FISCAL ANALYSIS

ASSUMPTION

§§334.1900 - 334.1939 - Licensure Compact for Athletic Trainers

Officials from the **Department of Commerce and Insurance (DCI)** assume this legislation creates the Athletic Trainer Compact expanding mobility of the Athletic Trainer practice and improving public access to services provided by qualified licensed Athletic Trainers. Once the compact is enacted the Athletic Trainer Advisory Committee could be required to pay fees charged to member states including an annual assessment to cover costs of operations and activities of the compact commission. Similar legislation has not been passed in other states to assist with assumptions, nor can the department know the number of participants in such a compact within Missouri.

The department believes the costs of this bill can be absorbed within their current appropriations. However, should the cost exceed the anticipated amount, the department would request an increase to their FTE and/or appropriations as appropriate through the budget process.

Oversight notes that the above-mentioned agency has stated the cost of the proposal can be absorbed. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029

FISCAL IMPACT – Small Business

Athletic Trainer businesses could have a direct fiscal impact by creating a compact as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
