FISCAL ANALYSIS

ASSUMPTION

Officials from the **Attorney General's Office** did not respond to **Oversight's** request for fiscal impact for this proposal.

§§393.1025 – 393.1050 - Modifies Certain Provisions Relating to Renewable Energy

Officials from the **Office of Administration - Budget and Planning, Department of Commerce and Insurance, Department of Natural Resources, Department of Public Safety-Missouri Highway Patrol, Department of Social Services, Missouri Department of Conservation, Missouri Department of Transportation, Missouri House of Representatives, Missouri Senate, Office of Administration, Office of the State Treasurer, State Tax Commission, Missouri House of Representatives, Missouri Senate, City of Kansas City, Christian County Auditor, Metropolitan St. Louis Sewer District - 7B Sewer, South River Drainage District - 7D Levee, and Wayne County PWS #2** assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above-mentioned agency has stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other electric companies and coops were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding

for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
