68.010. 1. In every 5 constitutional charter city not within a county, a local "Port Authority" is created by sections 6 68.010, 68.015, 68.025, 68.040, 68.045, 68.060 and 68.070 and shall become a political 7 subdivision of this state September 28, 1975.

8 2. The highways and transportation commission of the state of Missouri is hereby 9 authorized to accept applications, conduct hearings, and approve or disapprove applications 10 for approval of local or regional port authorities as political subdivisions of this state, as 11 provided herein, but in determining the approval or disapproval of such applications, the 12 highways and transportation commission shall consider the following criteria:

- 13 (1) The population of any city and/or county submitting the application;  
14 (2) The desirability and economic feasibility of having more than a single port  
15 authority within the same geographic area;

EXPLANATION — Matter enclosed in bold-faced brackets **[thus]** in the above bill is not enacted and is intended to be omitted from the law. Matter in **bold-face** type in the above bill is proposed language.

16 (3) The technical and economic capability of participating cities and/or counties, as  
17 well as private interests, to plan and carry out port development within the proposed district;

18 (4) The amount of actual and potential river traffic that would make use of any  
19 facilities developed by a port authority;

20 (5) The potential economic impact on the immediate area from which the application  
21 originates; and

22 (6) The potential impact on the economic development of the entire state and how the  
23 proposed port authority's developmental activities relate to any state plans.

24

25 Provided, however, any such application shall be granted if it is made by a city or county of at  
26 least three hundred thousand population, having a common boundary with the state of  
27 Kansas, or by a group of cities or counties at least one of which meets the aforesaid criteria,  
28 and if no proposed boundary of the port authority described in such application overlaps the  
29 boundary of any then existing port authority.

30 3. No city shall create a port authority under sections 68.010, 68.015, 68.025, 68.040,  
31 68.045, 68.060 and 68.070 if said city is located within a county that has created a port  
32 authority which has received approval as a political subdivision of this state under sections  
33 68.010, 68.015, 68.025, 68.040, 68.045, 68.060 and 68.070; **provided, however, this**  
34 **subsection shall not be construed as invalidating any port authority created by a city**  
35 **and approved as a political subdivision prior to the creation of a port authority by a**  
36 **county.**

68.015. 1. (1) The legislative body, or county commission, of each county or city  
2 creating a port authority or any port authority created within said city pursuant to section

4 more port districts, subject to the limitation that any area designated as within a port district  
5 shall be or could be reasonably connected to the business of a port. The boundaries of any  
6 port district shall be filed with the clerk of the county commission, city clerk, or clerk of the  
7 legislative or governing body of the county as applicable and shall become effective upon  
8 approval of the transportation commission. The legislative body or county commission may  
9 from time to time enlarge or reduce the area comprising any port district. Any change of  
10 boundaries shall be submitted for approval to the highways and transportation commission  
11 and upon approval shall be filed with the appropriate clerk and thereupon become effective.

12 (2) **If a port authority whose port district includes a constitutional charter city**  
13 **located in four or more counties shall purchase or lease real property situated anywhere**  
14 **within such counties, such real property shall be deemed included within the port**  
15 **district and the port authority shall be empowered to exercise its powers under section**  
16 **68.025 with respect to such real property, and any personal property located thereon.**

17           2. The legislative body or county commission of any county or city authorized to

14 improvement district real property tax may be levied on any property, real or personal, which

60 (19) Accept gifts, grants, loans or contributions from the United States of America,

75 **and**

76 (25) **Establish port rangers as follows:**

77 (a) **A port authority may appoint and commission such port rangers as the port**

81 **any real property owned or leased by the port authority within the state;**

82 (b) **Such port rangers shall have satisfactorily completed a training course as**

93 **impairing such municipal police force in the performance of such police force's duties.**

94 2. In implementing its powers, the port authority shall have the power to enter into  
95 agreements with private operators or public entities for the joint development, redevelopment,  
96 and reclamation of property within a port district or for other uses to fulfill the purposes of the  
97 port authority.

68.040. 1. Every local and regional port authority, approved as a political subdivision  
2 of the state, may from time to time issue its negotiable revenue bonds or notes in such  
3 principal amounts as, in its opinion, shall be necessary to provide sufficient funds for  
4 achieving its purposes, including the construction of port facilities and the financing of port  
5 improvement projects; establish reserves to secure such bonds and notes; and make other  
6 expenditures, incident and necessary to carry out its purposes and powers.

7 2. (1) This state shall not be liable on any notes or bonds of any port authority.

8           (2) Any such notes or bonds shall not be a debt of the state and shall contain on the  
9 faces thereof a statement to such effect.

10           (3) **The failure to include such statement on the faces of such notes or bonds shall**  
11 **neither invalidate the notes or bonds nor render the state liable on such notes or bonds.**

12           3. No commissioner of any port authority or any authorized person executing port  
13 authority notes or bonds shall be liable personally on said notes or bonds or shall be subject to  
14 any personal liability or accountability by reason of the issuance thereof.

15           4. The notes and bonds of every port authority are securities in which all public  
16 officers and bodies of this state and all political subdivisions and municipalities, all insurance  
17 companies and associations, and other persons carrying on an insurance business, all banks,  
18 trust companies, saving associations, savings and loan associations, credit unions, investment  
19 companies, all administrators, guardians, executors, trustees, and other fiduciaries, and all

22 capital, in their control or belonging to them.

23           5. No port authority shall be required to pay any taxes or any assessments whatsoever  
24 to this state or to any political subdivisions, municipality, or other governmental agency of  
25 this state. The notes and bonds of every port authority and the income therefrom shall, at all

29 from taxation. A port authority issuing bonds under this chapter for incentivized development  
30 shall require the developer of any project which is to be leased to such developer, or any other  
31 party, to confer with the affected taxing authorities, and subsequently contractually require the  
32 payment of such sums as they may agree upon, or the port authority may elect to require such  
33 sums to be allocated among such taxing authorities on the same pro rata basis as are ad  
34 valorem property tax revenues.

35           6. Every port authority shall have the powers and be governed by the procedures now  
36 or hereafter conferred upon or applicable to the environmental improvement authority,  
37 chapter 260, relating to the manner of issuance of revenue bonds and notes, and the port  
38 authority shall exercise all such powers and adhere to all such procedures insofar as they are  
39 consistent with the necessary and proper undertaking of its purposes.

68.045. 1. Every local port authority shall be administered by a board of port  
2 authority commissioners which shall consist of at least seven members; provided, however,  
3 that the number of members of one political party shall not exceed the number of members of  
4 the other party by more than one.

5           2. Newly created port authorities as well as those presently constituted shall structure  
6 the terms of those commissioners so that no more than three members' terms shall expire in  
7 any one year. **Each member shall continue to serve until a successor has been appointed**  
8 **as provided in this section.**

9           3. **In the event the county or city creating the port authority operates under a**  
10 **charter form of government, the method of appointment and the qualifications, salaries,**  
11 **powers, and duties of the appointees shall be as provided by such charter. In all other**  
12 **cases, or if the charter is silent as to such matters,** the legislative body or county  
13 commission of the county or city creating the port authority or in the case of a port authority  
14 created in this act in a constitutional charter city not within a county, the legislative body of  
15 that constitutional charter city shall determine the method of appointment, and subject to the  
16 limitations expressed in ~~[the first sentence]~~ **subsection 1** of this section, shall determine their  
17 qualifications, salaries, powers and duties consistent with the provisions of this chapter. **If**  
18 **the legislative body or county commission, as applicable, fails to determine such**  
19 **qualifications, salaries, powers, and duties prior to appointment, the board of port**  
20 **authority commissioners may elect to do so under the port authority's bylaws, consistent**  
21 **with the provisions of this chapter.**

22           4. **A member of a board of port authority commissioners shall be removed from**  
23 **office in such manner as is provided for the appointment of members as provided in**  
24 **subsections 2 and 3 of this section for malfeasance, willful neglect of duty, or other cause**  
25 **after notice and public hearing, unless such member expressly waives such notice or**  
26 **hearing in writing. Removal for any other reason and the process to be undertaken in**  
27 **effecting such removal shall be reserved to the board of port authority commissioners**  
28 **and exercised as prescribed by the bylaws.**

29           5. The legislative body or county commission shall also provide for the filing of  
30 annual reports by the board of port authority commissioners and for periodic independent  
31 audits of the accounts of the port authority.

68.055. 1. Every port authority shall let contracts for all work to be done and for  
2 equipment, supplies or materials to be purchased. Excepting as otherwise provided herein,  
3 such contracts shall be given to the ~~[lowest responsible bidder therefor, upon not less than~~  
4 ~~twenty days' notice of the letting, given by publication in a newspaper of general circulation~~  
5 ~~in the city or county creating the port authority; and in the discretion of the commissioners, in~~  
6 ~~one or more newspapers of general circulation among contractors. The port authority shall~~  
7 ~~have the power and authority to reject any and all bids and to readvertise the work or~~  
8 ~~proposed purchase] bidder or proposer whose bid or proposal, when evaluated alongside~~  
9 **factors such as ability to perform, timeliness, character and reputation, quality of past**  
10 **performance, compliance with applicable laws, quality and availability, and ability to**

11 **provide future maintenance and services where applicable, is determined to be lowest**  
12 **and best.**

13 **(1) Every port authority shall be authorized to use such additional procurement**  
14 **methods authorized by any provision of state law with respect to political subdivisions**  
15 **or not otherwise precluded by any provision of state law with respect to political**  
16 **subdivisions, provided such nonprecluded methods are structured and implemented in a**  
17 **manner as to ensure an open, transparent, competitive, and fair process.**

18 **(2) Notwithstanding the provisions of subdivision (1) of this subsection to the**  
19 **contrary, nothing in this section shall be construed to authorize a port authority to use**  
20 **anything other than a qualifications-based procurement method with respect to**  
21 **professional architecture or engineering services in connection with the design,**  
22 **construction, alteration, addition, remodel, or improvement of any public facility.**

23 2. Notwithstanding the provisions of subsection 1 of this section, every port authority  
24 may let contracts in a manner consistent with the procedures set forth in 24 CFR Section  
25 85.36, "Uniform Administrative Requirements for Grants and Cooperative Agreements to  
26 State and Local Government", as may be revised from time to time, regardless of the source  
27 of funds for the procurement, except that if a funding source mandates specific procedures for  
28 letting contracts as a condition to receipt of funds which are inconsistent with the procedures  
29 authorized in this section for letting contracts, a port authority may use such procedures  
30 required by the funding source.

31 3. Notwithstanding the provisions of subsection 2 of this section, the dollar limit of  
32 procurements which may, pursuant to subsection 2 of this section, be accomplished using  
33 "small purchase procedures", shall, for the purposes of procurements to be paid for with funds  
34 other than federal funds, adjust annually based on the rate of inflation according to the  
35 Consumer Price Index, commencing in 1995.

68.057. 1. Any expenditure made by a port authority [~~as defined in section 68.205;~~]  
2 that is over [~~twenty-five~~] **seventy-five** thousand dollars, including professional service  
3 contracts, shall be competitively [~~bid~~] **procured. Contracts shall be awarded upon not less**  
4 **than twenty days' notice of the letting, given by publication in a newspaper of general**  
5 **circulation in the city or county creating the port authority and, in the discretion of the**  
6 **commissioners, in one or more newspapers of general circulation among contractors. In**  
7 **the event no newspaper of general circulation exists in the city or county creating the**  
8 **port authority, the notice required in this subsection shall be given by publication in a**  
9 **newspaper of general circulation in an adjoining city or county or in such city or county**  
10 **having a newspaper of general circulation as is geographically closest to the port**  
11 **authority.**

12           **2. The port authority shall have the power and authority to reject any and all**  
13 **bids or proposals and to readvertise the work or proposed purchase.**

68.060. 1. Any combination of cities and counties **that do not have local port**  
2 **authorities approved by the highways and transportation commission of the state of**  
3 **Missouri as of the effective date of this act but that are** individually eligible to form local  
4 port authorities, and cities and counties with existing local port authorities, are authorized to  
5 directly apply to the highways and transportation commission of the state for approval of a  
6 regional port authority as a political subdivision of the state.

7           2. The legislative bodies or county commissions of cities or counties [~~desiring to form~~  
8 ~~a regional port authority~~], **or such other persons as may be designated by charter for those**  
9 **cities or counties operating under a charter form of government, as applicable, in**  
10 **consultation with the boards of any existing local port authorities to be included within**  
11 **the regional port authority**, are hereby authorized to enter into contractual agreements with  
12 each other for the purpose of creating within each jurisdiction regional port districts  
13 administered by the regional port authority. All terms and provisions of said contractual  
14 agreements shall be consistent with the provisions of this chapter. The contractual agreement  
15 shall be filed in the office of county clerk, city clerk or clerk of the county council of each  
16 party to the agreement.

17           3. The boundaries of any regional port district, and the number, method of  
18 appointment, terms, qualifications, salaries, powers and duties of a regional board of  
19 commissioners shall be fixed by the contractual agreement; provided, however, that any  
20 contractual agreement shall not become effective until it has been submitted to and approved  
21 by all of the legislative bodies or county commissions entering into said contractual  
22 agreement, **or such other persons as may be designated by charter for those cities or**  
23 **counties operating under a charter form of government, as applicable.**

24           4. The port districts to be included within the regional port authority need not be  
25 contiguous, adjacent, or abutting.

26           5. Any local port authority is authorized to contract with an existing regional port  
27 authority for inclusion in the regional port authority. The contractual agreement shall be  
28 formulated by the terms and procedures expressed in subsections 2 and 3 of this section.  
29 Approval of the highways and transportation commission shall be required to make the  
30 annexation effective.

31           6. Any local port authority established by a city or county, that subsequently enters  
32 into a contractual agreement and is approved as part of a regional port authority, is dissolved  
33 as of the date that the annexation is approved by the highways and transportation commission  
34 of the state. On said date, all funds and other assets of the local port authority shall be

35 transferred to the regional port authority. The regional port authority shall faithfully perform  
36 all existing contracts and assume all legal obligations of the local port authority.

68.075. 1. This section shall be known and may be cited as the "Advanced Industrial  
2 Manufacturing Zones Act".

3 2. As used in this section, the following terms shall mean:

4 (1) "AIM zone", an area identified through a resolution passed by the port authority  
5 board of commissioners appointed under section 68.045 that is being developed or  
6 redeveloped for any purpose so long as any infrastructure and building built or improved is in  
7 the development area. The port authority board of commissioners shall file an annual report  
8 indicating the established AIM zones with the department of revenue;

9 (2) "County average wage", the average wage in each county as determined by the  
10 Missouri department of economic development for the most recently completed full calendar  
11 year. However, if the computed county average wage is above the statewide average wage,  
12 the statewide average wage shall be deemed the county average wage for such county for the  
13 purpose of determining eligibility;

14 (3) "New job", the number of full-time employees located at the project facility that  
15 exceeds the project facility base employment less any decrease in the number of full-time  
16 employees at related facilities below the related facility base employment. No job that was  
17 created prior to the date of the notice of intent shall be deemed a new job, **except that any**  
18 **job determined by the Missouri department of economic development to be eligible for**  
19 **and that is approved by the Missouri department of economic development for retention**  
20 **of withholding tax under the Missouri works program established in sections 620.2000**  
21 **to 620.2020 shall be deemed a new job for purposes of this section, provided that the**  
22 **period of benefits under this section immediately follows the end of the period of**  
23 **benefits under the Missouri works program.** An employee that spends less than fifty  
24 percent of the employee's work time at the facility is still considered to be located at a facility  
25 if the employee receives his or her directions and control from that facility, is on the facility's  
26 payroll, one hundred percent of the employee's income from such employment is Missouri  
27 income, and the employee is paid at or above the county average wage;

28 (4) "Related facility", a facility operated by a company or a related company prior to  
29 the establishment of the AIM zone in question located within any port district, as defined  
30 under section 68.015, which is directly related to the operations of the facility within the new  
31 AIM zone.

32 3. Any port authority located in this state may establish an AIM zone. Such zone may
