FISCAL ANALYSIS

ASSUMPTION

§§537.039, 573.010, and 573.550 – Provisions Relating to Artificially Generated Material

In response to a previous version, HB 2035 (2026), officials from the **Office of Attorney General (AGO)** assumed any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Officials from the **Department of Elementary and Secondary Education, Department of Public Safety-Missouri Highway Patrol, Office of the State Courts Administrator, Office of the State Public Defender, and Department of Social Services** each assume the proposal will have no fiscal impact on their respective organizations.

In response to similar legislation, HB 2350 (2026), officials from the **Missouri Office of Prosecution Services** assumed the proposal would have no fiscal impact on their organization.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
