FISCAL ANALYSIS

ASSUMPTION

§407.3405 – Age Verification on Adult Websites

Officials from the **Office of Attorney General (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight does not have any information to the contrary. Therefore, Oversight assumes the AGO will be able to perform any additional duties required by this proposal with current staff and resources and will reflect no fiscal impact to the AGO for fiscal note purposes.

Oversight notes the provisions of §407.3405.6 provide for civil penalties of \$10,000 per day for commercial entities that operate a website violating the age-verification requirements of the proposal, \$10,000 per instance when a commercial entity retains information in violation of this proposal, and an additional amount not more than \$250,000 if one or more minors accessed sexual material harmful to minors in violation of the age-verification requirements.

Per information obtained from AGO officials, civil penalties collected under Chapter 407, Merchandising Practices, are deposited in the Merchandising Practices Revolving Fund (1631). Oversight will show a \$0 or Unknown impact to the Merchandising Practices Revolving Fund for potential civil penalties collected as a result of the provisions of this proposal.

FISCAL DESCRIPTION

This bill requires any commercial entity that publishes material online, of which at least 33% is sexual material harmful to minors, as defined in the bill, to use a third party to verify that any person attempting to access the material is at least 18 years old. The third party is prohibited from retaining any identifying information of the individual.

The bill does not apply to bona fide news or public interest broadcasts or other media and will not affect the rights of a news-gathering organization, as defined in the bill.

The Attorney General must enforce provisions of the bill. If the Attorney General believes that a violation occurred and an action is in the public interest, the Attorney General can commence an action. If the court finds that a violation occurred, the court can grant relief. Civil penalty awards are described in the bill.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
