**FISCAL ANALYSIS**

**ASSUMPTION**

**§197.062 - Staffing Requirements for Emergency Departments in Hospitals**

Officials from the **Department of Health and Senior Services (DHSS)** state §197.062 of the proposed legislation requires a hospital with an emergency department to have at least one physician on site and on duty who is responsible for the emergency department at all times it is open.

The Division of Regulation and Licensure’s (DRL) Section for Health Standards and Licensure (HSL) is responsible for the licensure and regulation of hospitals. HSL may experience minor additional work in terms of complaint investigations related to the provisions of the proposed legislation.

It is assumed that the Department can absorb the costs of this bill with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

**Oversight** assumes DHSS is provided with core funding to handle a certain amount of activity each year. Oversight assumes DHSS could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DHSS could request funding through the appropriation process. Officials from the DHSS assume the proposal will have no fiscal impact on their organization.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other hospitals were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
