our communities continue to have good access to jobs, education and healthcare. Other organizations like Greater St. Louis, Inc.; City of Kansas City, and Citizens for Modern Transit have all testified previously in opposition to these bills. Transit is having a significant positive economic impact on our state to the tune of more than \$4 billion annually. Impairing the ability of transit providers to deliver service with a bill like this will impact the state's bottom line. This bill is personal to transit riders across the state, and arming transit riders is not the answer to enhancing the safety and security of these systems. Just as guns are not allowed on Amtrak or an airplane, they shouldn't be allowed on transit. Thank you for your time. Missouri Public Transit Association - Kimberly M. Cella, Executive Director Kcella@Mopublictransit.org

I oppose expanding firearm permissions to public transit and houses of worship because it undermines public safety and increases the risk of gun violence. This bill would amplify fear and anxiety in public spaces, deterring families from using essential services like transit or attending their faith communities. Missouri already has some of the laxest gun laws in the nation, and this proposal would weaken them further without addressing critical concerns like training, accountability, or enforcement. Rather than fostering safety, expanding firearm access in these spaces threatens to increase violence, contradict the values of worship, and jeopardize community trust.

None of these bills will make Missourians safer. Red flag laws protect women and children from abusive spouses. Red flag laws help to prevent suicide. The proliferation of fire arms makes citizens less safe. I am not against guns. I was raised to use and respect firearms. This is not a second amendment issue. This is a public safety issue. Continue to target shoot and hunt, but don't create the wild west in our state.

I am opposed to this bill. MO needs fewer guns in public, not more. Public transportation is not a place where guns, concealed or open, are a good idea. Who is going to check that a person has a permit for the gun in their pocket? What is the purpose of a gun on public transport - that good guys with guns can outshoot bad guys with guns? We are not in the Wild West anymore. Why would you, and we non-elected citizens, NOT want these simple protections that DO NOT infringe on regular gun rights?

I am a resident of Missouri in St Louis County. The HB328 would legally expand the number of public places where children and families can be harmed by firearms and be in fear of the threat of gun violence. There is no need for people to bring guns into our houses of worship - it should be a place of peace, Lowering the age limit of CCW makes no sense. This brings increased risks of young adults having poor or impulsive judgment and using firearms when angry. I strongly urge the House to vote No on HB 328.

As a concerned Missourian and a responsible gun owner, I strongly urge you to vote NO on HB 328, which would decrease public safety and likely lead to an increase in violent crime and suicide. Compelling religious leaders to allow guns in houses of worship, allowing concealed carry on public transport, and lowering the age for concealed carry to 18, are all dangerously unsafe and unnecessary measures. Act to protect Missourians, not endanger them.

As a parent and teacher, I am worried about the pattern of deregulation I see in our state. Guns are increasingly made to be more lethal via the number of shots they can inflict per minute. If someone has made threatening statements or actions, 'red flags' work to protect the community. We need more regulation, not less. I will always vote for individuals that work to protect my students and children by showing they value their lives over arms.

I am testifying in opposition to this bill. We do not need guns on public transit. I am a gun owner, I also CCW from time to time, and I ride public transportation. Having a gun on a public bus would not help any situation. The combined space and the number of people make it a horrible place to deploy a gun. Most CCW holders are not well trained. I have taken many personal combat and self defense classes. Some of these classes have been centered in fighting from a vehicle and I having taken these trainings don't feel that is something I wish to do, nor do I trust 95% of my fellow ccw holders to be trained to do. This is bad law.

I oppose guns on transit and guns in houses of worship. This bill would vastly expand the places where firearms are legally allowed in Missouri and multiply the public places where families would fear the threat of gun violence, would undermine public safety, and would continue to weaken Missouri's already lax gun laws.

**Any new legislation should protect the people of MO from gun violence. It is time to work on common sense gun legislation, not making our society more dangerous with additional concealed weapons.**

I oppose this dangerous bill. This big government overreach would usurp local control. As a user of public transportation, I oppose allowing firearms on public transit, and so do the bus drivers I know. Something to consider: On buses, there is no glove compartment for safe storage of a firearm. There is also no requirement that a gun be properly holstered. I have been on a bus when the driver had to slam on the brakes and everyone's belongings went flying, including a toddler. A gun could have clattered to the floor and discharged, or landed under a seat unnoticed for a child to find at a later date. I am writing to reiterate that guns on public transit are a bad idea.

Please oppose this law. My husband commuted to work daily on the St. Louis Metrolink. He was assaulted on the train by 4 individuals 7 years ago. Fortunately they did not have a firearm, and they came at him from behind and it happened so quickly that my husband said they could have taken any firearm he might have had and use it on him. NOT a place to allow firearms.

I oppose HB 328 because it will allow more guns in more public places increasing the likelihood of firearm violence, and loosens our already nearly non-existent requirements for CCWP.

Please **OPPOSE** the passage of HB 328 out of the House General Laws Committee or on the House floor. As a lifelong Missourian, I **OPPOSE** allowing guns openly carried or concealed on public transportation and allowing 18 year olds to get concealed carry permits. I **OPPOSE** allowing those who are violent by conviction, guilty pleas or nolo contendere to get concealed carry permits of any kind. I also **OPPOSE** forcing churches and other Houses of Worship to accept the concealed carry of weapons even for those with a permit, without the permission of the pastor or church leadership. I don't think it is infringing on mine or anyone else's 2nd Amendment rights to allow for churches to prohibit or limit guns by the decision of the pastor or church leadership. In my opinion, guns in churches doesn't equal safer churches. The courtesy to know who is carrying a concealed weapon and therefore the ability to vet that person and extend permission, should remain with the pastor or church leadership. According to The Trace.org, after Missouri passed permitless carry, monthly shooting fatalities were 28.7% higher in the following three years, compared to the three years before. ('Permitless Carry Will Deter Shootings, Proponents Said. That's Not What's Happened.' By Chip Brownlee Aug 9, 2024) This seems to illustrate to me that more guns, allowed in more places, regardless of permits, means more gun violence for Missouri. Please vote to **OPPOSE** HB 328.

<b>THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.</b>			

**Opposition to HB 328 - Firearms on Public Transportation.**I urge you to vote against HB 328. Allowing firearms on public transportation poses significant safety risks to passengers and transit workers, especially in crowded, high-stress environments. Lowering the age for concealed carry permits and removing restrictions on those with violent misdemeanor convictions undermines public safety and responsible gun ownership. Additionally, repealing the prohibition of firearms in places of worship disregards the rights of congregations to maintain safe spaces. This bill prioritizes access to firearms over public safety and responsible regulation. Please oppose HB 328 to protect our communities.

I am opposed to HB 328 because I do not think we need to allow guns in churches and on public transportation. I already fear taking my children out in public places in Missouri because so many people have guns without proper training and background checks. These laws increase gun violence in our state. I am not opposed to people owning guns, but there should be common sense gun laws to protect our families and communities. I do not think waiting a few days for a background check infringes on anyone's 2nd amendment rights. We are required to have a driver's license to drive, and a photo ID to vote, why not a license to own a gun, too?

This bill would vastly expand the places where firearms are legally allowed in Missouri and multiply the public places where families would fear the threat of gun violence, it would undermine public safety, and it would continue to weaken Missouri's already lax gun laws.
