27 at least ~~[twenty-five]~~ **five hundred** megabits per-second download and ~~[three]~~ **five hundred**  
28 megabits per-second upload, but scalable to higher speeds, in the proposed project area, the  
29 department shall not fund the challenged project.

33 internet service in the unserved or underserved area, the department of economic  
34 development shall not consider another challenge from such broadband internet service
