FISCAL ANALYSIS

ASSUMPTION

§338.312 – Nonprofit Pharmacies

Officials from the **Department of Commerce and Insurance** assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for this agency.

House Amendment 1

Oversight assumes House Amendment 1 amends the title of the bill and will have no fiscal impact on state or local governments.

House Amendment 2 (§338.333) – Licensure of Wholesale Drug Distributors

Officials from the **Department of Commerce and Insurance (DCI)** assume this section of the proposal will have no fiscal impact on their organization.

Oversight notes currently, no person or outlet can act as a wholesale drug distributor, pharmacy distributor, drug outsourcer, or third-party logistics provider without obtaining a license from the Missouri Board of Pharmacy. Oversight assumes this legislation permits the Board of Pharmacy to license out-of-state entities if those entities possess a valid license from another state with comparable standards.

DCI noted in a similar proposal from this year (HB 2372), the current fees for instate licenses are:

\$360 for Original Pharmacy Distributor/Wholesale Drug, Distributor, Drug Outsourcer, or Third-Party, Logistics Provider License Fee (includes both temporary and permanent license)

\$540 for Pharmacy Distributor/Wholesale Drug Distributor/Drug Outsourcer or Third-Party Logistics Provider License Renewal Fee

Although the current “in-state” fee is known, the number of out-of-state licenses that could be issued and the fee that will be charged to the new licensees is unknown. **Oversight** will reflect a \$0 (no new licenses are issued) to Unknown revenue to the Board of Pharmacy Fund (1637). Oversight assumes the revenue generated (if any) will be less than \$250,000.

House Amendment 3 (§§338.010 & 338.206) – Pharmacist Duties

Oversight assumes House Amendment 3 will have no fiscal impact on state or local governments.

Responses regarding the proposed legislation as a whole

Officials from the **Department of Commerce and Insurance, Department of Health and Senior Services, Department of Social Services, Missouri Department of Transportation,** and the **Missouri Consolidated Health Care Plan** each assume the proposal will have no fiscal impact on their respective organizations. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these agencies.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

In response to a previous version, officials from the **Office of the Secretary of State (SOS)** noted many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.
