I write in support of SB 152 and any legislation banning the foreign funding of ballot measures in Missouri. Liberty Alliance USA is a Kansas City-based Conservative advocacy group founded in 2019. We advocate for election integrity at all levels of government. SB 152 bans foreign spending on ballot measures in Missouri. Last year, the foreign-backed Sixteen Thirty Fund spent \$8 million supporting Amendment 3 and Prop A. In 2018, the same group spent \$4.8 million on ballot measures in our state. American elections should be decided by Americans only. Overwhelming majorities of Americans agree with that fact. It is already illegal for foreign nationals to donate to candidates. However, the FEC ruled in 2021 that it lacked jurisdiction to enforce the same rule on state ballot measure campaigns. Since then, commissioners have urged Congress and the State Legislatures to take action against this loophole. So far, eleven states have enacted bans on foreign spending in ballot measure campaigns. States with bans are varied in their partisanship including California, Maryland, Wyoming, and Ohio. American elections should be free from foreign interference. Red states and blue states are quickly passing bans. The Senate passed SB 152 with a bipartisan vote of 28-2. I urge you to advance SB 152 and any other legislation banning the foreign funding of ballot measures in Missouri.

Election integrity is one of the Freedom Principle MO's top legislative priorities. We know the importance of protecting our Republic and our Constitutional rights depend on having free and just as importantly fair elections. We have seen the influence of foreign money on many campaign issues in Missouri. Groups like the Sixteen Thirty Fund spent millions of dollars working to influence voters to support Amendment 3. The George Soros Open-Source Fund, donated more than \$2 million to pass Proposition A. We have learned Hansjorg Wyss, a Swiss billionaire and not a U.S. citizen has contributed around a quarter of a billion dollars to the Sixteen Thirty Funds, and the Sixteen Thirty Funds filters that down to states to influence ballot initiatives. According to its founding document, the Sixteen Thirty Fund was created with seed funding from America United for Change, ACORN, USAction, the Sierra Club, and Working America. These dark money groups do not support the values of America or Missouri. The Freedom Principle MO was the key grassroots group pushing for the passage of Amendment 7 in the 2024 elections. This amendment banned the disastrous ranked-choice voting system, but it also banned foreign interference in Missouri elections. While Amendment 7 prohibits foreign interference in our elections, SB 152 adds teeth to this provision and creates the requirements for organizations to declare they have not received any funds directly or indirectly from foreign sources. Specifically, this bill would prohibit foreign nationals from:• Directing, dictating, controlling, or directly or indirectly participating in the decision-making process of any person concerning that person's activities to influence a ballot measure• Soliciting, directly or indirectly, the making of a donation, contribution, or expenditure by another person to influence a ballot measureWe are sure the dark money groups will try and find creative ways to get around these provisions, but what this does is give citizens the ability to follow the money and it gives the Missouri Ethics Commission the ability to investigate complaints of violations and if the MEC does find a group has violated this law, it holds these dark money groups accountable for their actions. Please support SB 152 and help us protect the integrity of our elections.

Chairman Baker and Members of the Committee: My name is Caitlin Sutherland and I am the founding Executive Director of Americans for Public Trust, a nonprofit, nonpartisan organization that works to uncover and publicize outside money and influence in politics and policy, including tracing foreign dark money. I thank you for the opportunity to testify in support of Senate Bill 152 to ban foreign nationals from contributing to ballot measure campaigns. This legislation is crucial to enact, especially since Missouri has seen \$13 million in foreign-tied spending influencing your state ballot measures, and I applaud this body for swiftly taking action. While Missouri and federal law already prohibit foreign nationals from influencing elections, the laws are not nearly strong enough. This leaves many loopholes in place that foreign nationals can exploit and still have their money flow into politics. Without strengthening these statutes, foreign money can and is flowing into your state. In February 2025, important tax records were released that show a Swiss billionaire named Hansjörg Wyss funneled nearly \$59 million in grants in a single year to liberal dark money groups, including an eight-figure donation to a Washington, D.C.-based group called the Sixteen Thirty Fund. Mr. Wyss is not a U.S. citizen, but his goal is to “(re)interpret the American Constitution in the light of progressive politics.” According to the New York Times, Mr. Wyss’ “political activism is channeled through a daisy chain of opaque organizations that mask the ultimate recipients of his money.” One of those opaque organizations, the Sixteen Thirty Fund, is the largest beneficiary of Mr. Wyss’ foreign money, receiving almost \$280 million over many years. After receiving his foreign cash, Sixteen Thirty Fund has turned around and poured \$130 million into ballot issue campaigns in 26 states, including Missouri. The Sixteen Thirty Fund and their foreign money has been bankrolling ballot measures in the Show Me State for years. In 2018, they contributed \$4.8 million to a campaign to raise the state’s minimum wage, making them the single largest donor. Just last year, when another initiative to raise the state’s minimum wage and mandate paid sick leave made the ballot, Sixteen Thirty Fund was again the number one donor to the campaign – contributing \$3.6 million to the effort. Also last year, they dumped over \$4.6 million into the campaign to enshrine abortion rights in your state’s constitution, making them the number one donor to that group as well. That’s a grand total of \$13 million in foreign-backed spending to influence your state’s policies and constitution. We must also remember that as Mr. Wyss’ money flows through the Sixteen Thirty Fund, there is absolutely nothing stopping China or Qatar from taking advantage of these foreign influence loopholes. I urge you to work to strengthen the laws regarding foreign nationals influencing ballot measures, and encourage you to support Senate Bill 152. Thank you.

My name is Chandra Hendren and I represent Heritage Action for America, a grassroots organization with over two million grassroots activists nationwide, including over a thousand Missourians. Heritage Action urges members of the House Government Efficiency Committee to support Senate Bill 152. SB 152 ensures Missouri's elections are free from the corrupting influence of foreign funding by prohibiting foreign contributions to Missouri ballot issue campaigns and ensuring the laws for ballot issue campaigns are consistent with existing state law banning foreign national contributions to candidates and political committees. The U.S. federal government already limits the participation of foreign individuals, entities, and governments in national political campaigns, and states should take equal precautions to protect their citizens from foreign interests that do not align with those of our state or country. SB 152 would ensure Missourian's voices are not diluted, and decisions about Missouri's Constitution and laws are based on the voices of its citizens – not foreign billionaires. Sadly, foreign meddling in the U.S. political landscape is not a hypothetical problem and Missouri is also not alone in its endeavor to push back. In 2024, Ohio enacted legislation prohibiting direct and indirect foreign contributions for ballot measures. As of today, several other states across the country are taking initiative to protect their state elections from foreign funding by introducing and passing similar legislation. Heritage Action asks you to support SB 152.

I strongly support SB 152, sponsored by Sen. Ben Brown (my Senator), as a critical measure to protect Missouri's ballot process from foreign interference. The citizens of this state deserve a legislative system that reflects our values and priorities, not the agendas of wealthy foreign interests. By creating new provisions to regulate foreign spending in ballot measure elections, SB 152 ensures transparency and preserves the integrity of our democracy. I urge the Government Efficiencies Committee to advance this bill and safeguard Missouri's voice. Thank you.

**THE INFORMATION ON THIS FORM IS PUBLIC RECORD UNDER CHAPTER 610, RSMo.**

Chairman Baker, Members of the Committee: Thank you for the opportunity to submit testimony today in support of Senate Bill 152. My name is Jason Snead, executive director of Honest Elections Project Action, a nonprofit group dedicated to preserving free and fair elections. Senate Bill 152 is a straightforward measure to ban foreign funding in state ballot measure campaigns. This is no hypothetical concern. In states across the country, including here in Missouri, millions of dollars in foreign-tied funds have been spent to influence the outcome of state ballot measures. This torrent of funding is tied to a Swiss billionaire activist named Hansjorg Wyss. As the watchdog group Americans for Public Trust points out, Wyss has put approximately \$280 million into a left-wing group called the Sixteen Thirty Fund, which in turn has spent a staggering \$130 million driving ballot measures to promote abortion and rewrite election laws for partisan political gain, or to defeat measures referred to the voters by state legislatures. Missouri is one of the top targets for this foreign-funded blitz. Fully one-tenth of Sixteen Thirty Fund's total ballot measure spending—approximately \$13 million—has been directed at your state. In fact, only three states have seen more foreign-tied money dumped into their ballot measures. Last year alone, the Sixteen Thirty Fund spent roughly \$8 million in Missouri, more than half of went to enshrine abortion in the state's constitution. Decisions as significant as amending the constitution belong exclusively in the hands of the citizens of this country and the voters of this state. Foreign nationals have no business influencing ballot measures, and these campaigns should not be allowed to serve as a Trojan Horse for foreign interference in the American democratic process. Unfortunately, that is precisely what the ballot measure process has become. Federal law has long banned foreign nationals from donating to candidates and super PACs, but that prohibition does not extend to ballot measures, including legislative referrals. And as the Sixteen Thirty Fund has shown, it is alarmingly easy to exploit this loophole and launder foreign money into ballot measure contests through intermediary groups. In fact, there is no reason to believe that Sixteen Thirty Fund is alone in this. Recent reporting has revealed that money tied to China is flowing into U.S. environmental nonprofits, a pattern of giving very similar to Wyss and the Sixteen Thirty Fund. It is time to close the foreign funding loophole. To be effective, legislation banning foreign funding for ballot measures should do four things. First, states must ban both direct and indirect foreign contributions to ballot measure campaigns. Wyss and the Sixteen Thirty Fund have shown how easy it is for a foreign national to launder his funding through third party groups. Moreover, an effective ban should be designed to prevent groups from laundering large sums of foreign money into campaigns by accepting and using foreign donations for other purposes that free up resources for ballot measure contributions. A clear way to accomplish this is to require donors certify they have not received more than a specified amount of foreign funding over a time period prior to the contribution (such as \$100,000 over a four-year period). Second, the same protections mentioned above must be applied to

independent expenditure campaigns, as well. It does little good to institute a ban if foreign nationals and foreign-financed organizations can simply pivot their funding into an independent expenditure campaign instead. Third, the ban must apply to foreign nationals. Many existing state laws against foreign funding for state candidates apply only to foreign governments or political parties. Foreign influence over the ballot measure process is toxic no matter whether it originates from a hostile foreign power or an activist billionaire like Hansjorg Wyss. Finally, it is important to protect the privacy rights of American donors. Cutting foreign influence out of the ballot measure process is not, and should never be, an excuse to limit the free speech rights of American citizens. The intent is to protect the democratic process, not weaken it by exposing Americans who wish to engage in lawful First Amendment speech while remaining anonymous. SB 152 would make great strides towards safeguarding the integrity of Missouri's elections against foreign influence. Thank you for considering this testimony.

As a proud Missourian, I believe our state’s sovereignty and the integrity of our democratic process are worth defending. This bill’s restrictions on foreign contributions (Section 130.173), transparency requirements (Section 130.176), and strong enforcement measures (Section 130.188) are common-sense steps to safeguard our future. Good day members of the committee, I strongly support SB 152, sponsored by Senator Ben Brown, which takes an essential step to protect Missouri’s elections—especially our initiative petition process—from the influence of foreign money. Missourians deserve to know that our ballot measures and local campaigns are driven by the voices of the people who live and vote here—not by foreign-funded interests hiding behind dark money organizations. This bill will ensure transparency by requiring groups involved in our elections to disclose if they receive foreign contributions, and it empowers the Attorney General to investigate violations—something the Missouri Ethics Commission has failed to do effectively. Groups like the Sixteen Thirty Fund and donors like George Soros have funneled millions into state-level campaigns across the country, often without proper accountability. Missouri must draw the line and ensure our constitutional process is not for sale to the highest bidder—especially not one outside our borders. I urge the committee to support SB 152 and take a stand for election integrity and the right of Missourians to govern themselves.

I support this bill. Missouri has long endured the consequences of outside monies disrupting our constitution and turning our deep red state blue. The outside monies have expanded welfare, legalized drugs and abortion. This is a dismal testimony for a "deep red republican" state. If we don't stop the outside interference.....aren't we all going to have to admit that we are NOT a republican state??

Why is this bill necessary? Where is the proof of foreign nationals involvement? Bill language seems vague and terms like "indirect" leave too much room for individual interpretation by lawmakers and the Attorney General.

I oppose this bill. This language is purposely confusing, to make compliance for ballot measures much more expensive and difficult. There is vague language giving the Attorney General powers to create more obstacles, not well defined and subject to possible misuse. Foreign governments contributions to campaigns already banned per our constitution and this word salad bill is not an effective way to accomplish.

**SS/SB 152, while framed as a safeguard against foreign influence in Missouri’s ballot measures, imposes undue burdens on grassroots organizations, stifles free speech, and risks weaponizing enforcement against ordinary citizens. I urge lawmakers to reject this bill for the following reasons:**

**\*\*1. Overbroad and Burdensome Compliance Requirements\*\*** The bill’s low \$2,000 threshold for donor affidavits and retroactive four-year disclosure periods will overwhelm small, volunteer-driven committees. Grassroots groups—often reliant on modest donations—lack the resources to audit years of contributions or litigate compliance. This creates a chilling effect, deterring Missourians from engaging in direct democracy for fear of inadvertent violations. **\*\*2. Privacy Risks and Legal Ambiguity\*\*** Mandating committees to collect sensitive donor data under the Personal Privacy Protection Act (PPPA) creates a paradox: While the PPPA restricts disclosure, the bill compels invasive reporting. This exposes donors to potential leaks, harassment, or retaliation, undermining the privacy rights the PPPA was designed to protect. **\*\*3. Aggressive Enforcement Invites Abuse\*\*** By empowering the Attorney General to bypass the Missouri Ethics Commission and pursue civil actions directly, the bill risks politicizing enforcement. Expedited trials and statutory damages up to triple the contested amount could enable frivolous lawsuits to bankrupt legitimate campaigns, silencing dissent under the guise of “foreign influence” claims. **\*\*4. Personal Liability Threatens Civic Participation\*\*** Holding directors, officers, or volunteers **\*\*personally liable\*\*** for refunds or disgorgement—even after appeals—will deter everyday citizens from leading ballot initiatives. No one should risk their home or savings to advocate for education funding or infrastructure reforms. **\*\*5. Redundant and Ineffective Solutions\*\*** Federal law already prohibits foreign nationals from contributing to U.S. elections. SS/SB 152 duplicates existing safeguards while adding layers of bureaucracy that fail to address genuine threats. Foreign actors exploiting loopholes in federal law will not be deterred by state-level paperwork; they will simply adapt. **\*\*Conclusion\*\*** Missouri’s ballot measure process is a vital tool for citizens to shape policy when elected representatives fall short. SS/SB 152, however, erects barriers to this democratic right under the pretense of security. Its vague terms, punitive penalties, and enforcement risks will harm Missourians far more than the foreign interference it purports to combat. I urge you to reject this bill and protect the people’s voice in our democracy.

This is an unnecessary bill that contains a known fact and a bunch of other confusing and misleading words that accomplish nothing. Our IP process works fine as is. Stop trying to make changes that'll cause obstacles and difficulty for MO residents to use it. How about you listen to constituents and govern as we wish and IP won't be needed.

I urge the committee to vote no on SB 152. This bill would make ballot measures more expensive which would make them more susceptible (not less) to the influence of money by increasing compliance costs. SB 152 includes language about foreign nationals ""indirectly"" influencing a campaign. The term ""indirectly"" seems vague and subject to abuse. SB 152 grants the Attorney General vague discretion that could enable the Attorney General to create arbitrary obstacles to ballot initiatives. There is no evidence of foreign contributions having a material impact on Missouri ballot measures and therefore SB 152 is unnecessary. Vote no on SB 152.

SS/SB 152, while framed as a safeguard against foreign influence in Missouri’s ballot measures, imposes undue burdens on grassroots organizations, stifles free speech, and risks weaponizing enforcement against ordinary citizens. I urge lawmakers to reject this bill for the following reasons:

**\*\*1. Overbroad and Burdensome Compliance Requirements\*\*** The bill’s low \$2,000 threshold for donor affidavits and retroactive four-year disclosure periods will overwhelm small, volunteer-driven committees. Grassroots groups—often reliant on modest donations—lack the resources to audit years of contributions or litigate compliance. **\*\*2. This exposes donors to potential leaks, harassment, or retaliation, undermining the privacy rights the PPPA was designed to protect.

**\*\*3. Aggressive Enforcement Invites Abuse\*\*** By empowering the Attorney General to bypass the Missouri Ethics Commission and pursue civil actions directly, the bill risks politicizing enforcement. Expedited trials and statutory damages up to triple the contested amount could enable frivolous lawsuits to bankrupt legitimate campaigns, silencing dissent under the guise of “foreign influence” claims.

**\*\*4. Personal Liability Threatens Civic Participation\*\*** Holding directors, officers, or volunteers **\*\*personally liable\*\*** for refunds or disgorgement—even after appeals—will deter everyday citizens from leading ballot initiatives. No one should risk their home or savings to advocate for education funding or infrastructure reforms.

**\*\*5. Redundant and Ineffective Solutions\*\*** Federal law already prohibits foreign nationals from contributing to U.S. elections. SS/SB 152 duplicates existing safeguards while adding layers of bureaucracy that fail to address genuine threats. Foreign actors exploiting loopholes in federal law will not be deterred by state-level paperwork; they will simply adapt.

**SS/SB 152** Makes ballot measure campaigns more expensive (and more susceptible to the influence of money) by increasing compliance costs. Includes language about foreign nationals "indirectly" influencing a campaign. The term "indirectly" seems vague and subject to abuse. This is fear mongering. Grants the Attorney General vague discretion that could enable the current corrupt Attorney General to create arbitrary obstacles to ballot initiatives. There is no evidence of foreign contributions having a material impact on Missouri ballot measures. Again, fear mongering. Please oppose SS/SB 152.
