## **FISCAL ANALYSIS**

### **ASSUMPTION**

#### **§§160.665, 571.107, 571.215, 590.010, and 590.205 - School Protection Officers**

Officials from the **Department of Elementary and Secondary Education**, **Department of Public Safety - Office of the Director** and **Department of Public Safety - Missouri Highway Patrol** each assume the proposal will have no fiscal impact on their respective organizations.

Officials from the **Phelps County Sheriff, Kansas City Police Department**, and **St. Louis County Police Department** each assume the proposal will have no fiscal impact on their respective organizations.

In response to similar legislation, HB 805 (2025), officials from the **Washington School District** assumed the proposal adds to the discussions and decision-making that school boards, administration, parents, and the local community must have. The additional designation would cause the necessity of added FTE (full-time equivalent) staff members at approximately \$40,000 per FTE and \$3,000 in training and fees.

In response to similar legislation, HB 805 (2025), officials from the **Richland R-IV School District** stated annual stipend paid to employee to cover weapon, ammo, insurance, and clothing \$2000 per employee. Three-week SPO classes registration and quarterly qualification requirements are \$5,000 per employee.

**Oversight** notes currently, school districts can designate teachers or administrators to be school protection officers. This proposal adds other school personnel to the list of employees a school district can designate as a school protection officer and allows designated school personnel the authority to carry a weapon on school grounds if such individual has obtained a concealed carry endorsement or permit. **Oversight** assumes there will be no additional costs to school districts as a result of the proposal; therefore, **Oversight** will reflect no impact in the fiscal note.

**Oversight** only reflects the responses that we have received from state agencies and political subdivisions; however, other school districts were requested to respond to this proposed legislation but did not. Upon receipt of additional responses, **Oversight** will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
