FISCAL ANALYSIS

ASSUMPTION

§67.1754 - County Sales Taxes for Park Purposes

Officials from the **Department of Revenue (DOR)** note this proposal modifies the use of funding received from a sales tax for a metropolitan park and recreational district. DOR notes that all sales tax received is deposited into the metropolitan park and recreational district fund and then distributed for specific purposes. This proposal modifies the distribution by the district for specific purposes. This will not impact DOR as the district itself handles distribution for specific purposes.

Officials from the **Office of Administration - Budget and Planning** and the **Office of the Secretary of State** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes this proposal modifies the use of funds for sales tax for a metropolitan park and recreational district. Oversight assumes this provision will have no fiscal impact.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other local political subdivisions were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.
