**FISCAL NOTE**

L.R. No.: 4020H.011  
 Bill No.: HB 1834  
 Subject: Crimes and Punishment; Criminal Procedure; Children and Minors; Sexual Offenses  
 Type: Original  
 Date: January 13, 2026

Bill Summary: This proposal modifies the offense of enticement of a child.

**FISCAL SUMMARY**

**ESTIMATED NET EFFECT ON GENERAL REVENUE FUND**

FUND AFFECTED	FY 2027	FY 2028	FY 2029
General Revenue*	(Unknown)	(Unknown)	(Unknown)
<b>Total Estimated Net Effect on General Revenue</b>	<b>(Unknown)</b>	<b>(Unknown)</b>	<b>(Unknown)</b>

\*DOC notes that current capacity will be met by July 2029 (FY 2030) or potentially much sooner. Therefore, Oversight has made the decision to reflect the marginal cost of incarceration up to an unknown cost if DOC needs to add staff and/or rehabilitate, expand or construct additional capacity. Oversight assumes the unknown cost has the potential to exceed \$250,000.

**ESTIMATED NET EFFECT ON OTHER STATE FUNDS**

## FISCAL ANALYSIS

### ASSUMPTION

#### §566.151 – Enticement of a Child

Officials from the **Missouri Office of Prosecution Services** did not respond to **Oversight’s** request for fiscal impact for this proposal.

Officials from the **Department of Corrections (DOC)** state this proposal modifies the offense of enticement of a child.

Section 566.151 changes the age of the victim from any person who is less than seventeen to eighteen years of age. From FY 2023 to FY 2025, the department totaled 58 new prison admissions and 3 new probation cases for sentences of enticement of a child. The increase in the minimum age under which a person can be considered to be enticed as a child could create additional instances in which a person could be charged with a crime under this section. However, there is no available data to determine the number of 17 year olds to whom this could have potentially applied. Therefore, the impact is an unknown cost.

The department would assume a marginal cost (times number of offenders) to unknown, depending on the underlying offender population. If DOC exceeds the current capacity, additional capacity will need to be constructed.

The department will assume a marginal cost (multiplied by number of offenders) for any projected increase or decrease in the incarcerated population. Marginal cost is \$30.47 per day or an annual cost of \$11,123 per offender which includes costs such as medical, food, wages and operational E&E. The unknown amount is a result of the uncertainty in the growth of the underlying offender population. The impact of any new legislation combined with the growth of the underlying population could result in the tiered approach below in order to meet the population demands.

1. Fully staffing the current capacity (27,368) which is habitable, but DOC does not have the staffing resources for all bed space.
2. Rehabilitating current space that is not currently habitable and obtaining staffing resources for that space (requires capital improvements).
3. Expanding new capacity by adding housing units or wings to existing prisons and obtaining staffing resources for that space (requires capital improvements).
4. Constructing a new prison and obtaining staffing resources. Based on current construction projects in other Midwest states, the department estimates the cost of constructing a new 1,500-bed maximum security prison at approximately \$825 million to \$900 million plus annual operating costs of approximately \$50 million (requires capital improvements).

The department's population projections indicate current physical capacity will be met by July 2029; however recent trends indicate that capacity could be met much sooner. Should new construction be the result of the increasing offender population, the full cost per day per offender would be used which is \$106.96 or an annual cost of \$39,040. This includes all items in the marginal cost calculation plus fringe, personal service, utilities, etc.

DOC's cost of probation or parole is determined by the number of P&P Officer II positions that are needed to cover its caseload. The DOC average district caseload across the state is 51 offender cases per officer. An increase/decrease of 51 cases would result in a cost/cost avoidance equal to the salary, fringe, and equipment and expenses of one P&P Officer II. Increases/decreases smaller than 51 offender cases are assumed to be absorbable.

In instances where the proposed legislation would only affect a specific caseload, such as sex offenders, the DOC will use the average caseload figure for that specific type of offender to calculate cost increases/decreases.

\* If this impact statement has changed from statements submitted in previous years, it could be due to an increase/decrease in the number of offenders, a change in the cost per day for institutional offenders, and/or an increase in staff salaries.

**Oversight** does not have any information contrary to that provided by DOC. Therefore, Oversight will reflect DOC's impact for fiscal note purposes.

Officials from the **Office of the State Public Defender (SPD)** state that by increasing the covered age from seventeen years to eighteen years, this proposal will likely increase the number of individuals charged with this offense who will need the services of the Public Defender. The National Public Defense Workload Study estimates that defending this type of charge takes 167 hours of an attorney's time. Each additional case would have a minimum estimated impact of \$6,001.98 in FTE costs (average salary of an APD III of \$74,760 divided by 2080 hours worked in a year = \$35.94/hour times 167 hours) and unknown additional litigation costs. As the State Public Defender is already operating over capacity, there is currently no ethical way to absorb any additional cases without addressing FTE shortages.

**Oversight** assumes this proposal will not create the number of new cases required to request additional FTE for the SPD and that the SPD can absorb the additional caseload required by this proposal with current staff and resources. Therefore, Oversight will reflect no fiscal impact to the SPD for fiscal note purposes. However, if multiple bills pass which require additional staffing and duties, the SPD may request funding through the appropriation process.

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

**Oversight** does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Department of Public Safety - Missouri Highway Patrol, Department of Social Services, Office of the State Courts Administrator, Phelps County Sheriff’s Department, Blue Springs Police Department, Branson Police Department, Kansas City Police Department, and St. Louis County Police Department** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other local law enforcement were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

THE OFFENSE OF ENTICEMENT OF A CHILD (Section 566.151)

Currently, the offense of enticement of a child is committed by a person who is 21 years old or older against a victim who is under 17 years old. This bill increases the age of the victim to under 18 years old.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
