67 against real property within the district and the amount of general obligation
68 bonds issued therefor shall not exceed the estimated cost of such improvement,

71 the estimated annual maintenance cost, as stated in such petition, by more than
72 twenty five percent.

73 4. Upon receiving the requisite voter approval at an election or upon
74 the filing of a proper petition with the city clerk or county clerk, the governing

83 more dwelling units shall apply to assessments made after December 31, 1994.

84 4. Where real property is used or held for use for more than one purpose and such
85 uses result in different classifications, the county assessor shall allocate to each classification
86 the percentage of the true value in money of the property devoted to each use; except that,
87 where agricultural and horticultural property, as defined in this section, also contains a
88 dwelling unit or units, the farm dwelling, appurtenant residential-related structures and up to
89 five acres immediately surrounding such farm dwelling shall be residential property, as
90 defined in this section, provided that the portion of property used or held for use as an urban
91 and community garden shall not be residential property. This subsection shall not apply to
92 any reliever airport.

93 5. All real property which is vacant, unused, or held for future use; which is used for a
94 private club, a not-for-profit or other nonexempt lodge, club, business, trade, service
95 organization, or similar entity; or for which a determination as to its classification cannot be
96 made under the definitions set out in subsection 1 of this section, shall be classified according
97 to its immediate most suitable economic use, which use shall be determined after
98 consideration of:

99 (1) Immediate prior use, if any, of such property;

100 (2) Location of such property;

101 (3) Zoning classification of such property; except that, such zoning classification
102 shall not be considered conclusive if, upon consideration of all factors, it is determined that
103 such zoning classification does not reflect the immediate most suitable economic use of the
104 property;

105 (4) Other legal restrictions on the use of such property;

106 (5) Availability of water, electricity, gas, sewers, street lighting, and other public
107 services for such property;

108 (6) Size of such property;

109 (7) Access of such property to public thoroughfares; and

110 (8) Any other factors relevant to a determination of the immediate most suitable
111 economic use of such property.

112 6. All lands classified as forest croplands shall not, for taxation purposes, be
113 classified as subclass (1), subclass (2), or subclass (3) real property, as such classes are
114 prescribed in Section 4(b) of Article X of the Missouri Constitution and defined in this
115 section, but shall be taxed in accordance with the laws enacted to implement Section 7 of
116 Article X of the Missouri Constitution.

137.039. 1. **As used in this section, "additional tax abatement revenues" means**
2 **revenues derived from higher tax levies on real property inside a political subdivision**
3 **that has adopted any tax abatement or similar economic incentive authorized under**
4 **general law but outside an area subject to tax abatement within the political subdivision.**

5 2. **Beginning on January first of the calendar year immediately following the**
6 **effective date of this section, each political subdivision that adopts or has adopted any**
7 **tax abatement or similar economic incentive authorized under state law shall decrease**
8 **the levy of real property tax rates levied under state law to reduce the amount of tax**
9 **revenues such political subdivision received from additional tax abatement revenues.**

137.055. 1. After the assessor's book of each county, except in any city not within a
2 county or any county with a charter form of government, shall be corrected and adjusted
3 according to law, but not later than September twentieth, of each year, the county governing
4 body shall ascertain the sum necessary to be raised for county purposes, and fix the rate of
5 taxes on the several subjects of taxation so as to raise the required sum, and the same to be
6 entered in the proper columns in the tax book. Any city not within a county and any county
7 with a charter form of government shall set the tax rate by October first of each year for each
8 calendar year after December 31, 2008.

2 2. Prior to fixing the rate of taxes, as provided in this section, the county governing
10 body shall hold a public hearing on the proposed rate of taxes at which citizens shall be heard.
11 A notice stating the time and place for the hearing shall be published in at least one
12 newspaper qualified under the laws of Missouri of general circulation in the county at least
13 seven days prior to the date of the hearing. The notice shall include the aggregate assessed
14 valuation by category of real, total personal and other tangible property in the county as
15 entered in the tax book for the fiscal year for which the tax is to be levied, the aggregate
16 assessed valuation by category of real, total personal and other tangible property in the county
17 for the preceding taxable year, the required sums to be raised from the property tax for each
18 purpose for which the county levies taxes as approved in the budget adopted under chapter
19 50, the proposed rate of taxes which will produce substantially the same revenues as required
20 by the budget, ~~[and the increase in tax revenue realized due to an increase in assessed value as~~
~~a result of new construction and improvement,]~~ and the increase, both in dollar value and
22 percentage, in tax revenue as a result of reassessment if the proposed tax rate is adopted.
23 Failure of any taxpayer to appear at said hearing shall not prevent the taxpayer from pursuit of

24 any other legal remedy otherwise available to the taxpayer. Nothing in this subsection
25 absolves county governing bodies of responsibilities under section 137.073 nor to adjust tax
26 rates in event changes in assessed valuation occur that would alter the tax rate calculations.

**137.067. Notwithstanding any other provision of law to the contrary, any ballot
2 measure seeking approval to add, change, or modify a tax on real property shall express
3 the effect of the proposed change within the ballot language in terms of the change in
4 real dollars owed per one hundred thousand dollars of a property's market valuation.**

137.073. 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to Article X, Section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013 ~~[or as excess home dock city or county fees as provided in subsection 4 of section 313.820]~~ in the immediately preceding

31 fiscal year but not including any amount calculated to adjust for prior years. For purposes of
32 political subdivisions which were authorized to levy a tax in the prior year but which did not
33 levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the
34 revision of tax levies mandated by law, shall mean the revenues equal to the amount that
35 would have been available if the voluntary rate reduction had not been made.

36 2. (1) Whenever changes in assessed valuation are entered in the assessor's books for
37 any personal property, in the aggregate, or for any subclass of real property as such subclasses
38 are established in Section 4(b) of Article X of the Missouri Constitution and defined in
39 section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify
40 each political subdivision wholly or partially within the county or St. Louis City of the change
41 in valuation of each subclass of real property, individually, and personal property, in the
42 aggregate[~~, exclusive of new construction and improvements~~]. All political subdivisions shall
43 immediately revise the applicable rates of levy for each purpose for each subclass of real
44 property, individually, and personal property, in the aggregate, for which taxes are levied to
45 the extent necessary to produce from all taxable property[~~, exclusive of new construction and~~
46 ~~improvements,~~] substantially the same amount of tax revenue as was produced in the previous
47 year for each subclass of real property, individually, and personal property, in the aggregate,
48 except that the rate shall not exceed the greater of the most recent voter-approved rate or the
49 most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this
50 section.

51 (2) Any political subdivision that has received approval from voters for a tax increase
52 after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue
53 as the amount of revenue that would have been derived by applying the voter-approved
54 increased tax rate ceiling to the total assessed valuation of the political subdivision as most
55 recently certified by the city or county clerk on or before the date of the election in which
56 such increase is approved, increased by the percentage increase in the consumer price index,
57 as provided by law, except that the **[rate] rates of levy for each subclass of real property,**
58 **individually, and personal property, in the aggregate,** shall not exceed the greater of the
59 most recent voter-approved rate or the most recent voter-approved rate as adjusted under
60 subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts
61 from ad valorem levies on any real property which was assessed by the assessor of a county
62 or city in such previous year but is assessed by the assessor of a county or city in the current
63 year in a different subclass of real property.

64 (3) Where the taxing authority is a school district for the purposes of revising the
65 applicable rates of levy for each subclass of real property, the tax revenues from state-
66 assessed railroad and utility property shall be apportioned and attributed to each subclass of

67 real property based on the percentage of the total assessed valuation of the county that each
68 subclass of real property represents in the current **[taxable] tax** year.

69 (4) As provided in Section 22 of Article X of the constitution, a political subdivision
70 may also revise each levy to allow for inflationary assessment growth occurring within the
71 political subdivision. The inflationary growth factor for any such subclass of real property or
72 personal property shall be limited to the actual assessment growth in such subclass or class,
73 ~~exclusive of new construction and improvements, and~~ exclusive of the assessed value on
74 any real property which was assessed by the assessor of a county or city in the current year in
75 a different subclass of real property, but not to exceed the consumer price index or five
76 percent, whichever is lower. ~~Should the tax revenue of a political subdivision from the
77 various tax rates determined in this subsection be different than the tax revenue that would
78 have been determined from a single tax rate as calculated pursuant to the method of
79 calculation in this subsection prior to January 1, 2003, then the political subdivision shall
80 revise the tax rates of those subclasses of real property, individually, and/or personal property,
81 in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this
82 subsection. Such revision shall yield an amount equal to such difference and shall be
83 apportioned among such subclasses of real property, individually, and/or personal property, in
84 the aggregate, based on the relative assessed valuation of the class or subclasses of property
85 experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall
86 be made by computing the percentage of current year adjusted assessed valuation of each
87 class or subclass with a tax rate reduction to the total current year adjusted assessed valuation
88 of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by
89 the revenue difference between the single rate calculation and the calculations pursuant to this
90 subsection and dividing by the respective adjusted current year assessed valuation of each
91 class or subclass to determine the adjustment to the rate to be levied upon each class or
92 subclass of property. The adjustment computed herein shall be multiplied by one hundred,
93 rounded to four decimals in the manner provided in this subsection, and added to the initial
94 rate computed for each class or subclass of property. For school districts that levy separate
95 tax rates on each subclass of real property and personal property in the aggregate, if voters
96 approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied
97 to the different subclasses of real property and personal property in the aggregate, or increases
98 the separate rates that may be levied on the different subclasses of real property and personal
99 property in the aggregate by different amounts, the tax rate that shall be used for the single tax
100 rate calculation shall be a blended rate, calculated in the manner provided under subdivision
101 (1) of subsection 6 of this section.]~~

102 **(5)** Notwithstanding any provision of this subsection to the contrary, no revision to
103 the rate of levy for personal property shall cause such levy to increase over the levy for
104 personal property from the prior year.

105 3. (1) Where the taxing authority is a school district, it shall be required to revise the
106 rates of levy to the extent necessary to produce from all taxable property, including state-
107 assessed railroad and utility property, which shall be separately estimated in addition to other
108 data required in complying with section 164.011, substantially the amount of tax revenue
109 permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be
110 adjusted to offset such district's reduction in the apportionment of state school moneys due to
111 its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling
112 pursuant to this section, requiring the estimating of effects of state-assessed railroad and
113 utility valuation or loss of state aid, discovers that the estimates used result in receipt of
114 excess revenues, which would have required a lower rate if the actual information had been
115 known, the school district shall reduce the tax rate ceiling in the following year to compensate
116 for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes
117 of this section.

118 (2) For any political subdivision which experiences a reduction in the amount of
119 assessed valuation relating to a prior year, due to decisions of the state tax commission or a
120 court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the
121 calculation or recordation of any assessed valuation:

122 (a) Such political subdivision may revise the tax rate ceiling for each purpose it levies
123 taxes to compensate for the reduction in assessed value occurring after the political
124 subdivision calculated the tax rate ceiling for the particular subclass of real property or for
125 personal property, in the aggregate, in a prior year. Such revision by the political subdivision
126 shall be made at the time of the next calculation of the tax rate for the particular subclass of
127 real property or for personal property, in the aggregate, after the reduction in assessed
128 valuation has been determined and shall be calculated in a manner that results in the revised
129 tax rate ceiling being the same as it would have been had the corrected or finalized assessment
130 been available at the time of the prior calculation;

131 (b) In addition, for up to three years following the determination of the reduction in
132 assessed valuation as a result of circumstances defined in this subdivision, such political
133 subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate
134 ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to
135 receive had the corrected or finalized assessment been available at the time of the prior
136 calculation.

137 4. (1) In order to implement the provisions of this section and Section 22 of Article X
138 of the Constitution of Missouri, the term improvements shall apply to both real and personal

139 property. In order to determine the value of new construction and improvements, each county
140 assessor shall maintain a record of real property valuations in such a manner as to identify
141 each year the increase in valuation for each political subdivision in the county as a result of
142 new construction and improvements. The value of new construction and improvements shall
143 include the additional assessed value of all improvements or additions to real property which
144 were begun after and were not part of the prior year's assessment, except that the additional
145 assessed value of all improvements or additions to real property which had been totally or
146 partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections
147 135.200 to 135.255, and section 353.110 shall be included in the value of new construction
148 and improvements when the property becomes totally or partially subject to assessment and
149 payment of all ad valorem taxes. The aggregate increase in valuation of personal property for
150 the current year over that of the previous year is the equivalent of the new construction and
151 improvements factor for personal property. ~~Notwithstanding any opt-out implemented~~
152 ~~pursuant to subsection 14 of section 137.115,~~ The assessor shall certify the amount of new
153 construction and improvements and the amount of assessed value on any real property which
154 was assessed by the assessor of a county or city in such previous year but is assessed by the
155 assessor of a county or city in the current year in a different subclass of real property
156 separately for each of the three subclasses of real property for each political subdivision to the
157 county clerk in order that political subdivisions shall have this information for the purpose of
158 calculating tax rates pursuant to this section and Section 22, Article X, Constitution of
159 Missouri. In addition, the state tax commission shall certify each year to each county clerk
160 the increase in the general price level as measured by the Consumer Price Index for All Urban
161 Consumers for the United States, or its successor publications, as defined and officially
162 reported by the United States Department of Labor, or its successor agency. The state tax
163 commission shall certify the increase in such index on the latest twelve-month basis available
164 on February first of each year over the immediately preceding prior twelve-month period in
165 order that political subdivisions shall have this information available in setting their tax rates
166 according to law and Section 22 of Article X of the Constitution of Missouri. For purposes of
167 implementing the provisions of this section and Section 22 of Article X of the Missouri
168 Constitution, the term "property" means all taxable property, including state-assessed
169 property.

170 (2) Each political subdivision required to revise rates of levy pursuant to this section
171 or Section 22 of Article X of the Constitution of Missouri shall calculate each tax rate it is
172 authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate
173 revision provided in this section and Section 22 of Article X of the Constitution of Missouri,
174 separately and without regard to annual tax rate reductions provided in section 67.505 and
175 section 164.013. Each political subdivision shall set each tax rate it is authorized to levy

176 using the calculation that produces the lowest tax rate ceiling. It is further the intent of the
177 general assembly, pursuant to the authority of Section 10(c) of Article X of the Constitution
178 of Missouri, that the provisions of such section be applicable to tax rate revisions mandated
179 pursuant to Section 22 of Article X of the Constitution of Missouri as to reestablishing tax
180 rates as revised in subsequent years, enforcement provisions, and other provisions not in
181 conflict with Section 22 of Article X of the Constitution of Missouri. Annual tax rate
182 reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as
183 established pursuant to this section and Section 22 of Article X of the Constitution of
184 Missouri, unless otherwise provided by law.

185 5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this
186 section shall not be increased unless approved by a vote of the people. Approval of the higher
187 tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires
188 approval by more than a simple majority pursuant to any provision of law or the constitution,
189 the tax rate increase must receive approval by at least the majority required.

190 (2) When voters approve an increase in the tax rate, the amount of the increase shall
191 be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate
192 does not exceed any maximum rate prescribed by law. If a ballot question presents a stated
193 tax rate for approval rather than describing the amount of increase in the question, the stated
194 tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the
195 current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that,
196 when applied to the current total assessed valuation of the political subdivision, ~~excluding~~
~~new construction and improvements since the date of the election approving such increase,~~
197 the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of
198 revenue which would have been derived by applying the voter-approved increased tax rate
199 ceiling to total assessed valuation of the political subdivision, as most recently certified by the
200 city or county clerk on or before the date of the election in which such increase is approved,
201 increased by the percentage increase in the consumer price index, as provided by law. Such
202 adjusted tax rate ceiling may be applied to the total assessed valuation of the political
203 subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate
204 increase, upon voter approval, each tax rate increase shall be adjusted in the manner
205 prescribed in this section to yield the sum of: the amount of revenue that would be derived by
206 applying such voter-approved increased rate to the total assessed valuation, as most recently
207 certified by the city or county clerk on or before the date of the election in which such
208 increase was approved, increased by the percentage increase in the consumer price index, as
209 provided by law, from the date of the election to the time of such increase and, so adjusted,
210 shall be the current tax rate ceiling.

212 (3) The provisions of subdivision (2) of this subsection notwithstanding, if prior
213 to the expiration of a temporary levy increase voters approve a subsequent levy
214 increase, the new tax rate ceiling shall remain in effect only until such time as the
215 temporary levy expires under the terms originally approved by a vote of the people, at
216 which time the tax rate ceiling shall be decreased by the amount of the temporary levy
217 increase. If prior to the expiration of a temporary levy increase voters of a political
218 subdivision are asked to approve an additional, permanent increase to the political
219 subdivision's tax rate ceiling, voters shall be submitted ballot language that clearly
220 indicates that if the permanent levy increase is approved, the temporary levy shall be
221 made permanent.

222 (4) The governing body of any political subdivision may levy a tax rate lower than its
223 tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level
224 not exceeding the tax rate ceiling without voter approval in the manner provided under
225 subdivision [4] (5) of this subsection. Nothing in this section shall be construed as
226 prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is
227 required under the provisions of this section or from seeking voter approval of a reduction to
228 such political subdivision's tax rate ceiling.

229 [4] (5) In a year of general reassessment, a governing body whose tax rate is lower
230 than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of
231 this section as if its tax rate was at the tax rate ceiling. In a year following general
232 reassessment, if such governing body intends to increase its tax rate, the governing body shall
233 conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or
234 policy statement justifying its action prior to setting and certifying its tax rate. The provisions
235 of this subdivision shall not apply to any political subdivision which levies a tax rate lower
236 than its tax rate ceiling solely due to a reduction required by law resulting from sales tax
237 collections. The provisions of this subdivision shall not apply to any political subdivision
238 which has received voter approval for an increase to its tax rate ceiling subsequent to setting
239 its most recent tax rate.

240 (6) (a) As used in this subdivision, the following terms mean:

- 241 a. "Current tax rate ceiling", the tax rate ceiling in effect before the voters
242 approve a higher tax rate;
- 243 b. "Increased tax rate ceiling", the new tax rate ceiling in effect after the voters
244 approve a higher tax rate.

245 (b) Notwithstanding any other provision of law to the contrary, when the
246 required majority of voters in a political subdivision passes an increase in the political
247 subdivision's tax rate, the political subdivision shall use the current tax rate ceiling and

248 **the increase approved by the voters in establishing the rates of levy for the tax year**
249 **immediately following the election.**

250 **(c) If the assessed valuation of real property in such political subdivision is**
251 **reduced in such tax year immediately following the election, such political subdivision**
252 **may raise its rates of levy so that the revenue received from its local real property tax**
253 **rates equals the amount the political subdivision would have received from the increased**
254 **rates of levy had there been no reduction in the assessed valuation of real property in the**
255 **political subdivision.**

256 **(d) Using the increased tax rate ceiling shall be revenue neutral as required in**
257 **Article X, Section 22 of the Constitution of Missouri.**

258 6. (1) For the purposes of calculating state aid for public schools pursuant to section
259 163.031, each taxing authority which is a school district shall determine its proposed tax rate
260 as a blended rate of the classes or subclasses of property. Such blended rate shall be
261 calculated by first determining the total tax revenue of the property within the jurisdiction of
262 the taxing authority, which amount shall be equal to the sum of the products of multiplying
263 the assessed valuation of each class and subclass of property by the corresponding tax rate for
264 such class or subclass, then dividing the total tax revenue by the total assessed valuation of
265 the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred.
266 Where the taxing authority is a school district, such blended rate shall also be used by such
267 school district for calculating revenue from state-assessed railroad and utility property as
268 defined in chapter 151 and for apportioning the tax rate by purpose.

269 (2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk
270 of the county commission in the county or counties where the tax rate applies of its tax rate
271 ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a
272 fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one
273 dollar, then one-one-hundredth of a cent. If a taxing authority shall round to one-one-
274 hundredth of a cent, it shall round up a fraction greater than or equal to five-one-thousandth of
275 one cent to the next higher one-one-hundredth of a cent; if a taxing authority shall round to
276 one-tenth of a cent, it shall round up a fraction greater than or equal to five-one-hundredths of
277 a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate
278 shall provide data, in such form as shall be prescribed by the state auditor by rule,
279 substantiating such tax rate complies with Missouri law. All forms for the calculation of rates
280 pursuant to this section shall be promulgated as a rule and shall not be incorporated by
281 reference. The state auditor shall promulgate rules for any and all forms for the calculation of
282 rates pursuant to this section which do not currently exist in rule form or that have been
283 incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for
284 debt service shall provide data, in such form as shall be prescribed by the state auditor by rule,

285 substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed
286 for annual debt service requirements will be *prima facie* valid if, after making the payment for
287 which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed
288 the following year's payments. The county clerk shall keep on file and available for public
289 inspection all such information for a period of three years. The clerk shall, within three days
290 of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed
291 tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen
292 days of the date of receipt, examine such information and return to the county clerk his or her
293 findings as to compliance of the tax rate ceiling with this section and as to compliance of any
294 proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing
295 authority's proposed tax rate does not comply with Missouri law, then the state auditor's
296 findings shall include a recalculated tax rate, and the state auditor may request a taxing
297 authority to submit documentation supporting such taxing authority's proposed tax rate. The
298 county clerk shall immediately forward a copy of the auditor's findings to the taxing authority
299 and shall file a copy of the findings with the information received from the taxing authority.
300 The taxing authority shall have fifteen days from the date of receipt from the county clerk of
301 the state auditor's findings and any request for supporting documentation to accept or reject in
302 writing the rate change certified by the state auditor and to submit all requested information to
303 the state auditor. A copy of the taxing authority's acceptance or rejection and any information
304 submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority
305 rejects a rate change certified by the state auditor and the state auditor does not receive
306 supporting information which justifies the taxing authority's original or any subsequent
307 proposed tax rate, then the state auditor shall refer the perceived violations of such taxing
308 authority to the attorney general's office and the attorney general is authorized to obtain
309 injunctive relief to prevent the taxing authority from levying a violative tax rate.

310 (3) In the event that the taxing authority incorrectly completes the forms created and
311 promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing
312 authority may submit amended forms with an explanation for the needed changes. If such
313 amended forms are filed under regulations prescribed by the state auditor, the state auditor
314 shall take into consideration such amended forms for the purposes of this subsection.

315 7. No tax rate shall be extended on the tax rolls by the county clerk unless the political
316 subdivision has complied with the foregoing provisions of this section.

317 8. Whenever a taxpayer has cause to believe that a taxing authority has not complied
318 with the provisions of this section, the taxpayer may make a formal complaint with the
319 prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action
320 within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to
321 this section and institute an action as representative of a class of all taxpayers within a taxing

322 authority if the class is so numerous that joinder of all members is impracticable, if there are
323 questions of law or fact common to the class, if the claims or defenses of the representative
324 parties are typical of the claims or defenses of the class, and if the representative parties will
325 fairly and adequately protect the interests of the class. In any class action maintained
326 pursuant to this section, the court may direct to the members of the class a notice to be
327 published at least once each week for four consecutive weeks in a newspaper of general
328 circulation published in the county where the civil action is commenced and in other counties
329 within the jurisdiction of a taxing authority. The notice shall advise each member that the
330 court will exclude him or her from the class if he or she so requests by a specified date, that
331 the judgment, whether favorable or not, will include all members who do not request
332 exclusion, and that any member who does not request exclusion may, if he or she desires,
333 enter an appearance. In any class action brought pursuant to this section, the court, in
334 addition to the relief requested, shall assess against the taxing authority found to be in
335 violation of this section the reasonable costs of bringing the action, including reasonable
336 attorney's fees, provided no attorney's fees shall be awarded any attorney or association of
337 attorneys who receive public funds from any source for their services. Any action brought
338 pursuant to this section shall be set for hearing as soon as practicable after the cause is at
339 issue.

340 9. If in any action, including a class action, the court issues an order requiring a taxing
341 authority to revise the tax rates as provided in this section or enjoins a taxing authority from
342 the collection of a tax because of its failure to revise the rate of levy as provided in this
343 section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously
344 paid his or her taxes in part, whether or not the taxes are paid under protest as provided in
345 section 139.031 or otherwise contested. The part of the taxes paid erroneously is the
346 difference in the amount produced by the original levy and the amount produced by the
347 revised levy. The township or county collector of taxes or the collector of taxes in any city
348 shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise
349 the rate of levy as provided in this section shall make available to the collector all funds
350 necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest
351 on any money erroneously paid by him or her pursuant to this subsection. Effective in the
352 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund
353 any tax erroneously paid prior to or during the third tax year preceding the current tax year.

354 10. Any rule or portion of a rule, as that term is defined in section 536.010, that is
355 created under the authority delegated in this section shall become effective only if it complies
356 with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.
357 This section and chapter 536 are nonseverable and if any of the powers vested with the
358 general assembly pursuant to chapter 536 to review, to delay the effective date, or to

359 disapprove and annul a rule are subsequently held unconstitutional, then the grant of
360 rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid
361 and void.

137.079. Prior to setting its ~~rate or~~ rates as required by section 137.073, each taxing
2 authority shall exclude from its total assessed valuation seventy-two percent of the total
3 amount of assessed value of business personal property that is the subject of an appeal at the
4 state tax commission or in a court of competent jurisdiction in this state. This exclusion shall
5 only apply to the portion of the assessed value of business personal property that is disputed
6 in the appeal, and shall not exclude any portion of the same property that is not disputed. ~~If~~
7 ~~the taxing authority uses a multirate approach~~ **For the purpose of setting rates** as provided
8 in section 137.073, this exclusion shall be made from the personal property class. The state
9 tax commission shall provide each taxing authority with the total assessed value of business
10 personal property within the jurisdiction of such taxing authority for which an appeal is
11 pending no later than August twentieth of each year. Whenever any appeal is resolved,
12 whether by final adjudication or settlement, and the result of the appeal causes money to be
13 paid to the taxing authority, the taxing authority shall not be required to make an additional
14 adjustment to its rate or rates due to such payment once the deadline for setting its rates, as
15 provided by this chapter, has passed in a taxable year, but shall adjust its rate or rates due to
16 such payment in the next rate setting cycle to offset the payment in the next taxable year. For
17 the purposes of this section, the term "business personal property" means tangible personal
18 property which is used in a trade or business or used for production of income and which has
19 a determinable life of longer than one year except that supplies used by a business shall also
20 be considered business personal property, but shall not include livestock, farm machinery,
21 property subject to the motor vehicle registration provisions of chapter 301, property subject
22 to the tables provided in section 137.078, the property of rural electric cooperatives under
23 chapter 394, or property assessed by the state tax commission under chapters 151, 153, and
24 155, section 137.022, and sections 137.1000 to 137.1030.

137.082. 1. Notwithstanding the provisions of sections 137.075 and 137.080 to the
2 contrary, a building or other structure classified as residential property pursuant to section
3 137.016 newly constructed and occupied on any parcel of real property shall be assessed and
4 taxed on such assessed valuation as of the first day of the month following the date of
5 occupancy for the proportionate part of the remaining year at the tax rates established for that
6 year, in all taxing jurisdictions located in the county adopting this section as provided in
7 subsection 8 of this section. Newly constructed residential property which has never been
8 occupied shall not be assessed as improved real property until such occupancy or the first day
9 of January of the fourth year following the year in which construction of the improvements
10 was completed. The provisions of this subsection shall apply in those counties including any

11 city not within a county in which the governing body has previously adopted or hereafter
12 adopts the provisions of this subsection.

13 2. The assessor may consider a property residentially occupied upon personal
14 verification or when any two of the following conditions have been met:

15 (1) An occupancy permit has been issued for the property;

16 (2) A deed transferring ownership from one party to another has been filed with the
17 recorder of deeds' office subsequent to the date of the first permanent utility service;

18 (3) A utility company providing service in the county has verified a transfer of service
19 for property from one party to another;

20 (4) The person or persons occupying the newly constructed property has registered a
21 change of address with any local, state or federal governmental office or agency.

22 3. In implementing the provisions of this section, the assessor may use occupancy
23 permits, building permits, warranty deeds, utility connection documents, including telephone
24 connections, or other official documents as may be necessary to discover the existence of
25 newly constructed properties. No utility company shall refuse to provide verification monthly
26 to the assessor of a utility connection to a newly occupied single family building or structure.

27 4. In the event that the assessment under subsections 1 and 2 of this section is not
28 completed until after the deadline for filing appeals in a given tax year, the owner of the
29 newly constructed property who is aggrieved by the assessment of the property may appeal
30 this assessment the following year to the county board of equalization in accordance with
31 chapter 138 and may pay any taxes under protest in accordance with section 139.031;
32 provided however, that such payment under protest shall not be required as a condition of
33 appealing to the county board of equalization. The collector shall impound such protested
34 taxes and shall not disburse such taxes until resolution of the appeal.

35 5. The increase in assessed valuation resulting from the implementation of the
36 provisions of this section shall be considered new construction and improvements under the
37 provisions of this chapter.

38 6. In counties which adopt the provisions of subsections 1 to 7 of this section, an
39 amount not to exceed ten percent of all ad valorem property tax collections on newly
40 constructed and occupied residential property allocable to each taxing authority within
41 counties of the first classification having a population of nine hundred thousand or more, one-
42 tenth of one percent of all ad valorem property tax collections allocable to each taxing
43 authority within all other counties of the first classification and one-fifth of one percent of all
44 ad valorem property tax collections allocable to each taxing authority within counties of the
45 second, third and fourth classifications and any county of the first classification having a
46 population of at least eighty-two thousand inhabitants, but less than eighty-two thousand one

47 hundred inhabitants, in addition to the amount prescribed by section 137.720 shall be
48 deposited into the assessment fund of the county for collection costs.

49 7. For purposes of figuring the tax due on such newly constructed residential
50 property, the assessor or the board of equalization shall place the full amount of the assessed
51 valuation on the tax book upon the first day of the month following occupancy. Such
52 assessed valuation shall be taxed for each month of the year following such date at its new
53 assessed valuation, and for each month of the year preceding such date at its previous
54 valuation. The percentage derived from dividing the number of months at which the property
55 is taxed at its new valuation by twelve shall be applied to the total assessed valuation of the
56 new construction and improvements, and such product shall be included in the next year's
57 base for the purposes of figuring the next year's tax levy rollback. The untaxed percentage
58 shall be considered as new construction and improvements in the following year ~~[and shall be
59 exempt from the rollback provisions]~~.

60 8. Subsections 1 to 7 of this section shall be effective in those counties including any
61 city not within a county in which the governing body of such county elects to adopt a
62 proposal to implement the provisions of subsections 1 to 7 of this section. Such subsections
63 shall become effective in such county on the first day of January of the year following such
64 election.

65 9. In any county which adopts the provisions of subsections 1 to 7 of this section prior
66 to the first day of June in any year pursuant to subsection 8 of this section, the assessor of
67 such county shall, upon application of the property owner, remove on a pro rata basis from the
68 tax book for the current year any residential real property improvements destroyed by a
69 natural disaster if such property is unoccupied and uninhabitable due to such destruction. On
70 or after the first day of July, the board of equalization shall perform such duties. Any person
71 claiming such destroyed property shall provide a list of such destroyed property to the county
72 assessor. The assessor shall have available a supply of appropriate forms on which the claim
73 shall be made. The assessor may verify all such destroyed property listed to ensure that the
74 person made a correct statement. Any person who completes such a list and, with intent to
75 defraud, includes property on the list that was not destroyed by a natural disaster shall, in
76 addition to any other penalties provided by law, be assessed double the value of any property
77 fraudulently listed. The list shall be filed by the assessor, after he has provided a copy of the
78 list to the county collector and the board of equalization, in the office of the county clerk who,
79 after entering the filing thereof, shall preserve and safely keep them. If the assessor,
80 subsequent to such destruction, considers such property occupied as provided in subsection 2
81 of this section, the assessor shall consider such property new construction and improvements
82 and shall assess such property accordingly as provided in subsection 1 of this section. For the

83 purposes of this section, the term "natural disaster" means any disaster due to natural causes
84 such as tornado, fire, flood, or earthquake.

85 10. Any political subdivision may recover the loss of revenue caused by subsection 9
86 of this section by adjusting the rate of taxation, to the extent previously authorized by the
87 voters of such political subdivision, for the tax year immediately following the year of such
88 destruction in an amount not to exceed the loss of revenue caused by this section.

137.115. 1. (1) All other laws to the contrary notwithstanding, the assessor or the
2 assessor's deputies in all counties of this state including the City of St. Louis shall annually
3 make a list of all real and tangible personal property taxable in the assessor's city, county,
4 town or district.

5 (2) Except as otherwise provided in subsection 3 of this section and section 137.078,
6 the assessor shall annually assess all personal property at thirty-three and one-third percent of
7 its true value in money as of January first of each calendar year.

8 (3) The assessor shall annually assess all real property, including any new
9 construction and improvements to real property, and possessory interests in real property at
10 the percent of its true value in money set in subsection 5 of this section. The true value in
11 money of any possessory interest in real property in subclass (3), where such real property is
12 on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as
13 defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and
14 owned by a political subdivision, shall be the otherwise applicable true value in money of any
15 such possessory interest in real property [~~, less the total dollar amount of costs paid by a party,~~
~~other than the political subdivision, towards any new construction or improvements on such~~
~~real property completed after January 1, 2008, and which are included in the above-~~
~~mentioned possessory interest, regardless of the year in which such costs were incurred or~~
~~whether such costs were considered in any prior year~~]. The assessor shall annually assess all
20 real property in the following manner: new assessed values shall be determined as of January
21 first of each odd-numbered year and shall be entered in the assessor's books; those same
22 assessed values shall apply in the following even-numbered year, except for new construction
23 and property improvements which shall be valued as though they had been completed as of
24 January first of the preceding odd-numbered year. The assessor may call at the office, place
25 of doing business, or residence of each person required by this chapter to list property, and
26 require the person to make a correct statement of all taxable tangible personal property owned
27 by the person or under his or her care, charge or management, taxable in the county.

28 (4) On or before January first of each even-numbered year, the assessor shall prepare
29 and submit a two-year assessment maintenance plan to the county governing body and the
30 state tax commission for their respective approval or modification. The county governing
31 body shall approve and forward such plan or its alternative to the plan to the state tax

32 commission by February first. If the county governing body fails to forward the plan or its
33 alternative to the plan to the state tax commission by February first, the assessor's plan shall
34 be considered approved by the county governing body. If the state tax commission fails to
35 approve a plan and if the state tax commission and the assessor and the governing body of the
36 county involved are unable to resolve the differences, in order to receive state cost-share
37 funds outlined in section 137.750, the county or the assessor shall petition the administrative
38 hearing commission, by May first, to decide all matters in dispute regarding the assessment
39 maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties
40 proceed with mediation or arbitration upon terms agreed to by the parties. The final decision
41 of the administrative hearing commission shall be subject to judicial review in the circuit
42 court of the county involved.

43 **(5)** In the event a valuation of subclass (1) real property within any county with a
44 charter form of government, or within a city not within a county, is made by a computer,
45 computer-assisted method or a computer program, the burden of proof, supported by clear,
46 convincing and cogent evidence to sustain such valuation, shall be on the assessor at any
47 hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a
48 presumption that the assessment was made by a computer, computer-assisted method or a
49 computer program. Such evidence shall include, but shall not be limited to, the following:

50 **[+] (a)** The findings of the assessor based on an appraisal of the property by
51 generally accepted appraisal techniques; and

52 **[+] (b)** The purchase prices from sales of at least three comparable properties and
53 the address or location thereof. As used in this subdivision, the word "comparable" means
54 that:

55 **[+] a.** Such sale was closed at a date relevant to the property valuation; and

56 **[+] b.** Such properties are not more than one mile from the site of the disputed
57 property, except where no similar properties exist within one mile of the disputed property,
58 the nearest comparable property shall be used. Such property shall be within five hundred
59 square feet in size of the disputed property, and resemble the disputed property in age, floor
60 plan, number of rooms, and other relevant characteristics.

61 2. Assessors in each county of this state and the City of St. Louis may send personal
62 property assessment forms through the mail.

63 3. The following items of personal property shall each constitute separate subclasses
64 of tangible personal property and shall be assessed and valued for the purposes of taxation at
65 the following percentages of their true value in money:

66 (1) Grain and other agricultural crops in an unmanufactured condition, one-half of
67 one percent;

68 (2) Livestock, twelve percent;

69 (3) Farm machinery, twelve percent;
70 (4) Motor vehicles which are eligible for registration as and are registered as historic
71 motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years
72 old and which are used solely for noncommercial purposes and are operated less than two
73 hundred hours per year or aircraft that are home built from a kit, five percent;

74 (5) Poultry, twelve percent;

75 (6) Tools and equipment used for pollution control and tools and equipment used in
76 retooling for the purpose of introducing new product lines or used for making improvements
77 to existing products by any company which is located in a state enterprise zone and which is
78 identified by any standard industrial classification number cited in subdivision (7) of section
79 135.200, twenty-five percent; and

80 (7) Solar panels, racking systems, inverters, and related solar equipment, components,
81 materials, and supplies installed in connection with solar photovoltaic energy systems, as
82 described in subdivision (46) of subsection 2 of section 144.030, that were constructed and
83 producing solar energy prior to August 9, 2022, five percent.

84 4. The person listing the property shall enter a true and correct statement of the
85 property, in a printed blank prepared for that purpose. The statement, after being filled out,
86 shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall
87 then be delivered to the assessor.

88 5. (1) All subclasses of real property, as such subclasses are established in Section 4
89 (b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed
90 at the following percentages of true value:

91 (a) For real property in subclass (1), nineteen percent;
92 (b) For real property in subclass (2), twelve percent; and
93 (c) For real property in subclass (3), thirty-two percent.

94 (2) A taxpayer may apply to the county assessor, or, if not located within a county,
95 then the assessor of such city, for the reclassification of such taxpayer's real property if the use
96 or purpose of such real property is changed after such property is assessed under the
97 provisions of this chapter. If the assessor determines that such property shall be reclassified,
98 he or she shall determine the assessment under this subsection based on the percentage of the
99 tax year that such property was classified in each subclassification.

100 6. Manufactured homes, as defined in section 700.010, which are actually used as
101 dwelling units shall be assessed at the same percentage of true value as residential real
102 property for the purpose of taxation. The percentage of assessment of true value for such
103 manufactured homes shall be the same as for residential real property. If the county collector
104 cannot identify or find the manufactured home when attempting to attach the manufactured
105 home for payment of taxes owed by the manufactured home owner, the county collector may

106 request the county commission to have the manufactured home removed from the tax books,
107 and such request shall be granted within thirty days after the request is made; however, the
108 removal from the tax books does not remove the tax lien on the manufactured home if it is
109 later identified or found. For purposes of this section, a manufactured home located in a
110 manufactured home rental park, rental community or on real estate not owned by the
111 manufactured home owner shall be considered personal property. For purposes of this
112 section, a manufactured home located on real estate owned by the manufactured home owner
113 may be considered real property.

114 7. Each manufactured home assessed shall be considered a parcel for the purpose of
115 reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be
116 real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement
117 to the existing real estate parcel.

118 8. Any amount of tax due and owing based on the assessment of a manufactured
119 home shall be included on the personal property tax statement of the manufactured home
120 owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of
121 section 442.015, in which case the amount of tax due and owing on the assessment of the
122 manufactured home as a realty improvement to the existing real estate parcel shall be
123 included on the real property tax statement of the real estate owner.

124 9. The assessor of each county and each city not within a county shall use a nationally
125 recognized automotive trade publication such as the National Automobile Dealers'
126 Association Official Used Car Guide, Kelley Blue Book, Edmunds, or other similar
127 publication as the recommended guide of information for determining the true value of motor
128 vehicles described in such publication. The state tax commission shall select and make
129 available to all assessors which publication shall be used. The assessor of each county and
130 each city not within a county shall use the trade-in value published in the current October
131 issue of the publication selected by the state tax commission. The assessor shall not use a
132 value that is greater than the average trade-in value in determining the true value of the motor
133 vehicle without performing a physical inspection of the motor vehicle. For vehicles two years
134 old or newer from a vehicle's model year, the assessor may use a value other than average
135 without performing a physical inspection of the motor vehicle. In the absence of a listing for
136 a particular motor vehicle in such publication, the assessor shall use such information or
137 publications that, in the assessor's judgment, will fairly estimate the true value in money of
138 the motor vehicle. For motor vehicles with a true value of less than fifty thousand dollars as
139 of January 1, 2025, the assessor shall not assess such motor vehicle for an amount greater
140 than such motor vehicle was assessed in the previous year, provided that such motor vehicle
141 was properly assessed in the previous year.

142 10. Before the assessor may increase the assessed valuation of any parcel of subclass
143 (1) real property **or any parcel of subclass (3) real property** by more than fifteen percent
144 since the last assessment, excluding increases due to new construction or improvements, the
145 assessor shall conduct a physical inspection of such property.

146 11. If a physical inspection is required, pursuant to subsection 10 of this section, the
147 assessor shall notify the property owner of that fact in writing and shall provide the owner
148 clear written notice of the owner's rights relating to the physical inspection. If a physical
149 inspection is required, the property owner may request that an interior inspection be
150 performed during the physical inspection. The owner shall have no less than thirty days to
151 notify the assessor of a request for an interior physical inspection.

152 12. A physical inspection, as required by subsection 10 of this section, shall include,
153 but not be limited to, an on-site personal observation and review of all exterior portions of the
154 land and any buildings and improvements to which the inspector has or may reasonably and
155 lawfully gain external access, and shall include an observation and review of the interior of
156 any buildings or improvements on the property upon the timely request of the owner pursuant
157 to subsection 11 of this section. Mere observation of the property via a drive-by inspection or
158 the like shall not be considered sufficient to constitute a physical inspection as required by
159 this section.

160 13. A county or city collector may accept credit cards as proper form of payment of
161 outstanding property tax or license due. No county or city collector may charge surcharge for
162 payment by credit card which exceeds the fee or surcharge charged by the credit card bank,
163 processor, or issuer for its service. A county or city collector may accept payment by
164 electronic transfers of funds in payment of any tax or license and charge the person making
165 such payment a fee equal to the fee charged the county by the bank, processor, or issuer of
166 such electronic payment.

167 14. ~~[Any county or city not within a county in this state may, by an affirmative vote of
168 the governing body of such county, opt out of the provisions of this section and sections
169 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety first general
170 assembly, second regular session and section 137.073 as modified by house committee
171 substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety
172 second general assembly, second regular session, for the next year of the general
173 reassessment, prior to January first of any year. No county or city not within a county
174 shall exercise this opt out provision after implementing the provisions of this section and
175 sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety first
176 general assembly, second regular session and section 137.073 as modified by house
177 committee substitute for senate substitute for senate committee substitute for senate bill no.
178 960, ninety second general assembly, second regular session, in a year of general~~

179 reassessment. For the purposes of applying the provisions of this subsection, a political
180 subdivision contained within two or more counties where at least one of such counties has
181 opted out and at least one of such counties has not opted out shall calculate a single tax rate as
182 in effect prior to the enactment of house bill no. 1150 of the ninety first general assembly,
183 second regular session. A governing body of a city not within a county or a county that has
184 opted out under the provisions of this subsection may choose to implement the provisions of
185 this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of
186 the ninety first general assembly, second regular session, and section 137.073 as modified by

191 15. The governing body of any city of the third classification with more than twenty-
192 six thousand three hundred but fewer than twenty six thousand seven hundred inhabitants
193 located in any county that has exercised its authority to opt out under subsection 14 of this
194 section may levy separate and differing tax rates for real and personal property only if such
195 city bills and collects its own property taxes or satisfies the entire cost of the billing and

6 within such city, town, village, or county, all of such tax to be collected and allocated to the
7 city, town, village, or county treasury, where it shall be known and designated as the
8 "Cemetery Maintenance Trust Fund" to be used for the upkeep and maintenance of cemeteries
9 located within such city, town, village, or county.

10 2. To the extent necessary to comply with Article X, Section 22(a) of the Missouri
11 Constitution, for any city, town, village, or county with a tax levy at or above the limitations
12 provided under Article X, Section 11(b), no ordinance adopted under this section shall
13 become effective unless the county commission or proper administrative body of the county,
14 or governing body of the city, town, or village submits to the voters of the city, town, village,
15 or county at a [state] general[~~, primary, or special~~] election a proposal to authorize the
16 imposition of a tax under this section. The tax authorized under this section shall be levied
17 and collected in the same manner as other real property taxes are levied and collected within
18 the city, town, village, or county. Such tax shall be in addition to all other taxes imposed on
19 real property, and shall be stated separately from all other charges and taxes. Such tax shall
20 not become effective unless the county commission or proper administrative body of the
21 county or governing body of the city, town, or village, by order or ordinance, submits to the
22 voters of the county a proposal to authorize the city, town, village, or county to impose a tax
23 under this section on any **general election** day [~~available for such city, town, village, or~~
24 ~~county to hold elections or at a special election called for that purpose~~].

30 one quarter of one cent per one hundred dollars assessed valuation) for
31 the sole purpose of providing funds for the maintenance, upkeep, and
32 preservation of city, town, village, or county cemeteries?

33 YES

34 NO

35 If a majority of the votes cast on the question by the qualified voters voting thereon are in
36 favor of the question, then the tax shall become effective on the first day of the second
37 calendar quarter immediately following notification to the city, town, village, or county
38 collector. If a majority of the votes cast on the question by the qualified voters voting thereon
39 are opposed to the question, then the tax shall not become effective unless and until the

40 question is resubmitted under this section to the qualified voters and such question is
41 approved by a majority of the qualified voters voting on the question.

42 4. The tax imposed under this section shall be known as the "Cemetery Maintenance
43 Tax". Each city, town, village, or county imposing a tax under this section shall establish

45 village, or county treasurer shall deposit the revenue derived from the tax imposed under this
46 section for cemetery purposes in the city, town, village, or county cemetery maintenance trust
47 fund. The proceeds of such tax shall be appropriated by the county commission or
48 appropriate administrative body, or the governing body of the city, town, or village
49 exclusively for the maintenance, upkeep, and preservation of cemeteries located within the
50 jurisdiction of such commission or body.

20 subdivision (2) of this subsection.

21

22 If in any tax year subsequent to the eligible taxpayer's initial credit year the eligible taxpayer's
23 real property tax liability is lower than such liability in the initial credit year, such tax year
24 shall be considered the eligible taxpayer's initial credit year for all subsequent tax years. This

25 provision shall not apply if an eligible taxpayer's real property tax liability is lower than such
26 liability in the taxpayer's initial credit year solely due to a reduction in a property tax levy
27 made pursuant to section 321.554.

28 2. (1) Any county authorized to impose a property tax ~~may~~ shall grant a property
29 tax credit to **all** eligible taxpayers residing in such county **for certain increases to such**

41 senior citizens' primary residence?

43 NO

44 If a majority of the votes cast on the proposal by the qualified voters voting thereon are in
45 favor of the proposal, then the credit shall be in effect.

48 subsequently adopted pursuant to paragraph (b) of subdivision (1) of this subsection.

50 **county and each political subdivision levying a real property tax on an eligible**
51 **taxpayer's homestead** shall apply **the county's or political subdivision's proportional**
52 **amount of** such credit when calculating the eligible taxpayer's property tax liability for the
53 tax year. The **total amount of the credit and the county's and each political subdivision's**
54 **proportional amount of the credit** shall be noted **in actual monetary value** on the
55 statement of tax due sent to the eligible taxpayer by the county collector. The county
56 governing body **or political subdivision's governing body** may adopt reasonable procedures
57 in order to carry out the purposes and intent of this section, provided that **neither** the county
58 **nor a political subdivision** shall ~~not~~ adopt any procedure that limits the definition or scope
59 of eligible credit amount or eligible taxpayer as defined in this section.

60 (2) If an eligible taxpayer makes new construction and improvements to such eligible
61 taxpayer's homestead, the real property tax liability for the taxpayer's initial credit year shall

62 be increased to reflect the real property tax liability attributable to such new construction and
63 improvements.

64 (3) If an eligible taxpayer's homestead is annexed into a taxing jurisdiction to which
65 such eligible taxpayer did not owe real property tax in the eligible taxpayer's initial credit
66 year, then the real property tax liability for the taxpayer's initial credit year shall be increased
67 to reflect the real property tax liability owed to the annexing taxing jurisdiction.

68 4. For the purposes of calculating property tax levies pursuant to section 137.073, the
69 total amount of credits authorized [by] in a county pursuant to this section shall be considered
70 tax revenue, as such term is defined in section 137.073, actually received **by the political**
71 **subdivision levying such tax.**

72 5. ~~[A county granting a tax credit pursuant to this section shall notify each political~~
73 ~~subdivision within such county of the total credit amount applicable to such political~~
74 ~~subdivision by no later than November thirtieth of each year]~~ For purposes of this section,

313 eligible credit amount.

314 3. (1) A county granting a credit pursuant to this section shall apply such credit when
315 calculating the eligible taxpayer's property tax liability for the tax year. The amount of the
316 credit shall be noted on the statement of tax due sent to the eligible taxpayer by the county

5 2. The ordinance shall provide the method by which the amount of property taxes
6 owed for the current tax year in which the payments are to be made shall be estimated. The
7 collector shall submit to the governing body the procedures by which taxes will be collected
8 pursuant to the ordinance or order. The estimate shall be based on the previous tax year's
9 liability. A taxpayer's payment schedule shall be based on the estimate divided by the number
10 of pay periods in which payments are to be made. The taxpayer shall at the end of the tax
11 year pay any amounts owed in excess of the estimate for such year. The county shall at the
12 end of the tax year refund to the taxpayer any amounts paid in excess of the property tax owed
13 for such year. No interest shall be paid by the county on excess amounts owed to the
14 taxpayer. Any refund paid the taxpayer pursuant to this subsection shall be an amount paid by
15 the county only once in a calendar year.

16 3. If a taxpayer fails to make an installment payment of a portion of the real or

20 first agree to provide the county collector with reasonable and necessary funds to implement
21 the ordinance or order.

3 (1) Provides for at least a minimum school term as provided in section 171.031.
4 When the aggregate hours lost in a term due to inclement weather decreases the total hours of
5 the school term below the required minimum number of hours by more than twelve hours for

7 minimum must be made up as provided in section 171.033;

18 attendance is substantially reduced for an extended period in any school year, the
19 apportionment of school funds and all other distribution of school moneys shall be made
20 on the basis of the school year next preceding the year in which such condition existed.

21 2. (1) For the 2006-07 school year and thereafter, no school district shall receive
22 more state aid, as calculated under subsections 1 and 2 of section 163.031, for its education
23 program, exclusive of categorical add-ons, than it received per weighted average daily
24 attendance for the school year 2005-06 from the foundation formula, line 14, gifted, remedial
25 reading, exceptional pupil aid, fair share, and free textbook payment amounts, unless it has an
26 operating levy for school purposes, as determined pursuant to section 163.011, of not less
27 than:

28 (a) **For school years ending on or before June 30, 2026**, two dollars and seventy-
29 five cents after all adjustments and reductions; and

30 (b) **For the 2026-27 school year and all subsequent school years, one dollar and
31 fifty cents after all adjustments and reductions.**

32 (2) Any district which is required, pursuant to Article X, Section 22 of the Missouri
33 Constitution, to reduce its operating levy below the minimum tax rate otherwise required
34 under this subsection shall not be construed to be in violation of this subsection for making
35 such tax rate reduction.

36 (3) Pursuant to Section 10(c) of Article X of the state constitution, a school district
37 may levy the operating levy for school purposes required by this subsection less all
38 adjustments required pursuant to Article X, Section 22 of the Missouri Constitution if such
39 rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year.

40 (4) Nothing in this section shall be construed to mean that a school district is
41 guaranteed to receive an amount not less than the amount the school district received per
42 eligible pupil for the school year 1990-91.

43 (5) The provisions of this subsection shall not apply to any school district located in a
44 county of the second classification which has a nuclear power plant located in such district or
45 to any school district located in a county of the third classification which has an electric
46 power generation unit with a rated generating capacity of more than one hundred fifty
47 megawatts which is owned or operated or both by a rural electric cooperative except that such
48 school districts may levy for current school purposes and capital projects an operating levy
49 not to exceed two dollars and seventy-five cents less all adjustments required pursuant to
50 Article X, Section 22 of the Missouri Constitution.

51 3. No school district shall receive more state aid, as calculated in section 163.031, for
52 its education program, exclusive of categorical add-ons, than it received per eligible pupil for
53 the school year 1993-94, if the state board of education determines that the district was not in

54 compliance in the preceding school year with the requirements of section 163.172, until such
55 time as the board determines that the district is again in compliance with the requirements of
56 section 163.172.

57 4. No school district shall receive state aid, pursuant to section 163.031, if such
58 district was not in compliance, during the preceding school year, with the requirement,
59 established pursuant to section 160.530 to allocate revenue to the professional development
60 committee of the district.

61 5. No school district shall receive more state aid, as calculated in subsections 1 and 2
62 of section 163.031, for its education program, exclusive of categorical add-ons, than it
63 received per weighted average daily attendance for the school year 2005-06 from the
64 foundation formula, line 14, gifted, remedial reading, exceptional pupil aid, fair share, and
65 free textbook payment amounts, if the district did not comply in the preceding school year
66 with the requirements of subsection 5 of section 163.031.

67 6. Any school district that levies an operating levy for school purposes that is less
68 than the performance levy, as such term is defined in section 163.011, shall provide written
69 notice to the department of elementary and secondary education asserting that the district is
70 providing an adequate education to the students of such district. If a school district asserts
71 that it is not providing an adequate education to its students, such inadequacy shall be deemed
72 to be a result of insufficient local effort. The provisions of this subsection shall not apply to
73 any special district established under sections 162.815 to 162.940.

182.015. 1. In addition to the provisions of section 182.010, the county commission
2 of any county of the state may establish by its order a county library district without a petition
3 or submission to the voters as provided in section 182.010, provided such district conforms
4 otherwise to the provisions of that section and does not include any part of a regional library
5 system established pursuant to other provisions of this chapter. In the event a district is so
6 established, the county commission shall propose an annual rate of taxation within the
7 limitations prescribed by section 182.010, which proposal shall be submitted to a vote of the
8 people in the same manner as though the district were formed under the provisions of that
9 section.

10 2. Where the county library district of any county is not operating a library within
11 such county, the county commission may divide the county library district into subdistricts.
12 In the event the subdistricts are established, the county commission shall propose an annual
13 rate of taxation, which proposal shall be submitted to a vote of the people residing in the
14 subdistrict in the same manner as provided for in section 182.010. If a majority of the votes
15 cast on the question are for the tax as submitted, the tax shall be levied and collected on
16 property within the subdistrict in the same manner as other county library taxes are levied and

17 collected pursuant to section 182.020. Such funds shall be used to provide library services in
18 the subdistrict of the county library district.

19 3. Where a tax has not been approved by the voters within a five-year period from the
20 establishment of a library district, such library district shall be dissolved.

21 4. (1) The boundaries of any subdistrict established under this section in any county
22 may be expanded as provided in this subsection. Whenever not less than ten percent of
23 registered voters residing in an area in such county adjacent to an existing subdistrict desire to
24 be annexed into the subdistrict, such registered voters shall file a petition with the governing
25 body of the county requesting, subject to the official approval of the existing county library
26 board, the expansion of the subdistrict. The petition shall contain the following information:

27 (a) The name and residence of each petitioner; and

28 (b) A specific description of the proposed subdistrict boundaries, including a map
29 illustrating the boundaries.

30 (2) Upon the filing of a petition under this subsection, subject to the official approval
31 of the existing county library board, the governing body of the county may, by resolution,
32 approve the expansion of the subdistrict. Any resolution to expand such subdistrict adopted
33 by the governing body of the county shall contain the following information:

34 (a) A description of the proposed boundaries of the subdistrict;

35 (b) The time and place of a hearing to be held to consider expansion of the subdistrict;

36 and

37 (c) The rate of tax to be imposed in the area of expansion and voted on within the
38 proposed subdistrict, if any.

39

40 Following the hearing required in this subsection, if the existing library board approves the
41 expansion, and if the governing body of the county determines that expansion is in the best
42 interest of the current subdistrict, then the governing body may, by order or ordinance,
43 provide for the expansion of the subdistrict and for any imposition of the existing subdistrict
44 tax rate within the area of expansion. The order or ordinance shall not become effective
45 unless the governing body of the county submits to the voters residing within the proposed
46 subdistrict, at a [state] general[, primary, or special] election, a proposal to authorize the
47 governing body of the county to expand the boundaries of the subdistrict and, if necessary, to
48 impose the existing subdistrict tax rate within the area of expansion. If a majority of the votes
49 cast on the question by the qualified voters voting thereon and residing in the existing
50 subdistrict and a majority of the votes cast on the question by the qualified voters voting
51 thereon and residing in the area proposed to be annexed into the subdistrict are in favor of the
52 question, then the expansion of the subdistrict and the imposition of the tax within the area of
53 expansion shall become effective on the first day of the second calendar quarter immediately

54 following the vote. If a majority of the votes cast on the question by the qualified voters
55 voting thereon in either the existing subdistrict or in the area proposed to be annexed into the
56 subdistrict are opposed to the question, then the expansion of the subdistrict and the
57 imposition of the tax shall not become effective unless and until the question is resubmitted
58 under this subsection to the qualified voters and such question is approved by the required
59 majorities of the qualified voters voting on the question under this subsection.

60 (3) The governing body of any county that has expanded subdistrict boundaries or
61 imposed a tax increase authorized in this subsection may submit the question of repeal of the
62 expansion of boundaries and the accompanying imposition of the tax in the area of expansion
63 to the voters of the subdistrict on ~~any date available for elections for the county~~ a **general**
64 **election day**. If a majority of the votes cast on the question by the qualified voters voting
65 thereon are in favor of repeal, that repeal shall become effective on December thirty-first of
66 the calendar year in which such repeal was approved. If a majority of the votes cast on the
67 question by the qualified voters voting thereon are opposed to the repeal, then the expansion
68 of boundaries and the imposition of the tax as authorized in this subsection shall remain
69 effective until the question is resubmitted under this subsection to the qualified voters and the
70 repeal is approved by a majority of the qualified voters voting on the question.

71 (4) Whenever the governing body of any county that has expanded subdistrict
72 boundaries or imposed a tax as authorized in this subsection receives a petition, signed by ten
73 percent of the registered voters of the library subdistrict, calling for an election to repeal the
74 expansion of boundaries and the accompanying imposition of the tax in the area of expansion
75 under this subsection, the governing body shall submit to the voters of the subdistrict **on a**
76 **general election day** a proposal to repeal the expansion and the accompanying imposition of
77 the tax. If a majority of the votes cast on the question by the qualified voters voting thereon
78 are in favor of the repeal, the repeal shall become effective on December thirty-first of the
79 calendar year in which such repeal was approved. If a majority of the votes cast on the
80 question by the qualified voters voting thereon are opposed to the repeal, then the expansion
81 of boundaries and the imposition of the tax as authorized in this subsection shall remain
82 effective until the question is resubmitted under this subsection to the qualified voters and the
83 repeal is approved by a majority of the qualified voters voting on the question.
