FISCAL ANALYSIS

ASSUMPTION

§355.910 - Nonprofit Corporation Hiring Practices

Officials from the **Department of Labor and Industrial Relations, Office of the Secretary of State, and Office of Administration, University of Missouri System, Northwest Missouri State University, and University of Central Missouri** each assume the proposal will have no fiscal impact on their organization. **Oversight** does not have any information to the contrary. Therefore, Oversight will reflect a zero impact in the fiscal note for these respective agencies.

Officials from the **Attorney General’s Office (AGO)** assume any potential litigation costs arising from this proposal can be absorbed with existing resources. The AGO may seek additional appropriations if the proposal results in a significant increase in litigation or investigation costs.

Oversight assumes AGO is provided with core funding to handle a certain amount of activity each year. Oversight assumes AGO could absorb the costs related to this proposal. If multiple bills pass which require additional staffing and duties at substantial costs, AGO could request funding through the appropriation process.

Oversight notes that violations of section §355.910.3 and 4 could result in fines or penalties. Oversight also notes per Article IX Section 7 of the Missouri Constitution fines and penalties collected by counties are distributed to school districts. Fines vary widely from year to year and are distributed to the school district where the violation occurred. Oversight will reflect a positive fiscal impact of \$0 to Unknown to local school districts. For simplicity, Oversight will not reflect the possibility that fine revenue paid to school districts may act as a subtraction in the foundation formula.
