FISCAL ANALYSIS

ASSUMPTION

§210.224 – Conrad’s Law

Officials from **Department of Elementary and Secondary Education (DESE)** assume licensed providers and all caregivers are currently required to receive 12 clock hours of training per calendar year. The training that a caregiver takes is up to them as long as it is Department of Elementary and Secondary Education approved training. This bill would require all staff to be trained on naptime procedures. Therefore, DESE/Office of Childhood (OOC) would need to create a required training for caregivers regarding safe sleep policies for children 12 months old or older.

DESE currently contracts with UMKC to create training. The cost for University Missouri Kansas City (UMKC) to research and create training would cost approximately \$250,000.

Because this would be required training, DESE would make it free to caregivers. To make the cost free to users in the Missouri Professional Development System (MOPD), DESE pay the user fee of \$0.50 each time the training is taken. DESE assumes that approximately 14,500 caregivers would take the training per year costing DESE approximately \$7,250 per year.

Oversight does not have any information to the contrary. Therefore, Oversight will reflect the impact as estimated by DESE in the fiscal note for this agency.

Oversight notes §210.224.4 states all licensed and registered child care facilities shall complete at least one hour of training related to special needs care and if a childcare facility cares for a child with special needs, all staff members who are directly responsible for the care of such child shall receive training on caring for a child with that specific special need. Oversight assumes childcare facilities will be responsible for ensuring staff receive training on specific needs. Oversight notes training varies based on specific needs and availability of training. Therefore, Oversight assumes this section would have an impact on small businesses.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
GENERAL REVENUE			
<u>Cost</u> – DESE (§210.224) Training Fee p.3	(\$7,250)	(\$7,250)	(\$7,250)
<u>Cost</u> – DESE (§210.224) Training Development p.3	(\$250,000)	\$0	\$0
ESTIMATED NET EFFECT ON GENERAL REVENUE	(\$257,250)	(\$7,250)	(\$7,250)

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	\$0	\$0	\$0

FISCAL IMPACT – Small Business

Oversight assumes childcare facilities caring for children with special needs would require additional training for staff in direct care of children with such needs resulting in additional training cost.

FISCAL DESCRIPTION

This bill establishes provisions relating to child care facilities.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
