FISCAL ANALYSIS

ASSUMPTION

§163.048 – Student Participation in Athletic Contests Organized by Sex

Officials from the **Department of Elementary and Secondary Education, Office of Administration**, and **Department of Higher Education and Workforce Development** each assume the proposal will have no fiscal impact on their respective organizations.

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. However, the AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **High Point R-III School District** assume the proposal will have a fiscal impact on their organization.

In response to similar legislation, HB 113 (2025), officials from **Marquand-Zion R-VI School District** assumed the proposal would have no fiscal impact on their organization.

Officials from the **University of Missouri System, Northwest Missouri State University**, and **University of Central Missouri** each assume the proposal will have no fiscal impact on their organizations.

Oversight notes currently, schools are only allowed to let a student compete in an athletics competition designated for the biological sex of the student, as stated on the student's official birth certificate. Except, female students may participate in competitions designated for male students if there is no corresponding athletics competition designed for female students available. This provision is set to expire on August 28th, 2027. The proposal removes the expiration date. Entities that violate this proposal are not eligible for moneys appropriated by the general assembly.

Oversight notes the foundation formula payments for school districts is estimated at \$3,785,430,822 for FY 2026 per the DESE Budget Request for FY 2026.

Oversight notes the following appropriations for FY 2026 to postsecondary institutions:

Institution	Appropriation
Community Colleges	\$186,741,256
State Technical College of Missouri	\$10,140,033
UCM	\$68,986,541
Southeast Missouri State University	\$58,199,074
Missouri State University	\$117,980,018
Lincoln University	\$37,285,787
Truman State University	\$52,464,248
Northwest Missouri State University	\$38,943,577
Missouri Southern State University	\$32,409,228
Missouri Western State University	\$27,927,237
Harris-Stowe State University	\$13,679,610
University of Missouri System	\$529,745,123

*Source: TAFP HB 3 (2025). Actual appropriation amounts may differ based on withholds.

Oversight notes the proposal is removing the expiration date of August 28, 2027.

Additionally, Oversight notes that this provision may prompt a cause of action against colleges, universities, and public schools. Oversight notes, in rare circumstances, universities and community colleges can access the state Legal Expense Fund. However, for purposes of this fiscal note, Oversight assumes colleges and universities will bear the cost of any litigation or judgment. Oversight will range the fiscal impact to colleges, universities and public schools from \$0 (does not increase litigation) to an unknown cost for damages and court costs in starting in FY 2028.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other school districts, colleges, and universities were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for

this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

Currently, schools can only allow students to compete in athletics competitions designated for the student's biological sex, as indicated on the student's official birth certificate. Except that female students may participate in athletics competitions designated for male students if no corresponding competition for female students is offered.

This provision is set to expire on August 28th, 2027. The bill removes the expiration date for this language.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
