I SUPPORT HJR 46 as originally filed. I think more power and control needs to be in the hands of ELECTED officials rather than APPOINTED officials.

I am against HJR 46 because it could lead to less investment in public transportation and worse road conditions. The state of Missouri has some of the worst roads in the country and it is not getting better any time soon. Experts on what it takes to maintain the transportation needs of Missourians are already making decisions on how to spend the money allotted to their department. It would be a waste of the general assemblies time (and therefore tax payer dollars) to tie up the money meant to be spent on our roads in a lengthy bureaucratic process.

This is in no way efficient. Tax payer monies are being wasted with shameless attempts to self-authorize greater powers than granted. It is astonishing that you are so brazen as to spend legislative, not addressing the many real issues faced by Missourians today; a worsening housing crisis, continually rising food prices, soaring energy costs, and ever diminishing fiscal competence among our elected officials. MODOT is already vastly and deliberately under-funding. We need roads in usable conditions, we need adequately staffed snow-removal services. MODOT's ongoing High Priority projects are over a billion dollars deficient.

I oppose this bill. It does not rise to the level of changing the Missouri Constitution. This seems to disrespect court ruling in favor of MODOT and disrespect the folks at MODOT.
