FISCAL ANALYSIS

ASSUMPTION

Officials from the **Attorney General's Office** did not respond to **Oversight's** request for fiscal impact for this proposal.

§196.298 - Homemade Foods

Officials from the **Department of Health and Senior Services (DHSS)** state section 196.298 of the proposed legislation would modify how home food production is regulated in Missouri. The DHSS would need to modify existing home food production guidance documents as well as develop training and outreach materials. It is assumed that the Department can absorb this work with current resources. However, if the workload significantly increased or other legislation was enacted, additional resources would be requested through the appropriation process.

Oversight assumes DHSS is provided with core funding to handle a certain amount of activity each year. Oversight assumes DHSS could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, DHSS could request funding through the appropriation process. Officials from the DHSS assume the proposal will have no fiscal impact on their organization.

Officials from the **Department of Economic Development, Missouri Department of Agriculture** and **Newton County Health Department** each assume the proposal will have no fiscal impact on their respective organizations.

Oversight notes that the above-mentioned agencies have stated the proposal would not have a direct fiscal impact on their organization. Oversight does not have any information to the contrary. Therefore, Oversight will reflect a zero impact on the fiscal note.

Oversight only reflects the responses that we have received from state agencies and political subdivisions; however, other county and city health departments were requested to respond to this proposed legislation but did not. Upon the receipt of additional responses, Oversight will review to determine if an updated fiscal note should be prepared and seek the necessary approval to publish a new fiscal note. A general listing of political subdivisions included in our database is available upon request.

Rule Promulgation

Officials from the **Joint Committee on Administrative Rules** assume this proposal is not anticipated to cause a fiscal impact beyond its current appropriation.

Officials from the **Office of the Secretary of State (SOS)** note many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and

regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$5,000. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with its core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the governor.

<u>FISCAL IMPACT – State Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT – Local Government</u>	FY 2027 (10 Mo.)	FY 2028	FY 2029
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT – Small Business

No direct fiscal impact on small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no direct fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
