## FISCAL ANALYSIS

### ASSUMPTION

#### §376.1280 - Insurance Coverage of Alternatives to Opioid Drugs

Officials from the **Department of Commerce and Insurance (DCI)** assume this proposal specifies that in situations where a health care provider prescribes a nonopioid medication for the treatment of acute pain, a health benefit plan may not deny coverage of the nonopioid drug in favor of an opioid drug; may not require the enrollee to try an opioid before covering the nonopioid drug, or require higher cost-sharing for the nonopioid drug than for the opioid drug.

The department believes the costs of this bill can be absorbed within current appropriations. However, should the cost exceed the anticipated amount, the department would request an increase to in FTE and/or appropriations as appropriate through the budget process.

**Oversight** notes that the above-mentioned agency has stated the cost of the proposal can be absorbed. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Officials from the **City of Kansas City** state the proposed legislation has a negative fiscal impact of an indeterminate amount.
