This proposal would remove the single chamber prohibition, allowing members of the General Assembly to serve no more than 16 years total in either chamber of the legislature. I am in favor of this.

I support increasing the time a legislator can serve in one chamber to 16 years. I would be in favor of eliminating term limits, but at least this effort allows legislators to become good a legislator and not worried about finding their next job as soon as they become skilled.Sincerely,Carol Schreiber

I support the proposed changes to term limits. This gives the voters more choice, as strict term limits at times disqualify qualified legislators that are responsive to their constituents. The proposal relaxes the term limit restrictions and allows voters to retain a representative for as much as 16 years in one chamber vs the current 8 year limit.

This bill would improve the current situation with term limits in the Missouri legislature. By allowing members of the General Assembly to serve a total of 16 terms in either chamber, it would make the legislature more effective. As with most other jobs, experience is important.

The League of Women Voters believes that term limits adversely affect the accountability, representativeness and effective performance of legislative bodies and oppose term limits. However, this proposed legislation would provide a less onerous version of the current term limit structure in Missouri, and therefore the League will support it. (This proposal would remove the single chamber prohibition, allowing members of the General Assembly to serve no more than 16 years total in either chamber of the legislature.)

Term limits remove knowledgeable and experienced legislators. Term limits does not allow legislators enough time to become familiar with the issues..

I support Rep. McGaugh's bill that would allow lawmakers who have gained experience in doing their jobs to continue in the legislature for a total of 16 years They would not have to be as dependent on lobbyists to know what they are doing, and they would have had more time to build relationships and work together with other legislators, ideally, across the aisle. It could also tamp down on the extremism in primary elections for all political parties.

Though well-intended, the current structure for term limits in the MO Legislature does not serve our needs. Limits of no more than 16 years in either chamber makes more sense.

Please advance this resolution out of committee. Term limits adversely affect the accountability, representation, and effectiveness of legislative bodies. This would make the current term limit structure in Missouri less onerous.

I am in opposition of HJR67. Term-limits are an important guardrail set in place by our current constitution of Missouri that prevents politicians from squatting on positions, taking advantage of their political seat for an extended period of time and usurp the will of the people. 16 years is far too much time to serve in a role such as this.

Increases politicization of ballot measure language and increases delays, preventing discussion on ballot measures. Allows SOS and legislature to stall signature gathering and certification of measures. While these versions apply only to legislatively referred referendums, an amendment to the senate version of the bill would include citizen-lead initiatives, which would give political actors near veto power to indefinitely draft biased or confusing language and block movement of citizen initiatives, indefinitely delaying the ability of citizens to gather signatures to get their measure on the ballot.. Violates separation of powers. Courts should have the ability to stop and correct illegal language that violates Missouri law.

We the people deserve a voice in shaping the Missouri Constitution. A simple majority of people have the right to decide what amendments are added to the Constitution and what are not added. The State Legislature serves the people, and the state Legislature should not interfere with the will of the people.
